June 30th, 2021

Dear Community,

Wright County Community Action (WCCA) is committed to understanding the intricate details of our community. One way to do this is to strategically complete a full assessment every three-to-five years with a specific focus on the conditions of poverty in Wright County and the 18 western Hennepin communities we serve. We do this by surveying participants in our programs, the community at large, reviewing statistical data, and hosting conversations that allow us to inspect issues from every angle. However, we understand that a community can change dramatically in the meantime. For this reason, we commit to making annual updates to our assessment data. While we usually will not conduct a community-wide survey, or hold in-depth conversations, we will update the statistical information and report any significant shifts that have happened throughout the community. This letter is to inform you briefly on some of the trends we identified during the 2021 Community Assessment Update.

Declining Poverty Rate: The Wright County Poverty Rate is continuing to decline and now sits at 5.2%. However, it's important to note that over 7,000 individuals are still living in poverty. The percentage is only dropping due the high population growth that is experienced throughout the county. 44,452 individuals have moved to the county in the last 20 years.

Poverty vs. Low-Income: The Federal Poverty Guidelines state that those who live under 100% of the guideline are living in poverty, meanwhile those between 100% and 200% are considered low-income. This year's assessment shows that there are 18,781 low-income individuals in Wright County.

City Specific Poverty: We would also like to call your attention to page 62 of this report to review the city specific poverty rates. Geographical poverty is still relevant throughout our community.

Vulnerable Populations – Young Children: Again, the 2021 Assessment show a significant decline in children under the age of 5 who are living in poverty. This hard to count population brings unique challenges to being counted. We encourage you to review the 2019 Assessment Update to read about how the American Community Survey data doesn't reflect our boots on the ground experience.

Vulnerable Populations – Aging Adults: The number of seniors in poverty is one of the very few areas that grew (negatively) from our 2019 to 2021 assessment from 6.6% to 7.0% respectively. Nearly 70% of these seniors in poverty are women.

Third Grade Reading Scores – Due to COVID-19, the 2019-2020 MCA tests were not administered and data is not yet available from the 2020-2021 school year.

Thank you for taking the time to read our 2021 Assessment Update. We hope this information can help you identify goals for our community and inspire you to take action to fight poverty.

Sincerely,

Rebecca Rydbom
Head Start Program Director

Amy Kortisses
Planning & Advancement Manager

Population Age 65+

Of the estimated 134,438 total population in the report area, an estimated 16,361 persons are adults aged 65 and older, representing 12.17% of the population. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates. The number of older adults in the report area is relevant because this population has unique needs which should be considered separately from other age groups.

Life Expectancy by Census Tract

This indicator reports the average life expectancy at birth. Life expectancy measures the average number of years from birth a person can expect to live, according to the current mortality experience (age-specific death rates) of the population. Life expectancy takes into account the number of deaths in a given time period and the average number of people at risk of dying during that period, allowing us to compare data across census tracts with different population sizes.

Within the report area, the average life expectancy at birth is 81.36 of the total population.

Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.

Report Area	Total Population (2010-2015)	Life Expectancy at Birth (2010-15)
Wright County, MN	128,691	81.36

Life Expectancy (2010-2015) - Geographic Disparity

The tables and charts below display summary measures describing the distribution of life expectancy values within the report area, including the range (maximum - minimum) and variance. Variance measures include the standard and weighted variance. Weighted variance takes into consideration the population of the neighborhoods/census tracts in determining the spread or values.

Report Area	Minimum	1st Quartile	Median	3rd Quartile	Maximum
Wright County, MN	77.70	78.70	81.00	82.80	85.70

Report Area	Range (Maximum - Minimum) in Life Expectancy	Variance in Life Expectancy	Weighted Variance in Life Expectancy
Wright County, MN	8.0	5.9	5.4

Period Life Table (2010-2015)

This table displays the probability of dying between the ages referenced in each category (among the population living to the first age in the reference category). For example, the data in column **Ages 1-4** expresses the probability of dying between one and four years of age. Data values are expressed as a percentage.

Report Area	Under Age 1	Ages 1-4	Ages 5-14	Ages 15-24	Ages 25-34	Ages 35-44	Ages 45-54	Ages 55-64	Ages 65-74	Ages 75-84

Education

Educational Attainment

Educational Attainment shows the distribution of the highest level of education achieved in the report area, and helps schools and businesses to understand the needs of adults, whether it be workforce training or the ability to develop science, technology, engineering, and mathematics opportunities. Educational attainment is calculated for persons over 25, and is an estimated average for the period from 2014 to 2019.

For the selected area, 20.7% have at least a college bachelor's degree, while 29.4% stopped their formal educational attainment after high school.

Report Area	No High School Diploma	High School Only	Some College	Associates Degree	Bachelors Degree	Graduate or Professional Degree
Wright County, MN	5.09%	29.4%	22.5%	13.5%	20.7%	8.9%
Minnesota	6.86%	24.7%	21.0%	11.5%	23.7%	12.4%

Evictions

This indicator reports information about formal evictions based on court records from 48 states and the District of Columbia, compiled by the Eviction Lab. The number evictions and eviction filings within the report area is shown in below. The “filing rate” is the ratio of the number of evictions filed in an area over the number of renter-occupied homes in that area. An “eviction rate” is the subset of those homes that received an eviction judgment in which renters were ordered to leave. For the year 2016, the Eviction Lab reports that, of 8,187 homes in the report area, there were 156 eviction filings, for an eviction filing rate of 1.91%. 45 of the eviction filings ended in an eviction, for an eviction rate of 0.55%.

Note: Not all counties have data that has been provided. Indicator data do not include information about "informal evictions", or those that happen outside of the courtroom.

Report Area	Renter Occupied Households	Eviction Filings	Evictions	Eviction Filing Rate	Eviction Rate
Wright County, MN	8,187	156	45	1.91%	0.55%
Minnesota	588,037	13,622	3,480	2.32%	0.59%

Jobs and Earnings by Sector

The number of jobs and total wage and salary earnings from employment in the report area are broken down by economic sector in the table below. These figures include both private and government employment. The sectors listed below represent private employment except for the last table which includes all the earnings from jobs with local, state and federal government. A negative number means that overall business in that sector lost money for the year in the report area.

Notes:

(D) - Not shown to avoid disclosure of confidential information, but the estimates for this item are included in the totals

(L) - Less than \$50,000, but the estimates for this item are included in the totals

(no data) - Data not available for this year.

Nutrition

Free and Reduced Lunch Program

Free or reduced price lunches are served to qualifying students in families with income between under 185 percent (reduced price) or under 130% (free lunch) of the US federal poverty threshold as part of the federal National School Lunch Program (NSLP).

Out of 28,001 total public school students in the report area, 5,308 were eligible for the free or reduced price lunch program in the latest report year. This represents 19.0% of public school students, which is lower than the state average of 36.3%.

Report Area	Total Students	Students Eligible for Free or Reduced Price Lunch	Students Eligible for Free or Reduced Price Lunch, Percent
Wright County, MN	28,001	5,308	19.0%
Minnesota	889,294	323,132	36.3%
United States	50,744,629	25,124,175	49.5%

Food Insecure Population, Percent by County, Feeding America 2017

Food Insecurity - Food Insecure Children

This indicator reports the estimated percentage of the population under age 18 that experienced food insecurity at some point during the report year. Food insecurity is the household-level economic and social condition of limited or uncertain access to adequate food.

Report Area	Population Under Age 18	Food Insecure Children, Total	Child Food Insecurity Rate
Wright County, MN	37,615	4,100	10.90%
Minnesota	376,744	70,211	18.60%
United States	73,641,039	13,411,620	18.21%

Food Insecurity - Food Insecure Population Ineligible for Assistance

This indicator reports the estimated percentage of the total population and the population under age 18 that experienced

food insecurity at some point during the report year, but are ineligible for State or Federal nutrition assistance. Food insecurity is the household-level economic and social condition of limited or uncertain access to adequate food. Assistance eligibility is determined based on household income of the food insecure households relative to the maximum income-to-poverty ratio for assistance programs (SNAP, WIC, school meals, CSFP and TEFAP).

Report Area	Food Insecure Population	Food Insecure Population Ineligible for Assistance, Percent	Food Insecure Children	Food Insecure Children Ineligible for Assistance, Percent
Wright County, MN	8,540	46.00%	4,100	49.00%
Minnesota	504,760	40.00%	163,310	33.00%
United States	41,133,950	33.00%	13,411,620	35.00%

Low Income and Low Food Access

This indicator reports the percentage of the low income population with low food access. Low food access is defined as living more than ½ mile from the nearest supermarket, supercenter, or large grocery store. Data are from the 2017 report, [Low-Income and Low-Supermarket-Access Census Tracts, 2010-2015](#). This indicator is relevant because it highlights populations and geographies facing food insecurity.

Report Area	Total Population	Low Income Population	Low Income Population with Low Food Access	Percent Low Income Population with Low Food Access
Wright County, MN	124,700	23,264	3,735	16.05%
Minnesota	5,303,925	1,451,477	328,280	22.62%

SNAP Authorized Food Stores

This indicator reports the number of SNAP-authorized food stores as a rate per 10,000 population. SNAP-authorized stores include grocery stores as well as supercenters, specialty food stores, and convenience stores that are authorized to accept SNAP (Supplemental Nutrition Assistance Program) benefits. The report area contains 65 total SNAP-Authorized Retailers with a rate of 5.21.

Report Area	Total Population (2010)	Total SNAP-Authorized Retailers	SNAP-Authorized Retailers, Rate per 10,000 Population
Wright County, MN	124,700	65	5.21

Persons Receiving Medicare

The total number of persons receiving Medicare is shown, broken down by number over 65 and number of disabled persons receiving Medicare for the report area. The U.S. Department of Health and Human Services reported that a total of 20,336 persons were receiving Medicare benefits in the report area in 2019. A large number of individuals in our society are aware that persons over 65 years of age receive Medicare; however, many of them are unaware that disabled persons also receive Medicare benefits. A total of 2,344 disabled persons in the report area received Medicare benefits in 2019.

Report Area	Persons Over 65 Receiving Medicare	Disabled Persons Receiving Medicare	Total Persons Receiving Medicare
Wright County, MN	17,992	2,344	20,336
Minnesota	1,801,657	241,775	2,043,432

Deaths of Despair

This indicator reports the rate of death due to intentional self-harm (suicide), alcohol-related disease, and drug overdoses per 100,000 population. Figures are reported as rates age-adjusted to year 2000 standard. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because suicide is an indicator of poor mental health.

Report Area	Total Population	Avg. Annual Deaths, 2011-2017	Mortality Rate, 2001-2007	Mortality Rate, 2011-2017

Poverty Rate By City

The graph above outlines the poverty rates by city throughout Wright County. The blue labels show the ACS 2019 poverty rate, and yellow labels indicate the ACS 2016 poverty rate. Over the last four years, Montrose has maintained the highest poverty rate throughout the county which also exceeds the state-wide poverty rate of 8.9%.

When looking at these numbers it's important to recognize that our rural communities have higher rates of poverty when compared to the eastern edge communities of Albertville and Saint Michael. These two communities represent a large section of our total county population which adjust the overall poverty rates down to low rate of 5.2%.
