

# Community Action Partnership Report

## Location

Wright County, MN

## Population Profile

### Total Population

A total of 142,543 people live in the 661.16 square mile report area defined for this assessment according to the U.S. Census Bureau American Community Survey 2018-22 5-year estimates. The population density for this area, estimated at 216 persons per square mile, is greater than the national average population density of 94 persons per square mile.

Report Area	Total Population	Total Land Area (Square Miles)	Population Density (Per Square Mile)
Wright County, MN	142,543	661.16	216
Minnesota	5,695,292	79,631.58	72
United States	331,097,593	3,533,269.34	94

Data Source: US Census Bureau, American Community Survey, 2018-22.

Population, Density (Persons per Sq Mile) by Tract, ACS 2018-22

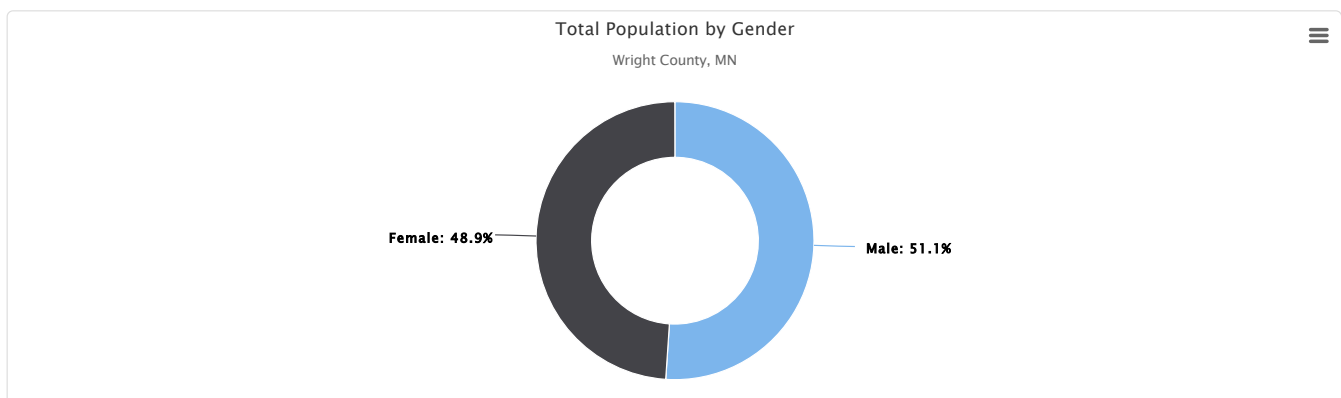

### Total Population by Gender

This indicator reports the total population of the report area by gender.

The percentage values could be interpreted as, for example, "Among the total report area population, the percentage of population that is male is (value)."

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	72,791	69,752	51.07%	48.93%
Minnesota	2,857,964	2,837,328	50.18%	49.82%
United States	164,200,298	166,897,295	49.59%	50.41%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Total Population by Age Groups, Total

This indicator reports the total population of the report area by age groups.

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Wright County, MN	9,495	29,658	10,589	16,901	20,535	19,041	17,774	18,550
Minnesota	340,546	966,538	513,816	751,997	751,128	675,835	756,036	939,396
United States	19,004,925	54,208,780	31,282,896	45,388,153	42,810,359	41,087,357	42,577,475	54,737,648

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Total Population by Age Groups, Percent

This indicator reports the percentage of age groups in the population of the report area.

The percentage values could be interpreted as, for example, "Of the total population in the report area, the percentage of population age 0-4 is (value)."

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Wright County, MN	6.66%	20.81%	7.43%	11.86%	14.41%	13.36%	12.47%	13.01%
Minnesota	5.98%	16.97%	9.02%	13.20%	13.19%	11.87%	13.27%	16.49%
United States	5.74%	16.37%	9.45%	13.71%	12.93%	12.41%	12.86%	16.53%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Total Population by Race Alone, Total

This indicator reports the total population of the report area by race alone.

Report Area	White	Black	Asian	American Indian / Alaska Native	Native Hawaiian / Pacific Islander	Some Other Race	Multiple Races
Wright County, MN	129,698	2,033	1,929	380	7	2,226	6,270
Minnesota	4,537,219	382,082	286,146	51,434	2,324	133,098	302,989
United States	218,123,424	41,288,572	19,112,979	2,786,431	624,863	20,018,544	29,142,780

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Race Alone, Percent

This indicator reports the percentage of population by race alone in the report area. The percentage values could be interpreted as, for example, "Of all the population in the report area, the percentage of population who are white is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Wright County, MN	90.99%	1.43%	1.35%	0.27%	0.00%	1.56%	4.40%
Minnesota	79.67%	6.71%	5.02%	0.90%	0.04%	2.34%	5.32%
United States	65.88%	12.47%	5.77%	0.84%	0.19%	6.05%	8.80%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Race Alone or in Combination with One or More Other Races, Total

This indicator reports the total population of the report area by race alone or in combination with one or more other races.

Report Area	White	Black	Asian	American Indian / Alaska Native	Native Hawaiian / Pacific Islander	Some Other Race
Wright County, MN	135,873	4,240	3,012	1,265	78	4,687
Minnesota	4,821,200	482,465	346,142	119,823	8,775	244,221
United States	244,954,342	47,498,346	23,330,887	6,749,000	1,513,124	38,354,036

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Total Population by Race Alone or in Combination with One or More Other Races, Percent of Total Population

This indicator reports the percentage of population by race alone or in combination with one or more other races in the report area. The percentage values could be interpreted as, for example, "Of all the population in the report area, the percentage of population who are white alone or in combination with one or more other races is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race
Wright County, MN	95.32%	2.97%	2.11%	0.89%	0.05%	3.29%
Minnesota	84.65%	8.47%	6.08%	2.10%	0.15%	4.29%
United States	73.98%	14.35%	7.05%	2.04%	0.46%	11.58%

Data Source: US Census Bureau, American Community Survey, 2018-22.

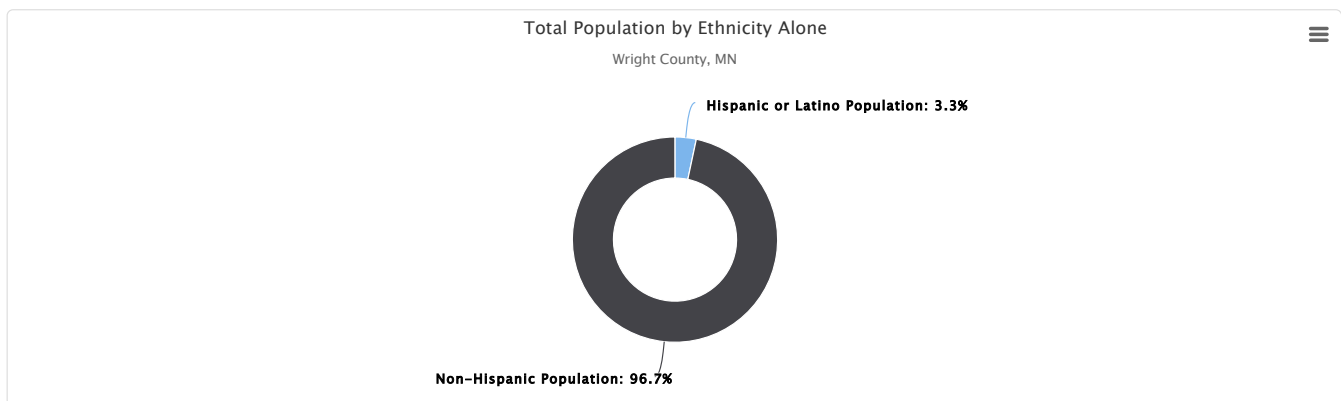

## Total Population by Ethnicity Alone

This indicator reports the total population of the report area by ethnicity alone.

Report Area	Total Population	Hispanic or Latino Population	Hispanic or Latino Population, Percent	Non-Hispanic Population	Non-Hispanic Population, Percent
Wright County, MN	142,543	4,761	3.34%	137,782	96.66%
Minnesota	5,695,292	327,049	5.74%	5,368,243	94.26%
United States	331,097,593	61,755,866	18.65%	269,341,727	81.35%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Hispanic Population by Race Alone, Total

This indicator reports the total of Hispanic or Latino population in the report area by race alone.

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Wright County, MN	1,569	23	27	176	0	1,627	1,339
Minnesota	113,777	4,909	1,762	7,557	357	111,090	87,597
United States	23,236,960	1,142,180	239,537	960,145	63,302	18,600,063	17,513,679

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Hispanic Population by Race Alone, Percent of Hispanic Population

This indicator reports the percentage of Hispanic or Latino population in the report area by race alone.

The percentage values could be interpreted as, for example, "Of all the Hispanic population in the report area, the percentage of population who are white is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Wright County, MN	32.96%	0.48%	0.57%	3.70%	0.00%	34.17%	28.12%
Minnesota	34.79%	1.50%	0.54%	2.31%	0.11%	33.97%	26.78%
United States	37.63%	1.85%	0.39%	1.55%	0.10%	30.12%	28.36%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Non-Hispanic Population by Race Alone, Total

This indicator reports the total non-Hispanic population in the report area by race alone.

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Wright County, MN	128,129	2,010	1,902	204	7	599	4,931
Minnesota	4,423,442	377,173	284,384	43,877	1,967	22,008	215,392
United States	194,886,464	40,146,392	18,873,442	1,826,286	561,561	1,418,481	11,629,101

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Non-Hispanic Population by Race Alone, Percent of Non-Hispanic Population

This indicator reports the percentage of the non-Hispanic population in the report area by race alone. The percentage values could be interpreted as, for example, "Of all the non-Hispanic population in the report area, the percentage of population who are white is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Wright County, MN	92.99%	1.46%	1.38%	0.15%	0.01%	0.43%	3.58%
Minnesota	82.40%	7.03%	5.30%	0.82%	0.04%	0.41%	4.01%
United States	72.36%	14.91%	7.01%	0.68%	0.21%	0.53%	4.32%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Combined Race and Ethnicity

This indicator reports the percentage of the total population in the report area by combined race and ethnicity. The percentage values could be interpreted as, for example, "Of all the population in the report area, the percentage of population who are non-Hispanic white is (value)."

Note: Some of the combined race/ethnicity groups use acronyms for their names in the following table and chart. The full forms are as followed:

- Non-Hispanic NAAN = Non-Hispanic Native American or Alaska Native
- Non-Hispanic NPI = Non-Hispanic Native Hawaiian or Pacific Islander

- *Non-Hispanic Other = Non-Hispanic Some Other Race*

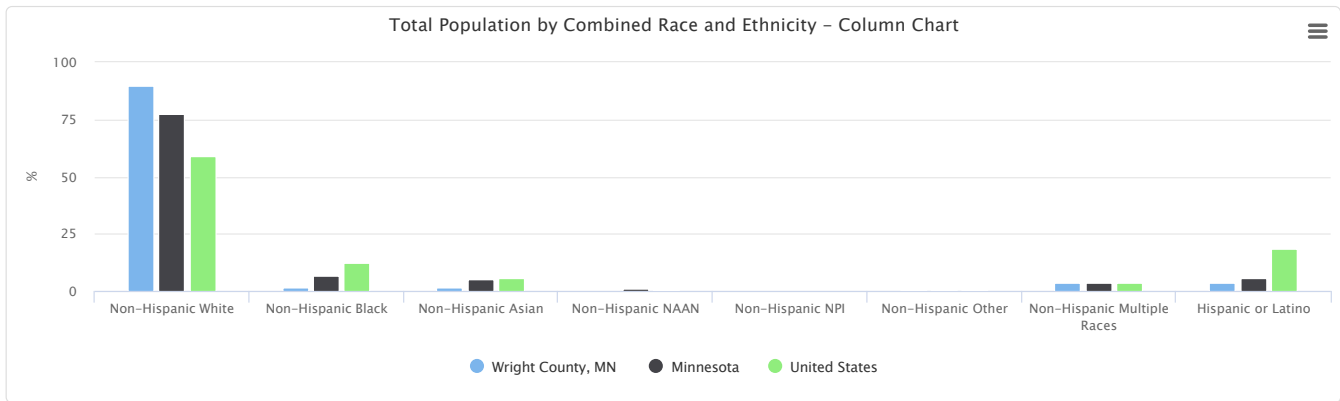

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic Asian	Non-Hispanic NAAN	Non-Hispanic NPI	Non-Hispanic Other	Non-Hispanic Multiple Races	Hispanic or Latino
Wright County, MN	89.89%	1.41%	1.33%	0.14%	0.00%	0.42%	3.46%	3.34%
Minnesota	77.67%	6.62%	4.99%	0.77%	0.03%	0.39%	3.78%	5.74%
United States	58.86%	12.13%	5.70%	0.55%	0.17%	0.43%	3.51%	18.65%

Data Source: US Census Bureau, *American Community Survey*, 2018-22.

### Total Population by Combined Race and Ethnicity - Column Chart

The chart below represents combined race and ethnicity data in a column chart. This chart enables comparison between the report area and state and/or national averages.

### Total Population Change, 2010-2020

According to the United States Census Bureau Decennial Census, between 2010 and 2020 the population in the report area grew by 16,636 persons, a change of 13.34%. A significant positive or negative shift in total population over time impacts healthcare providers and the utilization of community resources.

Report Area	Total Population, 2010 Census	Total Population, 2020 Census	Population Change, 2010-2020	Population Change, 2010-2020, Percent
Wright County, MN	124,701	141,337	16,636	13.34%
Minnesota	5,303,907	5,706,494	402,587	7.59%
United States	312,471,161	334,735,155	22,263,994	7.13%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, *Decennial Census*, 2020.

[View larger map](#)

**Population Change, Percent by Tract, US Census Bureau 2010 - 2020**

**Population Change (2010-2020) by Hispanic Origin**

This indicator reports the Hispanic or Latino population change in the report area.

The percentage values could be interpreted as, for example, "Of all the Hispanic population within the report area, there is a population change of (value) during the report time period."

Report Area	Hispanic Population Change, Total	Hispanic Population Change, Percent	Non-Hispanic Population Change, Total	Non-Hispanic Population Change, Percent
Wright County, MN	1,645	53.90%	14,991	12.32%
Minnesota	95,381	38.11%	307,207	6.08%
United States	11,163,011	20.61%	11,100,922	4.30%

Data Source: US Census Bureau, Decennial Census, 2020.

**Total Population Change (2010-2020) by Race**

This indicator reports the total population change of the report area by combined race and ethnicity.

Note: Some of the combined race/ethnicity groups use acronyms for their names in the following table. The full forms are as followed:

- Non-Hispanic AIAN = Non-Hispanic American Indian or Alaska Native
- Non-Hispanic NPI = Non-Hispanic Native Hawaiian or Pacific Islander
- Non-Hispanic Other = Non-Hispanic Some Other Race

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic AIAN	Non-Hispanic Asian	Non-Hispanic NPI	Non-Hispanic Other	Non-Hispanic Multiple Race	Hispanic/Latino
Wright County, MN	9,244	1,319	-66	418	-7	431	3,652	1,645
Minnesota	-51,246	123,711	1,624	84,463	761	15,016	132,876	95,381
United States	-5,122,185	2,254,139	4,595	5,153,427	140,453	1,087,053	7,583,494	11,163,011

Data Source: US Census Bureau, Decennial Census, 2020.

**Percent Population Change (2010-2020) by Race**

This indicator reports the total population change of the report area by combined race and ethnicity. The percentage values could be interpreted as, for example, "Of all the non-Hispanic white population within the report area, there is a population change of (value) during the report time period."

Note: Some of the combined race/ethnicity groups use acronyms for their names in the following table and chart. The full forms are as followed:

- Non-Hispanic AIAN = Non-Hispanic American Indian or Alaska Native
- Non-Hispanic NPI = Non-Hispanic Native Hawaiian or Pacific Islander
- Non-Hispanic Other = Non-Hispanic Some Other Race

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic AIAN	Non-Hispanic Asian	Non-Hispanic NPI	Non-Hispanic Other	Non-Hispanic Multiple Race	Hispanic/Latino
Wright County, MN	7.92%	102.57%	-16.62%	28.65%	-16.67%	559.74%	228.11%	53.90%
Minnesota	-1.16%	45.97%	2.93%	39.65%	40.91%	252.50%	128.81%	38.11%
United States	-2.60%	5.98%	0.20%	35.62%	29.16%	179.59%	127.07%	20.61%

Data Source: US Census Bureau, Decennial Census, 2020.

## Median Age

Of the estimated 142,543 total population in the report area, the median age of all persons is 37.4. This indicates that the report population as a whole generally trends younger than the state, which has a median age of 38.5. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates.

Report Area	Total Population	Median Age
Wright County, MN	142,543	37.4
Minnesota	5,695,292	38.5
United States	331,097,593	38.5

Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

### Median Age by Tract, ACS 2018-22

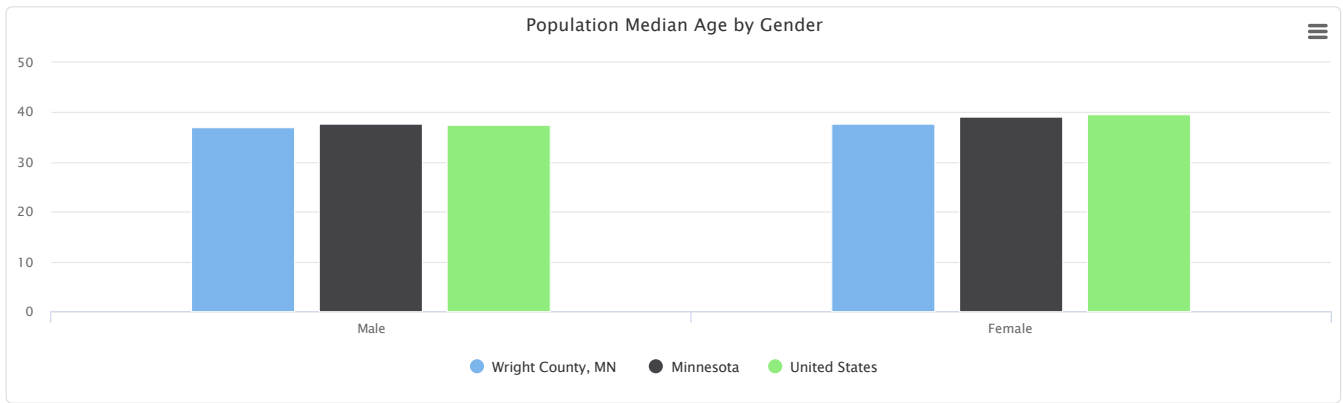

## Population Median Age by Gender

This indicator reports the median age of the population by gender.

Report Area	Male	Female
Wright County, MN	37.0	37.8
Minnesota	37.7	39.2
United States	37.4	39.7

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population Median Age by Race Alone

This indicator reports the median age of the population by race alone.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	38.6	36.5	27.8	33.6	No data	28.9	16.4
Minnesota	42.1	28.2	29.7	31.2	30.9	27.9	20.4
United States	41.9	34.8	32.9	37.9	33.1	31.4	27.6

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population Median Age by Ethnicity

This indicator reports the median age of the population by ethnicity.

Report Area	Hispanic or Latino	Not Hispanic or Latino
Wright County, MN	28.1	38.7
Minnesota	25.3	42.6
United States	30.1	43.8

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Group Quarters Population

This indicator reports the total population living in group quarters. Group quarters refers to a group residence or a living arrangement that is owned or managed by an entity or organization providing housing and/or services for the residents. Group quarters include such places as college residence halls, residential treatment centers, skilled-nursing facilities, group homes, military barracks, correctional facilities, and workers' dormitories. There were 1,107 persons living in group quarters at the time of the 2020 Decennial Census, or 0.78% of the total report area population.

Report Area	Total Population, 2020 Census	Population Living in Group Quarters	Population Living in Group Quarters, Percentage
Wright County, MN	141,337	1,107	0.78%
Minnesota	5,706,494	138,293	2.42%
United States	334,735,155	8,276,525	2.47%

Data Source: US Census Bureau, Decennial Census, 2020.

Population Living in Group Quarters, Percent by Tract, US Census Bureau 2020

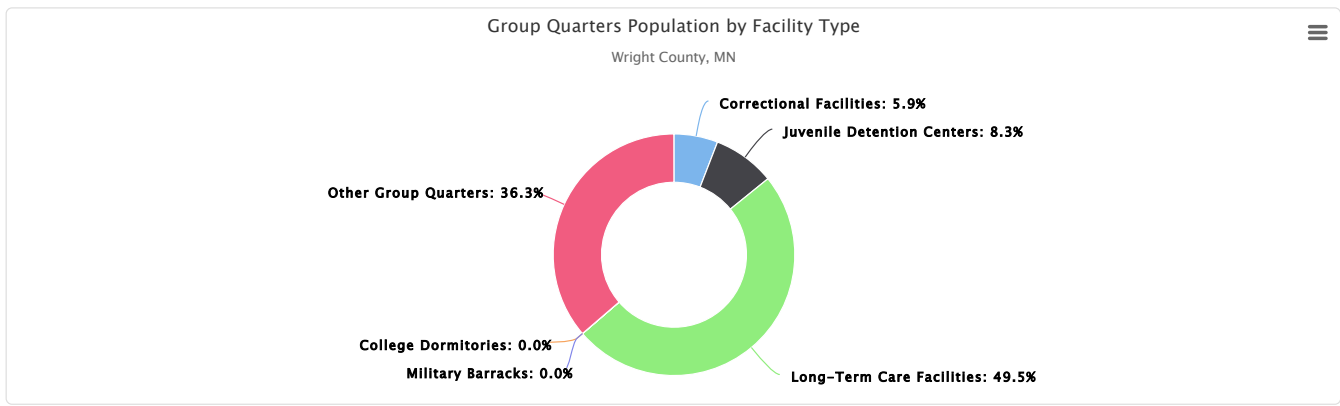

## Group Quarters Population by Facility Type

The table below reports the population living in group quarters by facility type.

Report Area	Correctional Facilities	Juvenile Detention Centers	Long-Term Care Facilities	College Dormitories	Military Barracks	Other Group Quarters
Wright County, MN	65	92	548	0	0	402
Minnesota	33,344	2,702	75,904	90,520	0	74,116
United States	1,978,489	88,800	1,638,564	2,794,201	328,615	1,447,856

Data Source: US Census Bureau, Decennial Census, 2020.

## Non-Hispanic White Population

The estimated population that is non-Hispanic white in the report area is 128,129. This represents 89.89% of the total report area population, which is greater than the national rate of 58.86%.

Report Area	Total Population	Non-Hispanic White Population	Percent Population Non-Hispanic White
Wright County, MN	142,543	128,129	89.89%
Minnesota	5,695,292	4,423,442	77.67%
United States	331,097,593	194,886,464	58.86%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population, White (Non-Hispanic), Percent by Tract, ACS 2018-22

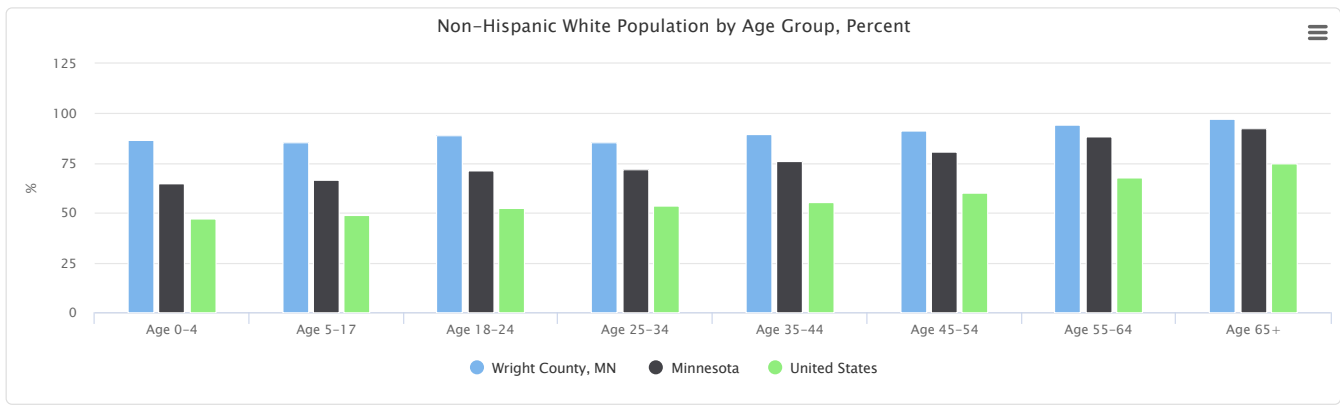

## Non-Hispanic White Population by Age Group, Percent

This indicator reports the percentage of non-Hispanic white population by age group. The percentage values could be interpreted as, for example, among the age 0-4 population in the report area, 86.45% are non-Hispanic white; among the age 5-17 population, 85.67% are non-Hispanic white; etc.

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Wright County, MN	86.45%	85.67%	88.88%	85.44%	89.63%	91.43%	94.41%	97.40%
Minnesota	64.68%	66.47%	71.23%	71.92%	75.83%	81.02%	88.23%	92.57%
United States	47.33%	49.10%	52.23%	53.75%	55.49%	60.09%	68.02%	75.15%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Non-Hispanic White Population by Gender

This indicator reports the total count of the non-Hispanic white population by gender. The percentage values could be interpreted as, among the non-Hispanic white population in the report area, 50.85% are male and 49.15% are female.

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	65,149	62,980	50.85%	49.15%
Minnesota	2,212,357	2,211,085	50.01%	49.99%
United States	96,850,281	98,036,183	49.70%	50.30%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Non-Hispanic White Population by Age Group, Total

This indicator reports the total count of the non-Hispanic white population by age group.

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Wright County, MN	8,208	25,409	9,411	14,440	18,405	17,409	16,780	18,067
Minnesota	220,270	642,506	365,976	540,835	569,576	547,586	667,050	869,643
United States	8,995,825	26,617,097	16,338,365	24,394,288	23,754,934	24,687,683	28,961,917	41,136,355

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Hispanic Population

The estimated population that is of Hispanic, Latino, or Spanish origin in the report area is 4,761. This represents 3.34% of the total report area population, which is less than the national rate of 18.65%. Origin can be viewed as the heritage, nationality group, lineage, or country of birth of the person or the person’s parents or ancestors before their arrival in the United States. People who identify their origin as Hispanic, Latino, or Spanish may be of any race.

Report Area	Total Population	Non-Hispanic Population	Percent Population Non-Hispanic	Hispanic or Latino Population	Percent Population Hispanic or Latino
Wright County, MN	142,543	137,782	96.66%	4,761	3.34%
Minnesota	5,695,292	5,368,243	94.26%	327,049	5.74%
United States	331,097,593	269,341,727	81.35%	61,755,866	18.65%

Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Population, Hispanic or Latino, Percent by Tract, ACS 2018-22

## Hispanic Population by Gender

This indicator reports the total and percentage of Hispanic population by gender. Among the Hispanic population in the report area, 54.13% are male and 45.87% are female.

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	2,577	2,184	54.13%	45.87%
Minnesota	170,140	156,909	52.02%	47.98%
United States	31,330,296	30,425,570	50.73%	49.27%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Hispanic Population by Race Alone, Percent

This indicator reports the percentage of Hispanic population by race alone.

The percentage values could be interpreted as, for example, "Of all the white population in the report area, the percentage of people who are Hispanic is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	1.21%	1.13%	46.32%	1.40%	0.00%	73.09%	21.36%

Population, Black or African American, Percent by Tract, ACS 2018-22

## Black or African American Population by Gender

This indicator reports the total and percentage of Black or African American population by gender.

The percentage values could be interpreted as, for example, "Of all the Black or African American population in the report area, the percentage of males is (value)."

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	1,154	879	56.76%	43.24%
Minnesota	196,442	185,640	51.41%	48.59%
United States	19,866,915	21,421,657	48.12%	51.88%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Black or African American Population by Age Group, Total

This indicator reports the total count of Black or African American population by age group.

The values could be interpreted as, for example, "Of all the population age 0-4 in the report area, the total count of Black or African American population is (value)."

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Wright County, MN	93	317	173	384	414	349	146	157
Minnesota	34,619	93,490	42,835	63,675	56,761	40,362	28,794	21,546
United States	2,595,543	7,420,434	4,395,174	6,381,127	5,442,969	5,070,706	4,950,012	5,032,607

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Black or African American Population by Age Group, Percent

This indicator reports the percentage of Black or African American population by age group. The values could be interpreted as, for example, "Of all the population age 0-4 in the report area, the percentage of Black or African American population is (value)."

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Wright County, MN	0.98%	1.07%	1.63%	2.27%	2.02%	1.83%	0.82%	0.85%
Minnesota	10.17%	9.67%	8.34%	8.47%	7.56%	5.97%	3.81%	2.29%
United States	13.66%	13.69%	14.05%	14.06%	12.71%	12.34%	11.63%	9.19%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population with Any Disability

This indicator reports the percentage of the total civilian non-institutionalized population with a disability. The report area has a total population of 141,809 for whom disability status has been determined, of which 12,887 or 9.09% have any disability. This indicator is relevant because disabled individuals may require targeted services and outreach by providers.

Report Area	Total Population (For Whom Disability Status Is Determined)	Population with a Disability	Population with a Disability, Percent
Wright County, MN	141,809	12,887	9.09%
Minnesota	5,634,724	630,528	11.19%
United States	326,147,510	41,941,456	12.86%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

Population with Any Disability, Percent by Tract, ACS 2018-22

## Population with Any Disability by Gender

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by gender. Of the total male population in the report area, the percentage with a disability is 9.37%. Of the total females in the report area, the percentage with a disability is 8.79%.

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	6,798	6,089	9.37%	8.79%
Minnesota	318,109	312,419	11.26%	11.12%
United States	20,349,626	21,591,830	12.67%	13.05%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population with Any Disability by Age Group, Percent

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by age group. The percentage values could be interpreted as, for example, "Among the population age 65+ in the report area, the percentage of population with disability is (value)."

Report Area	Under Age 18	Age 18 - 64	Age 65 +
Wright County, MN	4.02%	6.72%	31.06%
Minnesota	3.99%	9.17%	29.23%
United States	4.53%	10.46%	33.27%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Age Group, Total

This indicator reports the proportion of the total civilian non-institutionalized population with a disability by age group.

Report Area	Under Age 18	Age 18-64	Age 65+
Wright County, MN	1,574	5,682	5,631
Minnesota	52,041	313,760	264,727
United States	3,312,006	20,879,820	17,749,630

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Ethnicity Alone

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by ethnicity alone. The percentage values could be interpreted as, for example, "Among the Hispanic population in the report area, the percentage of the population with disability is (value)."

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Wright County, MN	87	12,800	1.83%	9.34%
Minnesota	26,458	604,070	8.14%	11.38%
United States	5,860,137	36,081,319	9.60%	13.61%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Race Alone, Percent

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by race alone. The percentage values could be interpreted as, for example, "Of all the white population in the report area, the percentage of population with disability is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	9.27%	12.19%	4.68%	10.80%	100.00%	2.47%	6.38%
Minnesota	11.54%	11.02%	19.40%	7.47%	10.46%	8.39%	9.57%
United States	13.62%	14.20%	15.96%	7.60%	11.93%	9.69%	10.70%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Race Alone, Total

This indicator reports the proportion of the total civilian non-institutionalized population with a disability by race alone.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	11,958	244	17	207	7	55	399
Minnesota	518,147	41,232	9,591	21,311	239	11,131	28,877
United States	29,292,518	5,696,234	434,053	1,445,222	72,806	1,919,294	3,081,329

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Disability Status

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by disability status. Note that ACS measures disability status within different age groups: hearing and vision difficulty for all the people; cognitive, ambulatory, and self-care for people 5 years and older; and independent living for people 15 years and older (reported for people 18 years and older in ACS2018-22 data).

Percentage values can be interpreted as follows: Within the report area, individuals with hearing difficulty are 2.88% of the total population; individuals with vision difficulty are 1.12% of the total population; individuals with cognitive difficulty are 3.58% of the total population age 5+; individuals with ambulatory difficulty are 4.38% of the total population age 5+; individuals with self-care difficulty are 2.07% of the total population age 5+; and individuals with independent living difficulty are 3.87% of the total population age 18+.

Report Area	Hearing	Vision	Cognitive	Ambulatory	Self-care	Independent Living
Wright County, MN	2.88%	1.12%	3.58%	4.38%	2.07%	3.87%
Minnesota	3.38%	1.57%	4.88%	4.98%	2.09%	4.98%
United States	3.55%	2.38%	5.30%	6.69%	2.57%	5.82%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Foreign-Born Population

This indicator reports the percentage of the population that is foreign-born. The foreign-born population includes anyone who was not a U.S. citizen or a U.S. national at birth. This includes any non-citizens, as well as persons born outside of the U.S. who have become naturalized citizens. The native U.S. population includes any person born in the United States, Puerto Rico, a U.S. Island Area (such as Guam), or abroad of American (U.S. citizen) parent or parents. The latest figures from the U.S. Census Bureau show that 4,613 persons in the report area are of foreign birth, which represents 3.24% of the report area population. This percentage is less than the national average of 13.68%.

Report Area	Total Population	Naturalized U.S. Citizens	Population w/o U.S. Citizenship	Total Foreign-Birth Population	Foreign-Birth Population, Percent of Total Population
Wright County, MN	142,543	2,926	1,687	4,613	3.24%
Minnesota	5,695,292	274,086	207,836	481,922	8.46%
United States	331,097,593	23,666,167	21,614,904	45,281,071	13.68%

Data Source: US Census Bureau, *American Community Survey*, 2018-22.

## Urban and Rural Population

This indicator reports the percentage of population living in urban and rural areas as of 2020. Urban areas are identified using population density, count, and size thresholds. Urban areas also include territory with a high degree of impervious surface (development). Rural areas are all areas that are not urban. Of the report areas 141,337 population, 85,978 or 60.83% of the population is classified urban while 55,359 or 39.17% is rural.

Report Area	Total Population	Urban Population	Rural Population	Urban Population, Percent	Rural Population, Percent
Wright County, MN	141,337	85,978	55,359	60.83%	39.17%
Minnesota	5,706,494	4,101,754	1,604,740	71.88%	28.12%
United States	331,449,281	265,149,027	66,300,254	80.00%	20.00%

Data Source: US Census Bureau, *Decennial Census*, 2020.

[View larger map](#)

Population Living in Rural Areas, Percent by Tract, US Census Bureau 2020

## Rural Population, Total by Age Group

This indicator reports the total rural population of the report area by age group.

Report Area	Population Under Age 18	Population Age 18-64	Population Age 65+
Wright County, MN	13,623	31,964	9,135
Minnesota	356,279	910,300	322,029
United States	13,901,034	38,682,984	13,426,319

Data Source: US Census Bureau, *Decennial Census*, 2020.

## Rural Population, Percent by Age Group

This indicator reports the total rural population of the report area by age group.

The percentage values could be interpreted as, for example, "Of all the population under age 18 within the report area, the proportion of rural population is (value)."

Report Area	Population Under Age 18	Population Age 18-64	Population Age 65+
Wright County, MN	35.70%	38.72%	48.48%
Minnesota	27.85%	26.46%	33.92%
United States	19.35%	18.91%	23.75%

Data Source: US Census Bureau, Decennial Census, 2020.

## Rural Population, Total by Race Alone

This indicator reports the total rural population of the report area by race alone.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	51,738	367	147	336	6	556	2,209
Minnesota	1,456,404	10,367	31,067	13,408	936	22,886	69,672
United States	54,088,660	3,902,208	1,209,823	611,072	67,638	2,238,639	4,449,180

Data Source: US Census Bureau, Decennial Census, 2020.

### Rural Population, Percent by Race Alone

This indicator reports the percentage of rural population in the report area by race alone. The percentage values could be interpreted as, for example, "Of all the white population within the report area, the proportion of rural population is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	40.71%	13.92%	32.96%	17.70%	14.63%	25.14%	31.50%
Minnesota	32.93%	2.60%	45.26%	4.48%	32.08%	13.59%	20.15%
United States	26.41%	9.44%	32.30%	3.07%	9.79%	7.79%	12.54%

Data Source: US Census Bureau, Decennial Census, 2020.

### Veteran Population

This indicator reports the percentage of the population age 18 and older that served (even for a short time), but is not currently serving, on active duty in the U.S. Army, Navy, Air Force, Marine Corps, or the Coast Guard, or that served in the U.S. Merchant Marine during World War II. Of the 103,352 population of the report area, 6,891 or 6.67% are veterans.

Report Area	Total Population Age 18+	Total Veterans	Veterans, Percent of Total Population
Wright County, MN	103,352	6,891	6.67%
Minnesota	4,384,131	276,071	6.30%
United States	256,649,167	17,038,807	6.64%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Veteran Population by Gender

This indicator reports the veteran population in the report area by gender.

The percentage values could be interpreted as, of all the males within the report area, the veteran population is 12.33%; of all the females within the report area, the veteran population is 0.86%.

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	6,451	440	12.33%	0.86%
Minnesota	255,765	20,306	11.70%	0.92%
United States	15,393,807	1,645,000	12.25%	1.26%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Veteran Population by Age Group, Total

This indicator reports the total veteran population in the report area by age group.

Report Area	Age 18-34	Age 35-54	Age 55-64	Age 65-74	Age 75+
Wright County, MN	436	1,663	1,052	1,867	1,873
Minnesota	20,700	53,411	45,185	77,511	79,264
United States	1,466,430	4,049,416	3,120,173	4,256,020	4,146,768

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Veteran Population by Age Group, Percent

This indicator reports the percentage of veterans in the report area by age group.

The percentage values could be interpreted as, for example, "Of all the population age 18-34 in the report area, the percentage of veterans is (value)."

Report Area	Age 18-34	Age 35-54	Age 55-64	Age 65-74	Age 75+
Wright County, MN	1.59%	4.20%	5.92%	16.68%	25.45%
Minnesota	1.64%	3.75%	5.98%	14.07%	20.40%
United States	1.94%	4.85%	7.33%	13.19%	18.45%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Veterans, Age and Gender Demographics

Veterans, Age and Gender Demographics show the number of veterans living in the report area. According to the American Community Survey (ACS), 6.67% of the adult population in the report area are veterans, which is more than the national average of 6.64%.

Report Area	Veterans Total	Veterans Male	Veterans Female	% Pop over 18 Total	% Pop over 18 Males	% Pop over 18 Females
Wright County, MN	6,891	6,451	440	6.67%	12.33%	0.86%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Families with Children

According to the most recent American Community Survey estimates, 38.29% of all occupied households in the report area are family households with one or more child(ren) under the age of 18. As defined by the US Census Bureau, a family household is any housing unit in which the householder is living with one or more individuals related to him or her by birth, marriage, or adoption. A non-family household is any household occupied by the householder alone, or by the householder and one or more unrelated individuals.

Report Area	Total Households	Total Family Households	Families with Children (Age 0-17)	Families with Children (Age 0-17), Percent of Total Households
Wright County, MN	51,523	37,517	19,730	38.29%
Minnesota	2,256,126	1,424,131	657,510	29.14%
United States	125,736,353	81,432,908	37,622,481	29.92%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Family Households with Children by Ethnicity Alone

This indicator reports the total and percentage of family households with children by ethnicity alone. The percentage values could be interpreted as, for example, "Of all the Hispanic or Latino households in the report area, the percentage that are families with children under 18 is (value)."

Report Area	Total Hispanic or Latino	Total Not Hispanic or Latino	Percent Hispanic or Latino	Percent Not Hispanic or Latino
Wright County, MN	764	18,926	59.73%	37.67%
Minnesota	42,171	613,149	47.31%	28.29%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Family Households with Children by Race Alone, Percent

This indicator reports the percentage of family households with children by race alone. The percentage values could be interpreted as, for example, "Of all the white households in the report area, the percentage that are families with children under 18 is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	36.96%	71.30%	72.18%	31.67%	No data	46.96%	52.35%

## Hispanic or Latino Nativity status

This indicator reports the nativity status of the Hispanic or Latino population within the report area.

Report Area	Native Born	Native Born, Percent	Foreign Born	Foreign Born, Percent
Wright County, MN	3,510	73.72%	1,251	26.28%
Minnesota	225,871	69.06%	101,178	30.94%
United States	41,897,693	67.84%	19,858,173	32.16%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Hispanic or Latino Citizenship Status

This indicator reports the citizenship status of the Hispanic or Latino population within the report area.

Report Area	Native Born	Native Born, Percent	Naturalized Citizen	Naturalized Citizen, Percent	Not A Citizen	Not A Citizen, Percent
Wright County, MN	3,510	73.72%	664	13.95%	587	12.33%
Minnesota	225,871	69.06%	33,752	10.32%	67,426	20.62%
United States	41,897,693	67.84%	8,048,949	13.03%	11,809,224	19.12%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Incarceration Rate

The Opportunity Atlas estimates the percentage of individuals born in each census tract who were incarcerated at the time of the 2010 Census. According to the Atlas data, 0.5% of the report area population were incarcerated. The incarceration rate in the report area is lower than the state average of 0.6%.

Report Area	Total Population (2010)	Incarceration Rate
Wright County, MN	124,700	0.5%
Minnesota	5,303,925	0.6%
United States	312,444,060	1.3%

## Incarceration Rates by Race and Ethnicity

The table and chart below display estimated incarceration rates (2010) by race and ethnicity from the 2018 Opportunity Insights Atlas. The percentage values could be interpreted as, for example, "Of all the non-Hispanic white population within the report area, the incarceration rate is (value)."

Report Area	Non-Hispanic White	Black or African American	Asian	American Indian or Alaska Native	Hispanic or Latino
Wright County, MN	0.5%	3.8%	0.0%	0.3%	2.6%
Minnesota	0.4%	4.7%	0.7%	5.7%	1.4%
United States	0.8%	4.7%	0.2%	2.8%	1.4%

Data Source: Opportunity Insights, 2018.

## Population Under Age 18

Of the estimated 142,543 total population in the report area, an estimated 39,153 persons are under the age of 18, representing 27.47% of the population. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates. The number of persons under age 18 is relevant because this population has unique needs which should be considered separately from other age groups.

Report Area	Total Population	Population Age 0-17	Population Age 0-17, Percent
Wright County, MN	142,543	39,153	27.47%
Minnesota	5,695,292	1,307,084	22.95%
United States	331,097,593	73,213,705	22.11%

## Population Under Age 18 by Gender

This indicator reports the percentage of population that is under age 18 by gender, when compared to the total population all ages, by gender.

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	20,433	18,720	28.07%	26.84%
Minnesota	668,658	638,426	23.40%	22.50%
United States	37,488,147	35,725,558	22.83%	21.41%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population Under Age 18 by Ethnicity Alone, Percent by Ethnicity

This indicator reports the percentage of population who are under age 18 by ethnicity alone during 2018-2022, according to the American Community Survey (ACS). Within the report area, there were 1,915 persons of Hispanic or Latino origin under age 18 in the report area, representing 40.22% of the Hispanic or Latino population. There were 37,238 persons not of Hispanic or Latino origin under age 18 in the report area, representing 27.03% of the total non-Hispanic population. Data for this indicator is only reported for individuals where age, race, and ethnicity were identified in the American Community Survey.

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Wright County, MN	1,915	37,238	40.22%	27.03%
Minnesota	120,813	1,186,271	36.94%	22.10%
United States	18,722,708	54,490,997	30.32%	20.23%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population Under Age 18 by Ethnicity Alone, Percent of Total

This indicator reports the percentage of population who are under age 18 by ethnicity alone during 2018-2022, according to the American Community Survey (ACS). Within the report area, there were 1,915 persons of Hispanic or Latino origin under age 18, representing 4.89% of the total population under age 18. There were 37,238 persons not of Hispanic or Latino origin under age 18 in the report area, representing 95.11% of the total population under age 18. Data for this indicator is only reported for individuals where age, race, and ethnicity were identified in the American Community Survey.

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Wright County, MN	1,915	37,238	4.89%	95.11%
Minnesota	120,813	1,186,271	9.24%	90.76%
United States	18,722,708	54,490,997	25.57%	74.43%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population Under Age 18 by Race Alone, Percent

This indicator reports the percentage of population that is under age 18 by race alone. The percentage values could be interpreted as, for example, "Of all the white population in the report area, the percentage under age 18 is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	26.31%	20.17%	34.47%	20.94%	No data	28.30%	55.01%
Minnesota	19.96%	33.53%	29.60%	27.09%	21.94%	31.93%	45.44%
United States	19.65%	24.26%	26.08%	19.60%	25.07%	27.75%	34.80%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population Under Age 18 by Race Alone, Total

This indicator reports the proportion of each race (alone) making up the population under age 18.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	34,129	410	131	404	0	630	3,449
Minnesota	905,558	128,109	15,225	77,518	510	42,495	137,669
United States	42,871,526	10,015,977	726,692	3,745,474	156,631	5,555,906	10,141,499

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population Age 0-4

Of the estimated 142,543 total population in the report area, an estimated 9,495 are children under the age of 5, representing 6.66% of the population. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates. The number of children under age 5 is relevant because this population has unique needs which should be considered separately from other age groups.

Report Area	Total Population	Population Age 0-4	Percent Population Age 0-4
Wright County, MN	142,543	9,495	6.66%
Minnesota	5,695,292	340,546	5.98%
United States	331,097,593	19,004,925	5.74%

## Income

### Income Levels

Two common measures of income are Median Household Income and Per Capita Income based on American Community Survey 5 year estimates. Both measures are shown for the report area below.

Report Area	Median Household Income	Per Capita Income
Wright County, MN	\$102,980	\$43,066.72
Minnesota	\$84,313	\$44,946.71
United States	\$75,149	\$41,261.47

Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Per Capita Income by Tract, ACS 2018-22

## Household Income

Median annual household incomes in the report area for 2022 are shown in the table below. Since this reports a median amount, a "Report Area" value is not able to be calculated.

Report Area	Estimated Population	Median Household Income
Wright County, MN	146,774	\$95,259
Minnesota	5,614,479	\$82,343
United States	325,012,887	\$74,755

Data Source: US Census Bureau, *Small Area Income and Poverty Estimates*, 2022.

[View larger map](#)

Median Household Income by County, SAIPE 2022

## Jobs and Earnings by Sector

The number of jobs and total wage and salary earnings from employment in the report area are broken down by economic sector in this indicator output. These figures include both private and government employment. The sectors listed represent private employment except for the last table which includes all the earnings from jobs with local, state and federal government. A negative number means that overall business in that sector lost money for the year in the report area.

### Farm; Nonfarm; Private Nonfarm

Report Area	Farm Jobs	Farm Earnings (\$1,000)	Farm Average	Nonfarm Jobs	Nonfarm Earnings (\$1,000)	Nonfarm Average	Private Nonfarm Jobs	Private Nonfarm Earnings (\$1,000)	Private Nonfarm Average
Wright County, MN	1,484	\$44,165	\$29,761	67,030	\$3,646,664	\$54,403	60,157	\$3,173,807	\$52,759

United States	24,198,000	\$2,231,781,000	\$92,230

Data Source: US Department of Commerce, US Bureau of Economic Analysis, 2022.

## Income - Median Household Income

This indicator reports median household income based on the latest 5-year American Community Survey estimates. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income. There are 51,523 households in the report area, with an average income of \$117,983 and a median income of \$102,980.

Report Area	Total Households	Average Household Income	Median Household Income
Wright County, MN	51,523	\$117,983	<b>\$102,980</b>
Minnesota	2,256,126	\$111,341	\$84,313
United States	125,736,353	\$105,833	\$75,149

Note: This indicator is compared to the state average.

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Median Household Income by Household Size

This indicator reports the median household income of the report area by household size.

Report Area	1-Person Households	2-Person Households	3-Person Households	4-Person Households	5-Person Households	6-Person Households	7-or-More-Person Households
Wright County, MN	\$47,341	\$94,575	\$124,693	\$140,620	\$140,334	\$134,906	\$162,757
Minnesota	\$42,264	\$93,129	\$114,505	\$134,980	\$126,477	\$116,584	\$111,358
United States	\$38,445	\$83,185	\$97,644	\$113,664	\$106,473	\$104,420	\$113,370

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Median Household Income by Race / Ethnicity of Householder

This indicator reports the median household income of the report area by race / ethnicity of householder.

Report Area	Non-Hispanic White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race	Hispanic or Latino
Wright County, MN	\$102,054	\$128,029	\$123,696	\$80,409	No data	\$64,307	\$98,835	\$87,649
Minnesota	\$87,978	\$49,738	\$97,976	\$45,289	\$45,000	\$65,095	\$73,669	\$68,240
United States	\$81,423	\$50,901	\$107,637	\$55,925	\$76,568	\$61,851	\$70,596	\$64,936

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Households by Household Income Levels, Percent

Report Area	Under \$25,000	\$25,000 - \$49,999	\$50,000 - \$99,999	\$100,000 - \$199,999	\$200,000+
Wright County, MN	7.73%	12.08%	29.04%	39.76%	11.39%
Minnesota	12.34%	16.18%	29.65%	29.96%	11.86%
United States	15.71%	18.11%	28.88%	25.88%	11.41%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Income - Public Assistance Income

This indicator reports the percentage households receiving public assistance income. Public assistance income includes general assistance and Temporary Assistance to Needy Families (TANF). Separate payments received for hospital or other medical care (vendor payments) are excluded. This does not include Supplemental Security Income (SSI) or noncash benefits such as Food Stamps.

Report Area	Total Households	Households with Public Assistance Income	Percent Households with Public Assistance Income
Wright County, MN	51,523	1,262	2.45%
Minnesota	2,256,126	75,222	3.33%
United States	125,736,353	3,339,152	2.66%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Households with Public Assistance Income, Percent by Tract, ACS 2018-22

### Average Public Assistance Dollars Received

Report Area	Total Households Receiving Public Assistance Income	Aggregate Public Assistance Dollars Received	Average Public Assistance Received (in USD)
Wright County, MN	1,262	\$6,209,100	\$4,920
Minnesota	75,222	\$286,564,500	\$3,809
United States	3,339,152	\$14,167,234,100	\$4,242

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Poverty Rate Change

Poverty rate change in the report area from 2012 to 2022 is shown below. According to the U.S. Census, the poverty rate for the area decreased by -1.7%, compared to a national change of -3.3%.

Report Area	Persons in Poverty 2012	Poverty Rate 2012	Persons in Poverty 2022	Poverty Rate 2022	Change in Poverty Rate 2012-2022
Wright County, MN	8,858	7.0%	7,779	5.3%	<b>-1.7%</b>
Minnesota	597,515	11.4%	538,990	9.6%	-1.8%
United States	48,760,123	15.9%	40,951,625	12.6%	-3.3%

*Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, Small Area Income and Poverty Estimates. 2022.*

[View larger map](#)

### Population Below the Poverty Level, Percent by County, SAIPE 2022

## Poverty - Population Below 185% FPL

In the report area 12.34% or 17,432 individuals for whom poverty status is determined are living in households with income below 185% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

*Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.*

Report Area	Total Population	Population with Income Below 185% FPL	Population with Income Below 185% FPL, Percent
Wright County, MN	141,270	17,432	12.34%
Minnesota	5,574,039	1,128,155	20.24%
United States	323,275,448	84,842,073	26.24%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Population Below 185% Poverty Level, Percent by Tract, ACS 2018-22

## Poverty - Population Below 125% FPL

In the report area 6.32% or 8,928 individuals are living in households with income below 125% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.

Report Area	Population, Total	Population with Income at or Below 125% FPL	Population with Income at or Below 125% FPL, Percent
Wright County, MN	141,270	8,928	6.32%
Minnesota	5,574,039	685,667	12.30%
United States	323,275,448	53,120,911	16.43%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

## Family Poverty Rate 125% (ACS)

In the report area 4.45% or 1,671 family households are living with income below 125% of the Federal Poverty Level (FPL).

Report Area	Family Households, Total	Families with Income at or Below 125% FPL	Families with Income at or Below 125% FPL, Percent
Wright County, MN	37,517	1,671	4.45%
Minnesota	1,424,131	110,135	7.73%
United States	81,432,908	9,746,828	11.97%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Poverty - Population Below 100% FPL

Poverty is considered a *key driver* of health status.

Within the report area 4.79% or 6,771 individuals for whom poverty status is determined are living in households with income below the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.

Report Area	Total Population	Population in Poverty	Population in Poverty, Percent
Wright County, MN	141,270	6,771	4.79%
Minnesota	5,574,039	516,284	9.26%
United States	323,275,448	40,521,584	12.53%

Note: This indicator is compared to the state average.  
 Data Source: US Census Bureau, American Community Survey, 2018-22.

Population Below the Poverty Level, Percent by Tract, ACS 2018-22

### Population in Poverty by Gender

This indicator reports the population in poverty in the report area by gender.

The percentage values could be interpreted as, for example, "Of all the male population within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	2,767	4,004	3.83%	5.80%
Minnesota	234,800	281,484	8.40%	10.13%
United States	18,109,332	22,412,252	11.34%	13.70%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population in Poverty by Ethnicity Alone

This indicator reports the population in poverty in the report area by ethnicity alone.

The percentage values could be interpreted as, for example, "Of all the Hispanic population within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Wright County, MN	584	6,187	12.63%	4.53%
Minnesota	50,930	465,354	15.89%	8.86%
United States	10,447,540	30,074,044	17.24%	11.45%

### Population in Poverty by Race Alone, Percent

This indicator reports the percentage of population in poverty in the report area by race alone.

The percentage values could be interpreted as, for example, "Of all the white population within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	4.44%	3.25%	7.71%	3.90%	No data	9.44%	11.07%
Minnesota	7.19%	24.04%	31.17%	11.87%	19.05%	15.70%	12.98%
United States	10.09%	21.46%	22.60%	10.12%	16.97%	18.57%	14.76%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population in Poverty by Race, Total

This indicator reports the total population in poverty in the report area by race alone.

Report Area	Non-Hispanic White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Wright County, MN	5,716	65	28	74	0	209	679

**Married Family Households Living Below the Poverty Level, Percent by Tract, ACS 2018-22**

## Family Poverty Rate by Family Type

The percentage of households in poverty by household type are shown for the report area. It is estimated that 3.3% of all households were living in poverty within the report area, compared to the national average of 8.8%. Of the households in poverty, female headed households represented 45.8% of all households in poverty, compared to 33.8% and 20.4% of households headed by males and married couples, respectively.

Report Area	Poverty Rate All Types	Percent of Poverty Married Couples	Percent of Poverty Male Householder	Percent of Poverty Female Householder
Wright County, MN	3.3%	33.8%	20.4%	45.8%
Minnesota	5.5%	36.6%	12.1%	51.2%
United States	8.8%	37.3%	11.0%	51.8%

Note: This indicator is compared to the state average.

## Poverty - Children Eligible for Free/Reduced Price Lunch

Free or reduced price lunches are served to qualifying students in families with income between under 185 percent (reduced price) or under 130 percent (free lunch) of the US federal poverty threshold as part of the federal National School Lunch Program (NSLP).

Out of 28,119 total public school students in the report area, 7,394 were eligible for the free or reduced price lunch program in the latest report year. This represents 26.4% of public school students, which is lower than the state average of 43.4%.

Note: States with more than 80% records "not reported" are suppressed for all geographic areas, including hospital service area, census tract, zip code, school district, county, state, etc.

Report Area	Total Students	Students Eligible for Free or Reduced Price Lunch	Students Eligible for Free or Reduced Price Lunch, Percent
Wright County, MN	28,119	7,394	26.4%
Minnesota	870,569	377,916	43.4%
United States	46,791,755	24,677,523	53.5%

Note: This indicator is compared to the state average.

### Students Eligible for Free or Reduced-Price Lunch, NCES CCD 2022-23

## Children Eligible for Free or Reduced Price Lunch by School Year, 2013-14 through 2022-23

The table below shows local, state, and national trends in student free and reduced lunch eligibility by percent.

*Note: The states below have more than 80% public schools labeled as "not reported" in 2022-2023. For consistency, these states still have their values calculated with the limited records on all geographic levels (unless there is not a single record reported in the selected area). Use with caution when comparing to other years. This issue might occur in other states/years as well.*

*For 2022-2023, watch out for Delaware, District of Columbia, Massachusetts, Montana, Tennessee, West Virginia, American Samoa, and Guam.*

Report Area	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23

## Children Eligible for Free or Reduced Price Lunch by Eligibility

The table below displays the number and percentage of students eligible for free or reduced price lunch by income eligibility category. Percentages in the table below are out of the total student population.

*Note: States with more than 80% records labeled as "not reported" are suppressed for all geographic areas.*

Report Area	Free Lunch, Total	Free Lunch, Percent	Reduced Lunch, Total	Reduced Lunch, Percent
Wright County, MN	5,359	19.1%	2,035	7.2%
Minnesota	308,257	35.4%	69,647	8.0%
United States	21,117,358	42.8%	2,275,791	4.6%

Data Source: National Center for Education Statistics, NCES - Common Core of Data, 2022-2023.

The chart below displays the percentage of the students in each eligibility category out of the total number of students eligible for free or reduced price lunch. Of all the 7,394 students eligible for free or reduced price lunch, 72.5% are eligible for free lunch and 27.5% are eligible for reduced lunch.

### Poverty - Children Below 200% FPL

In the report area 16.11% or 6,211 children are living in households with income below 200% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

*Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.*

Report Area	Total Population Under Age 18	Population Under Age 18 Below 200% FPL	Population Under Age 18 Below 200% FPL, Percent
Wright County, MN	38,550	6,211	16.11%
Minnesota	1,285,084	356,677	27.76%
United States	72,035,358	26,772,207	37.17%

*Note: This indicator is compared to the state average.

**Population Below the Poverty Level, Children (Age 0-17), Percent by Tract, ACS 2018-22**

**Children in Poverty by Gender**

This indicator reports children aged 0-17 living in households with income below the federal poverty level by gender. The percentage values could be interpreted as, for example, "Of all the boys under age 18 within the report area, the percentage of boys living in households with income below the federal poverty level is (value)."

Report Area	Male	Female	Male, Percent	Female, Percent
Wright County, MN	964	986	4.80%	5.34%
Minnesota	70,629	69,326	10.76%	11.03%
United States	6,124,747	5,877,604	16.61%	16.72%

Data Source: US Census Bureau, American Community Survey, 2018-22.

**Children in Poverty by Ethnicity Alone**

This indicator reports children aged 0-17 living in households with income below the federal poverty level by ethnicity alone. The percentage values could be interpreted as, for example, "Of all the Hispanic children under age 18 within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Wright County, MN	326	1,624	18.27%	4.42%
Minnesota	22,342	117,613	18.87%	10.08%
United States	4,231,686	7,770,665	22.95%	14.50%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Children in Poverty by Race, Percent

This indicator reports percent of children aged 0-17 living in households with income below the federal poverty level by race. The percentage values could be interpreted as, for example, "Of all the non-Hispanic white children under age 18 within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	Non-Hispanic White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race

### SNAP Authorized Food Stores

This indicator reports the number of SNAP-authorized food stores as a rate per 10,000 population. SNAP-authorized stores include grocery stores as well as supercenters, specialty food stores, and convenience stores that are authorized to accept SNAP (Supplemental Nutrition Assistance Program) benefits. The report area contains a total of 77 SNAP-authorized retailers with a rate of 19.11.

Report Area	Total Population (2020)	Total SNAP-Authorized Retailers	SNAP-Authorized Retailers, Rate per 10,000 Population
Wright County, MN	40,302	77	19.11
Minnesota	4,231,036	3,660	8.57
United States	236,977,224	262,606	10.77

Note: This indicator is compared to the state average.

 □ Wright County, MN

### Low Income and Low Food Access

This indicator reports the percentage of the low income population with low food access. Low food access is defined as living more than 1 mile (urban) or 10 miles (rural) from the nearest supermarket, supercenter, or large grocery store. Data are from the April 2021 Food Access Research Atlas dataset. This indicator is relevant because it highlights populations and geographies facing food insecurity.

20.23% of the low-income population in the report area have low food access. The total low-income population in the report area with low food access is 3,628.

Report Area	Total Population	Low Income Population	Low Income Population with Low Food Access	Percent Low Income Population with Low Food Access
Wright County, MN	124,700	17,938	3,628	20.23%
Minnesota	5,303,925	1,275,978	302,019	23.67%
United States	308,745,538	97,055,825	18,834,033	19.41%

Note: This indicator is compared to the state average.

### Population with Limited Food Access, Low Income, Percent by Tract, USDA - FARA 2019

## Seniors in Poverty

Population and poverty estimates for persons age 65 and up are shown for the report area. According to the American Community Survey (ACS) 5-year data, an average of 7.4% of people lived in a state of poverty during the survey calendar year. The poverty rate for people living in the report area is less than the national average of 10.0%.

Report Area	Ages 65 and Up Total Population	Ages 65 and Up In Poverty	Ages 65 and Up Poverty Rate
Wright County, MN	18,127	1,349	7.4%
Minnesota	905,596	71,950	7.9%
United States	53,352,363	5,309,452	10.0%

## Education

### Attainment - Overview

Educational Attainment shows the distribution of the highest level of education achieved in the report area, and helps schools and businesses to understand the needs of adults, whether it be workforce training or the ability to develop science, technology, engineering, and mathematics opportunities. Educational attainment is calculated for persons over 25 years old, and is an estimated average for the period from 2018 to 2022.

For the selected area, 23.2% have at least a college bachelor's degree, while 28.1% stopped their formal educational attainment after high school.

Report Area	No High School Diploma	High School Only	Some College	Associate's Degree	Bachelor's Degree	Graduate or Professional Degree
Wright County, MN	5.1%	28.1%	20.8%	12.9%	23.2%	9.9%
Minnesota	6.3%	23.7%	20.2%	11.7%	24.9%	13.3%
United States	10.9%	26.4%	19.7%	8.7%	20.9%	13.4%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

Population with No High School Diploma (Age 25+), Percent by Tract, ACS 2018-22

## Educational Attainment by Gender - Male

This indicator reports the distribution of the highest level of education achieved by males age 25+ in the report area.

Report Area	No High School Diploma	High School Only	Some College	Associate's Degree	Bachelor's Degree	Graduate or Professional Degree
Wright County, MN	3,133	14,260	9,596	5,640	9,932	4,178
Minnesota	129,173	489,594	391,347	212,748	463,039	241,418
United States	12,817,536	30,567,609	21,693,203	8,684,105	22,644,549	14,285,452

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Educational Attainment by Gender - Female

This indicator reports the distribution of the highest level of education achieved by females age 25+ in the report area.

Report Area	No High School Diploma	High School Only	Some College	Associate's Degree	Bachelor's Degree	Graduate or Professional Degree
Wright County, MN	1,574	11,840	9,729	6,325	11,621	4,973
Minnesota	114,052	428,501	389,853	239,284	502,554	272,829
United States	11,782,162	29,174,216	22,999,187	11,131,627	24,747,124	16,074,222

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Veterans - Educational Attainment

Veterans Educational Attainment contrasts the distribution of educational attainment levels between military veterans and non-veterans in the region. Educational attainment is calculated for persons over 25, and is an estimated average for the period from 2018 to 2022.

Report Area	Veterans % No Diploma	Veterans % High School Diploma	Veterans % Some College Diploma	Veterans % Bachelors or Higher Diploma	Non-Veterans % No Diploma	Non-Veterans % High School Diploma	Non-Veterans % Some College Diploma	Non-Veterans % Bachelors or Higher Diploma
Wright County, MN	<b>5.33%</b>	35.11%	38.05%	21.51%	5.05%	27.57%	33.38%	33.99%
Minnesota	4.77%	30.18%	36.74%	28.31%	6.40%	23.22%	31.45%	38.94%
United States	5.00%	27.27%	37.22%	30.51%	11.37%	26.34%	27.70%	34.59%

Data Source: US Census Bureau, American Community Survey, 2018-22.*

## Access - Head Start

Head Start is a program designed to help children from birth to age five who come from families at or below poverty level. The program’s goal is to help children become ready for kindergarten while also providing the needed requirements to thrive, including health care and food support.

This report reports the number and rate of Head Start program facilities per 10,000 children under age 5. Head Start facility data is acquired from the US Department of Health and Human Services (HHS) 2024 Head Start locator. Population data is from the 2020 US Decennial Census. The report area has a total of 11 Head Start programs with a rate of 11.52 per 10,000 children under 5 years old.

Report Area	Children Under Age 5	Total Head Start Programs	Head Start Programs, Rate (Per 10,000 Children Under Age 5)
Wright County, MN	9,548	11	11.52
Minnesota	340,357	386	11.34
United States	18,515,341	20,847	11.26

Note: This indicator is compared to the state average.

## Adult Literacy

Literacy data published by the Program for the International Assessment of Adult Competencies (PIACC) breaks adult literacy into three different "Levels". Those reported as Level 1 are at risk for being able to understand printed material. Those at the upper end of Level 1 can read and understand the text well enough to be able to perform small task, but might have difficulty understanding or drawing inferences from multiple forms of text. Those at the lower end may struggle with basic vocabulary or even be functionally illiterate.

The percentage at or below Level 1 for literacy in the report area is estimated at 9.9%, with a 95% probability that the actual (true, unknown) percentage is between 6.6% and 13.3%.

Report Area	Population Ages 16-74	Total At or Below Level 1	At or Below Level 1	Total Lower Credible Interval	Lower Credible Interval	Total Upper Credible Interval	Upper Credible Interval
Wright County, MN	91,729	9,081	9.9%	6,054	6.6%	12,200	13.3%
Minnesota	3,994,564	522,941	13.1%	388,816	9.7%	656,094	16.4%
United States	235,567,157	51,401,095	21.8%	42,569,858	18.1%	60,378,678	25.6%

Note: This indicator is compared to the state average.  
Data Source: National Center for Education Statistics, NCEES - Program for the International Assessment of Adult Competencies. 2017.

## Adult Literacy Level 2

Those reported at Level 2 still struggle to perform text based informational tasks, but are considered to be nearing reading proficiency. People in this literacy level can usually be able to read printed words and digital print, as well as being able to relate and make inferences from multiple pieces of information that can be pulled from more than one document. Complex evaluation and inferencing may still be too difficult.

The percentage at or below Level 2 for literacy in the report area is estimated at 31.9%, with a 95% probability that the actual (true, unknown) percentage is between 27.3% and 36.6%.

Report Area	Population Ages 16-74	Total At or Below Level 2	At or Below Level 2	Total Lower Credible Interval	Lower Credible Interval	Total Upper Credible Interval	Upper Credible Interval
Wright County, MN	91,729	29,262	31.9%	25,042	27.3%	33,573	36.6%
Minnesota	3,994,564	1,187,040	29.7%	997,712	25%	1,369,259	34.3%
United States	235,567,157	76,178,529	32.3%	64,300,451	27.3%	88,084,541	37.4%

Data Source: National Center for Education Statistics, NCEES - Program for the International Assessment of Adult Competencies. 2017.

## Adult Literacy Level 3

Those reported at Level 3 still are proficient in reading. This includes being able to understand and work with multiple complex texts, while still being able to evaluate the reliability of sources. People in this level can infer complex ideas and sophisticated meanings from written documents and texts.

The percentage at or below Level 3 for literacy in the report area is estimated at 58.2%, with a 95% probability that the actual (true, unknown) percentage is between 53.6% and 62.8%.

Report Area	Population Ages 16-74	Total At or Below Level 3	At or Below Level 3	Total Lower Credible Interval	Lower Credible Interval	Total Upper Credible Interval	Upper Credible Interval
Wright County, MN	91,729	53,386	58.2%	49,167	53.6%	57,606	62.8%
Minnesota	3,994,564	2,283,541	57.2%	2,105,583	52.7%	2,474,430	61.9%
United States	235,567,157	107,981,194	45.8%	96,513,724	41%	119,346,496	50.7%

Data Source: National Center for Education Statistics, *NCES - Program for the International Assessment of Adult Competencies*. 2017.

## Housing

### Households - Overview

This indicator reports the total number and percentage of households by composition (married couple family, nonfamily, etc.). According to the American Community Survey subject definitions, a family household is any housing unit in which the householder is living with one or more individuals related to him or her by birth, marriage, or adoption\*. A non-family household is any household occupied by the householder alone, or by the householder and one or more unrelated individuals.

\*Family households and married-couple families do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption.

Report Area	Total Households	Family Households	Family Households, Percent	Non-Family Households	Non-Family Households, Percent
Wright County, MN	51,523	37,517	72.82%	14,006	27.18%
Minnesota	2,256,126	1,424,131	63.12%	831,995	36.88%
United States	125,736,353	81,432,908	64.76%	44,303,445	35.24%

### Housing Units - Overview

## Housing Costs - Cost Burden (30%)

This indicator reports the percentage of the households where housing costs are 30% or more of total household income. This indicator provides information on the cost of monthly housing expenses for owners and renters. The information offers a measure of housing affordability and excessive shelter costs. The data also serve to aid in the development of housing programs to meet the needs of people at different economic levels. Of the 51,523 total households in the report area, 11,579 or 22.47% of the population live in cost burdened households.

Report Area	Total Households	Cost-Burdened Households	Cost-Burdened Households, Percent
Wright County, MN	51,523	11,579	22.47%
Minnesota	2,256,126	573,323	25.41%
United States	125,736,353	38,363,931	30.51%

Percentage of Households where Housing Costs Exceed 30% of Income

Note: This indicator is compared to the state average.

[View larger map](#)

**Cost Burdened Households (Housing Costs Exceed 30% of Household Income), Percent by Tract, ACS 2018-22**

**Cost-Burdened Households by Tenure, Total**

These data show the number of households that spend more than 30% of the household income on housing costs. In the report area, there were 11,579 cost burdened households according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where household housing costs and income earned was identified in the American Community Survey.

Report Area	Cost-Burdened Households	Cost-Burdened Rental Households	Cost-Burdened Owner-Occupied Households w/ Mortgage	Cost-Burdened Owner-Occupied Households w/o Mortgage
Wright County, MN	11,579	3,412	6,737	1,430
Minnesota	573,323	275,577	232,327	65,419
United States	38,363,931	20,547,938	13,624,400	4,191,593

Data Source: US Census Bureau, American Community Survey. 2018-22.

**Cost-Burdened Households by Tenure, Percent**

These data show the percentage of households by tenure that are cost burdened. Cost burdened rental households (those that spent more than 30% of the household income on rental costs) represented 39.33% of all of the rental households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Report Area	Rental Households	Rental Households Cost-Burdened, Percent	Owner-Occupied Households w/ Mortgage	Owner-Occupied Households w/ Mortgage Cost-Burdened, Percent	Owner-Occupied Households w/o Mortgage	Owner-Occupied Households w/o Mortgage Cost-Burdened, Percent
Wright County, MN	8,675	39.33%	30,596	22.02%	12,252	11.67%
Minnesota	624,425	44.13%	1,060,861	21.90%	570,840	11.46%

Data Source: US Census Bureau, American Community Survey. 2018-22.

### Housing Costs - Cost Burden, Severe (50%)

This indicator reports the percentage of the households where housing costs are 50% or more total household income. This indicator provides information on the cost of monthly housing expenses for owners and renters. The information offers a measure of housing affordability and excessive shelter costs. The data also serve to aid in the development of housing programs to meet the needs of people at different economic levels.

Report Area	Total Households	Severely Burdened Households	Severely Burdened Households, Percent
Wright County, MN	51,523	4,139	8.03%
Minnesota	2,256,126	244,246	10.83%
United States	125,736,353	17,679,129	14.06%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

Severely Cost Burdened Households (Housing Costs Exceed 50% of Household Income), Percent by Tract, ACS 2018-22

### Severely Cost-Burdened Households by Tenure, Total

This data shows the number of households that spend more than 50% of the household income on housing costs. In the report area, there were 4,139 severely cost burdened households according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where household housing costs and income earned was identified in the American Community Survey.

Report Area	Severely Burdened Households	Severely Burdened Rental Households	Severely Burdened Owner-Occupied Households w/ Mortgage	Severely Burdened Owner-Occupied Households w/o Mortgage
Wright County, MN	4,139	1,609	1,964	566
Minnesota	244,246	133,716	82,035	28,495
United States	17,679,129	10,301,618	5,419,588	1,957,923

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Severely Cost-Burdened Households by Tenure, Percent of Severely Burdened Households

This data shows the percentage of severely cost burdened households that each tenure type represented. Rental households that spent more than 50% of the household income on rental costs represented 38.87% of all of the severely cost burdened households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Report Area	Severely Burdened Households	Rental Households, Percent	Owner-Occupied Households w/ Mortgage, Percent	Owner-Occupied Households w/o Mortgage, Percent
Wright County, MN	4,139	38.87%	47.45%	13.67%
Minnesota	244,246	54.75%	33.59%	11.67%
United States	17,679,129	58.27%	30.66%	11.07%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Severely Cost-Burdened Households by Tenure, Percentage of Tenure

This data shows the percentage of each tenure type that represented severely cost burdened households. Severely cost burdened rental households (those that spent more than 50% of the household income on rental costs) represented 18.55% of all of the rental households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Report Area	Rental Households	Rental Households Severely Burdened, Percent	Owner-Occupied Households w/ Mortgage	Owner-Occupied Households w/ Mortgage Severely Burdened, Percent	Owner-Occupied Households w/o Mortgage	Owner-Occupied Households w/o Mortgage Severely Burdened, Percent
Wright County, MN	8,675	18.55%	30,596	6.42%	12,252	4.62%
Minnesota	624,425	21.41%	1,060,861	7.73%	570,840	4.99%
United States	44,238,593	23.29%	50,148,459	10.81%	31,349,301	6.25%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Household Structure - Single-Parent Households

This indicator reports the percentage of children who live in households where only one parent is present.

Report Area	Population Age 0-17	Children in Single-Parent Households	Percentage of Children in Single-Parent Households
Wright County, MN	39,103	4,831	12.35%
Minnesota	1,302,865	255,568	19.62%
United States	73,025,646	18,206,449	24.93%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Single Parent Households with Children (Age 0-17), Percent by Tract, ACS 2018-22

## Household Structure - Older Adults Living Alone

This indicator reports the percentage of households occupied by a single older adult (age 65+). This indicator is important because older adults who live alone are vulnerable populations who may have challenges accessing basic needs, including health needs.

Report Area	Total Occupied Households	Total Households with Seniors (Age 65+)	Households with Seniors Living Alone	Percentage of Total Households	Percentage of Senior Households
Wright County, MN	51,523	13,162	4,940	9.59%	37.53%
Minnesota	2,256,126	653,575	266,476	11.81%	40.77%
United States	125,736,353	38,775,247	14,433,125	11.48%	37.22%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Households with Seniors (Age 65+) Living Alone, Percent by Tract, ACS 2018-22

## Housing Quality - Substandard Housing

This indicator reports the number and percentage of owner- and renter-occupied housing units having at least one of the following conditions: 1) lacking complete plumbing facilities, 2) lacking complete kitchen facilities, 3) with 1 or more occupants per room, 4) selected monthly owner costs as a percentage of household income greater than 30%, and 5) gross rent as a percentage of household income greater than 30%. Selected conditions provide information in assessing the quality of the housing inventory and its occupants. This data is used to easily identify homes where the quality of living and housing can be considered substandard. Of the 51,523 total occupied housing units in the report area, 11,515 or 22.35% have one or more substandard conditions.

Report Area	Total Occupied Housing Units	Occupied Housing Units with One or More Substandard Conditions	Occupied Housing Units with One or More Substandard Conditions, Percent
Wright County, MN	51,523	11,515	22.35%
Minnesota	2,256,126	584,253	25.90%
United States	125,736,353	39,858,044	31.70%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Substandard Housing Units, Percent of Total by Tract, ACS 2018-22

## Substandard Housing: Number of Substandard Conditions Present, Percentage of Total Occupied Housing Units

This indicator reports the percentage of total occupied housing units by number of substandard conditions.

Report Area	No Conditions	One Condition	Two or Three Conditions	Four Conditions
Wright County, MN	77.65%	21.77%	0.58%	0.00%
Minnesota	74.10%	24.63%	1.26%	0.00%
United States	68.30%	29.91%	1.78%	0.01%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Substandard Housing: Households Lacking Complete Plumbing Facilities

Complete plumbing facilities include: (a) hot and cold running water, (b) a flush toilet, and (c) a bathtub or shower. All three facilities must be located inside the house, apartment, or mobile home, but not necessarily in the same room. Housing units are classified as lacking complete plumbing facilities when any of the three facilities is not present.

Report Area	Occupied Housing Units	Housing Units Lacking Complete Plumbing Facilities	Housing Units Lacking Complete Plumbing Facilities, Percent
Wright County, MN	51,523	143	0.28%
Minnesota	2,256,126	8,210	0.36%
United States	125,736,353	486,881	0.39%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Substandard Housing: Households Lacking Complete Kitchen Facilities

A unit has complete kitchen facilities when it has all three of the following facilities: (a) a sink with a faucet, (b) a stove or range, and (c) a refrigerator. All kitchen facilities must be located in the house, apartment, or mobile home, but they need not be in the same room. A housing unit having only a microwave or portable heating equipment such as a hot plate or camping stove should not be considered as having complete kitchen facilities. An icebox is not considered to be a refrigerator.

Report Area	Occupied Housing Units	Housing Units Lacking Complete Kitchen Facilities	Housing Units Lacking Complete Kitchen Facilities, Percent
Wright County, MN	54,942	422	0.77%
Minnesota	2,493,956	39,510	1.58%
United States	140,943,613	3,439,478	2.44%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Substandard Housing: Households Lacking Telephone Service

A telephone must be in working order and service available in the house, apartment, or mobile home that allows the respondent to both make and receive calls. Households that have cell-phones (no land-line) are counted as having telephone service available. Households whose service has been discontinued for nonpayment or other reasons are not counted as having telephone service available.

Report Area	Housing Units Lacking Telephone Service	Housing Units Lacking Telephone Service	Owner-Occupied Units Lacking Telephone Service	Owner-Occupied Units Lacking Telephone Service	Renter-Occupied Units Lacking Telephone Service	Renter-Occupied Units Lacking Telephone Service
Wright County, MN	232	0.45%	171	0.40%	61	0.70%
Minnesota	18,102	0.80%	9,129	0.56%	8,973	1.44%
United States	1,317,528	1.05%	599,679	0.74%	717,849	1.62%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Number of Unsafe, Unsanitary Homes

The number and percentage of occupied housing units without plumbing are shown for the report area. U.S. Census data shows 124 housing units in the report area were without plumbing in 2000 and ACS 5 year estimates show 143 housing units in the report area were without plumbing in 2022.

Report Area	Occupied Housing Units 2000	Housing Units without Plumbing 2000	Percent without Plumbing 2000	Occupied Housing Units 2022	Housing Units without Plumbing 2022	Percent without Plumbing 2022
Wright County, MN	31,465	124	0.36%	51,523	143	0.28%
Minnesota	1,895,127	9,581	0.46%	2,256,126	8,210	0.36%
United States	106,741,426	736,626	0.69%	126,956,011	502,642	0.40%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

## Evictions

This indicator reports information about formal evictions based on court records from 48 states and the District of Columbia, compiled by the Eviction Lab. The number evictions and eviction filings within the report area is shown in below. The “filing rate” is the ratio of the number of evictions filed in an area over the number of renter-occupied homes in that area. An “eviction rate” is the subset of those homes that received an eviction judgment in which renters were ordered to leave. For the year 2016, the Eviction Lab reports that, of 8,187 rental homes in the report area, there were 156 eviction filings, for an eviction filing rate of 1.91%. 45 of the eviction filings ended in an eviction, for an eviction rate of 0.55%.

Note: Not all counties have data that has been provided. Indicator data do not include information about "informal evictions", or those that happen outside of the courtroom.

Report Area	Renter Occupied Households	Eviction Filings	Evictions	Eviction Filing Rate	Eviction Rate
Wright County, MN	8,187	156	45	1.91%	0.55%
Minnesota	588,037	13,622	3,480	2.32%	0.59%
United States	38,372,860	2,350,042	898,479	6.12%	2.34%

Note: This indicator is compared to the state average.  
Data Source: Eviction Lab, 2016.

### Eviction Filing Rate by Neighborhood Predominant Race/Ethnicity, 2016

Rates by combined race and ethnicity are calculated by aggregating data on evictions in census block groups with a majority of the population (over 50%) belonging to a specific race/ethnicity. Reported race/ethnicity categories include: Non-Hispanic White; Black or Africa American; Asian, and Hispanic or Latino. In some counties there are no majority Black, Asian, or Hispanic census block groups.

Note: Not all counties or states have data that has been provided.

Report Area	Non-Hispanic White	Non-Hispanic Black	Asian	Hispanic or Latino
Wright County, MN	0.55%	No data	No data	No data
Minnesota	0.48%	0.05%	0.00%	0.01%

### Homeless Children & Youth

This indicator reports the number of homeless children and youth enrolled in the public school system during the school year 2019-2020. According to the data source definitions, homelessness is defined as lacking a fixed, regular, and adequate nighttime residence. Those who are homeless may be sharing the housing of other persons, living in motels, hotels, or camping grounds, in emergency transitional shelters, or may be unsheltered. Data are aggregated to the report-area level based on school-district summaries where three or more homeless children are counted.

In the report area, of all the 25,254 students enrolled in reported districts during the school year 2019-2020, there were 116 or 0.50% homeless students, which is lower than the statewide rate of 1.81%.

Note: Data are available for 81.80% school districts in the report area, representing 92.20% of the public school student population.

Report Area	Students in Reported Districts	Homeless Students	Homeless Students, Percent	Districts Reporting	Students in Reported Districts
Wright County, MN	25,254	116	0.50%	81.80%	92.20%
Minnesota	730,875	13,241	1.81%	85.07%	96.52%
United States	47,386,316	1,311,089	2.77%	86.95%	97.47%

Note: This indicator is compared to the state average.

## Other Social & Economic Factors

### Social Vulnerability Index

The degree to which a community exhibits certain social conditions, including high poverty, low percentage of vehicle access, or crowded households, may affect that community’s ability to prevent human suffering and financial loss in the event of disaster. These factors describe a community’s social vulnerability.

The social vulnerability index is a measure of the degree of social vulnerability in counties and neighborhoods across the United States, where a higher score indicates higher vulnerability. The report area has a social vulnerability index score of 0.02, which is less than the state average of 0.32.

Report Area	Total Population	Socioeconomic Theme Score	Household Composition Theme Score	Minority Status Theme Score	Housing & Transportation Theme Score	Social Vulnerability Index Score
Wright County, MN	142,543	0.02	0.11	0.29	0.08	<b>0.02</b>
Minnesota	5,695,292	0.19	0.31	0.52	0.57	0.32
United States	331,097,593	0.54	0.47	0.72	0.63	0.58

Note: This indicator is compared to the state average.  
Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, CDC - GRASP, 2022.

### Population Percentages by Tiered Social Vulnerability Index

The degree to which a community exhibits certain social conditions, including high poverty, low percentage of vehicle access, or crowded households, may affect that community’s ability to prevent human suffering and financial loss in the event of disaster. These factors describe a community’s social vulnerability.

Report Area	Least Disadvantaged	Moderately Disadvantaged	Highly Disadvantaged	Most Disadvantaged
Wright County, MN	14.46%	73.55%	11.99%	0.00%
Minnesota	44.28%	40.94%	13.33%	1.44%
United States	14.19%	22.98%	27.82%	35.01%

Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, CDC - GRASP, 2022.

## Households with No Motor Vehicle

This indicator reports the number and percentage of households with no motor vehicle based on the latest 5-year American Community Survey estimates. Of the 51,523 total households in the report area, 1,430 or 2.78% are without a motor vehicle.

Report Area	Total Occupied Households	Households with No Motor Vehicle	Households with No Motor Vehicle, Percent
Wright County, MN	51,523	1,430	2.78%
Minnesota	2,256,126	148,463	6.58%
United States	125,736,353	10,474,870	8.33%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Households with No Vehicle, Percent by Tract, ACS 2018-22

## Households with No Motor Vehicle by Tenure

This indicator reports the total and percentage of households with no vehicle by tenure.

These numbers in the following table could be interpreted as (take the first two columns as an example), "Within the report area, there are a total of (value) owner-occupied households with no vehicle. This accounts for (value) of all the owner-occupied households."

Report Area	Owner-Occupied Households	Owner-Occupied Households, Percent	Renter-Occupied Households	Renter-Occupied Households, Percent
Wright County, MN	478	1.12%	952	10.97%
Minnesota	31,504	1.93%	116,959	18.73%
United States	2,560,689	3.14%	7,914,181	17.89%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Food Environment - Food Desert Census Tracts

This indicator reports the number of neighborhoods in the report area that are within food deserts. The USDA Food Access Research Atlas defines a food desert as any neighborhood that lacks healthy food sources due to income level, distance to supermarkets, or vehicle access. The report area has a population of 10,532 living in food deserts and a total of 2 census tracts classified as food deserts by the

USDA.

Report Area	Total Population (2010)	Food Desert Census Tracts	Other Census Tracts	Food Desert Population	Other Population
Wright County, MN	124,700	2	15	10,532	114,168

### Food Environment - Grocery Stores

Healthy dietary behaviors are supported by access to healthy foods, and Grocery Stores are a major provider of these foods. There are 13 grocery establishments in the report area, a rate of 9.20 per 100,000 population. Grocery stores are defined as supermarkets and smaller grocery stores primarily engaged in retailing a general line of food, such as canned and frozen foods; fresh fruits and vegetables; and fresh and prepared meats, fish, and poultry. Delicatessen-type establishments are also included. Convenience stores and large general merchandise stores that also retail food, such as supercenters and warehouse club stores, are excluded.

Report Area	Total Population (2020)	Number of Establishments	Establishments, Rate per 100,000 Population
Wright County, MN	141,337	13	9.20
Minnesota	5,706,447	1,004	17.59
United States	331,449,275	62,647	18.90

Note: This indicator is compared to the state average.

**Built Environment - Households with No Computer**

This indicator reports the percentage of households who don't own or use any types of computers, including desktop or laptop, smartphone, tablet or other portable wireless computer, and some other type of computer, based on the 2018-2022 American Community Survey estimates. Of the 51,523 total households in the report area, 2,540 or 4.93% are without a computer.

*Note: The ACS 2018-22 questions about internet/computer usage are not asked for the group quarters population, so data do not include people living in housing such as dorms, prisons, nursing homes, etc.*

Report Area	Total Households	Households with No Computer	Households with No Computer, Percent
Wright County, MN	51,523	2,540	4.93%
Minnesota	2,256,126	123,182	5.46%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Computer and Internet Usage of Population, Percent

This indicator reports the computer and Internet usage of household population, including not using or owning a computer, with a computer and using dial-up alone for Internet access, with a computer and with a broadband subscription, and with a computer but without an Internet subscription, based on the 2018-2022 American Community Survey estimates.

Report Area	Population with No Computer	Population with Any Computer	Population with Any Computer with Dial-up Alone	Population with Any Computer with A Broadband Subscription	Population with Any Computer without An Internet Subscription
Wright County, MN	2.45%	97.55%	0.21%	94.62%	2.73%
Minnesota	3.03%	96.97%	0.19%	92.78%	4.00%
United States	3.72%	96.28%	0.13%	91.01%	5.14%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Built Environment - Broadband Access

This indicator reports the percentage of population with access to high-speed internet. Data are based on the reported service area of providers offering download speeds of 25 MBPS or more and upload speeds of 3 MBPS or more. These data represent both wireline and fixed/terrestrial wireless internet providers. Cellular internet providers are not included.

Report Area	Total Number of Broadband Serviceable Locations	Access to DL Speeds >= 25MBPS and UL Speeds >= 3 MBPS	Access to DL Speeds >= 100MBPS and UL Speeds >= 20 MBPS
Wright County, MN	55,202	93.59%	88.53%
Minnesota	2,098,318	94.00%	90.64%
United States	115,342,228	93.84%	91.20%

Note: This indicator is compared to the state average.  
Data Source: FCC FABRIC Data. Additional data analysis by CARES. December, 2023.

Wright County, MN

## Violent Crime - Total

Violent crime includes homicide, rape, robbery, and aggravated assault.

Within the report area, the 2015-2017 three-year total of reported violent crimes was 508, which equates to an annual rate of 108.30 crimes per 100,000 people, lower than the statewide rate of 238.10.

Report Area	Total Population	Violent Crimes, 3-year Total	Violent Crimes, Annual Rate (Per 100,000 Pop.)
Wright County, MN	156,230	508	<b>108.30</b>
Minnesota	5,801,226	41,453	238.10
United States	366,886,849	4,579,031	416.00

## Property Crime - Total

This indicator reports the rate of property crime offenses reported by law enforcement per 100,000 residents. Property crimes include burglary, larceny-theft, motor vehicle theft, and arson. This indicator is relevant because it assesses community safety.

In the report area, 1,976 property crimes occurred in 2014 and 2016 (two years). The property crime rate of 1,509.1 per 100,000 residents is lower than the statewide rate of 2,207.8 per 100,000.

*Note: Data are suppressed for counties if, for both years of available data, the population reported by agencies is less than 50% of the population reported in Census, or if less than 80% of agencies measuring crimes reported data.*

Report Area	Total Population	Property Crimes, Annual Average	Property Crimes, Annual Rate (Per 100,000 Pop.)
Wright County, MN	130,919	1,976	1,509.1
Minnesota	5,488,544	121,160	2,207.8
United States	321,015,117	7,915,583	2,466.1

## Health Behaviors

### Tobacco Usage - Current Smokers

This indicator reports the percentage of adults age 18 and older who report having smoked at least 100 cigarettes in their lifetime and currently smoke every day or some days.

Within the report area there are 14.5% adults age 18+ who have smoked and currently smoke of the total population age 18+.

Report Area	Total Population	Adults Age 18+ as Current Smokers (Crude)	Adults Age 18+ as Current Smokers (Age-Adjusted)
Wright County, MN	148,003	14.5%	14.0%
Minnesota	5,717,184	13.6%	13.9%
United States	333,287,557	12.9%	13.2%

United States	15.50%	15.30%	14.30%	13.50%	12.90%

Data Source: Centers for Disease Control and Prevention, Behavioral Risk Factor Surveillance System. Accessed via the PLACES Data Portal. 2022.

**Physical Inactivity**

Within the report area, 15,530 or 14.8% of adults aged 20 and older self-report no active leisure time, based on the question: "During the past month, other than your regular job, did you participate in any physical activities or exercises such as running, calisthenics, golf, gardening, or walking for exercise?" This indicator is relevant because current behaviors are determinants of future health and this indicator may illustrate a cause of significant health issues, such as obesity and poor cardiovascular health.

*Note: In 2021, the CDC updated the methodology used to produce estimates for this indicator. Estimated values for prior years (2004 - 2017) have been updated in this platform to allow comparison across years. Use caution when comparing with saved assessments generated prior to November 10, 2021.*

Report Area	Population Age 20+	Adults Age 20+ with No Leisure Time Physical Activity	Adults Age 20+ with No Leisure Time Physical Activity, Percent

Data Source: Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion. 2021.

## Obesity

This indicator reports the number and percentage of adults aged 20 and older self-report having a Body Mass Index (BMI) greater than 30.0 (obese). Respondents were considered obese if their Body Mass Index (BMI) was 30 or greater. Body mass index (weight [kg]/height [m]<sup>2</sup>) was derived from self-report of height and weight. Excess weight may indicate an unhealthy lifestyle and puts individuals at risk for further health issues.

Within the report area, there are a total of 33,826 adults age 20 and older who self-reported having a BMI greater than 30.0. This represents a 32.9% of the survey population.

*Note: In 2021, the CDC updated the methodology used to produce estimates for this indicator. Estimated values for prior years (2004 - 2017) have been updated in this platform to allow comparison across years. Use caution when comparing with saved assessments generated prior to November 10, 2021.*

Report Area	Population Age 20+	Adults with BMI > 30.0 (Obese)	Adults with BMI > 30.0 (Obese), Percent

Data Source: Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, 2021.

### Late or No Prenatal Care

This indicator reports the percentage of women who did not obtain prenatal care until the 7th month (or later) of pregnancy or who didn't have any prenatal care, as of all who gave birth during the three year period from 2017 to 2019. This indicator is relevant because engaging in prenatal care decreases the likelihood of maternal and infant health risks. This indicator can also highlight a lack of access to preventive care, a lack of health knowledge, insufficient provider outreach, and/or social barriers preventing utilization of services.

Within the report area, of the total births of 5,160 during 2017 and 2019, births with late or no prenatal care was 102 or 1.98%. This is lower than the national average rate of 6.12%.

Note: Data are suppressed for counties with population less than 100,000 or when the birth counts represent fewer than ten persons.

Report Area	Total Births	Births with Late/No Care	% of Births with Late/No Care
Wright County, MN	5,160	102	1.98%
Minnesota	201,966	7,331	3.63%
United States	11,394,752	697,581	6.12%

Note: This indicator is compared to the state average.  
Data Source: Centers for Disease Control and Prevention, CDC - National Vital Statistics System. Accessed via CDC WONDER. Centers for Disease Control and Prevention, Wide-Ranging Online Data for Epidemiologic Research, 2017-19.

## Healthcare Access

### Insurance - Uninsured Adults

The lack of health insurance is considered a *key driver* of health status.

This indicator reports the percentage of adults age 18 to 64 without health insurance coverage. This indicator is relevant because lack of insurance is a primary barrier to healthcare access including regular primary care, specialty care, and other health services that contributes to poor health status.

Report Area	Total Population Age 18-64	Pop. Age 18-64 w/ Insurance	Pop. Age 18-64 w/ Insurance, Percent	Pop. Age 18-64 w/o Insurance	Pop. Age 18-64 w/o Insurance, Percent
Wright County, MN	87,958	83,604	95.05%	4,354	4.95%
Minnesota	3,371,344	3,161,935	93.79%	209,409	6.21%
United States	197,858,423	175,621,269	88.76%	22,237,154	11.24%

Note: This indicator is compared to the state average.

### Uninsured Population, Age 18-64, Percent by County, SAHIE 2022

## Uninsured Population Age 18 - 64 by Race / Ethnicity, Percent

This indicator reports the percentage of uninsured population age 18-64 by race/ethnicity.

The percentage values could be interpreted as, for example, "Of all the non-Hispanic white population age 18-64 in the report area, the proportion without medical insurance is (value)."

Note: There is only SAHIE data available for state/national areas for this dataset.

Report Area	Non-Hispanic White	Non-Hispanic Black	Hispanic or Latino
Minnesota	4.50%	9.60%	21.00%
United States	7.57%	12.05%	22.94%

Data Source: US Census Bureau, *Small Area Health Insurance Estimates*, 2022.

## Uninsured Population Age 18 - 64, Percent by Year, 2013 through 2022

Report Area	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022

Minnesota	11.00%	7.90%	6.00%	5.40%	5.80%	5.90%	6.90%	6.90%	6.20%	6.20%
United States	20.4%	16.4%	13.2%	12.1%	12.2%	12.4%	12.8%	12.4%	12.1%	11.2%

Data Source: US Census Bureau, *Small Area Health Insurance Estimates*, 2022.

## Insurance - Uninsured Children

The lack of health insurance is considered a *key driver* of health status.

This indicator reports the percentage of children under age 19 without health insurance coverage. This indicator is relevant because lack of insurance is a primary barrier to healthcare access including regular primary care, specialty care, and other health services that contributes to poor health status.

Report Area	Total Population Age 0-18	Pop. Age 0-18 w/ Insurance	Pop. Age 0-18 w/ Insurance, Percent	Pop. Age 0-18 w/o Insurance	Pop. Age 0-18 w/o Insurance, Percent

## Federally Qualified Health Centers

This indicator reports the number of Federally Qualified Health Centers (FQHCs) in the community. This indicator is relevant because FQHCs are community assets that provide health care to vulnerable populations; they receive extra funding from the federal government to promote access to ambulatory care in areas designated as medically underserved.

Within the report area, there is 0 Federally Qualified Health Center. This means there is a rate of 0.00 Federally Qualified Health Centers per 100,000 total population.

Report Area	Total Population (2020)	Number of Federally Qualified Health Centers	Rate of Federally Qualified Health Centers per 100,000 Population
Wright County, MN	141,337	0	0.00
Minnesota	5,706,447	78	1.37
United States	334,735,149	11,680	3.49

Note: This indicator is compared to the state average.

## Persons Receiving Medicare

The total number of persons receiving Medicare is shown, broken down by number over 65 and number of disabled persons receiving Medicare for the report area. The U.S. Department of Health and Human Services reported that a total of 23,397 persons were receiving Medicare benefits in the report area in 2023. A large number of individuals in our society are aware that persons over 65 years of age receive Medicare; however, many of them are unaware that disabled persons also receive Medicare benefits. A total of 2,089 disabled persons in the report area received Medicare benefits in 2023.

Report Area	Persons Over 65 Receiving Medicare	Disabled Persons Receiving Medicare	Total Persons Receiving Medicare
Wright County, MN	21,309	2,089	23,397
Minnesota	1,009,807	109,037	1,118,844
United States	58,950,322	7,442,138	66,392,459

Data Source: Centers for Medicare and Medicaid Services, *CMS - Geographic Variation Public Use File*. 2023.

## Medicare and Medicaid Providers

Total institutional Medicare and Medicaid providers, including hospitals, nursing facilities, Federally qualified health centers, rural health clinics and community mental health centers for the report area are shown. According to the U.S. Department of Health and Human Services, there were 12 active Medicare and Medicaid institutional service providers in the report area in the fourth quarter of 2023.

Report Area	Total Institutional Providers	Hospitals	Nursing Facilities	Federally Qualified Health Centers	Rural Health Clinics	Community Mental Health Centers
Wright County, MN	12	3	7	0	0	0
Minnesota	932	146	346	78	103	1

## Health Outcomes

### Hospitalizations - Emergency Room Visits

This indicator reports the number and rate of emergency room (ER) visits among Medicare beneficiaries age 65 and older. This indicator is relevant because emergency room visits are "high intensity" services that can burden on both health care systems and patients. High rates of emergency room visits "may indicate poor care management, inadequate access to care or poor patient choices, resulting in ED visits that could be prevented"<sup>1</sup>.

In the latest reporting period there were 21,247 Medicare beneficiaries in the report area. Beneficiaries had 5,013 emergency room visits, and the rate of visits per 1,000 beneficiaries was 634.6. The ER visit rate in the report area was higher than the state rate of 630.2 during the same time period.

Report Area	Medicare Part A and B Beneficiaries	Emergency Room Visits	Emergency Room Visits, Rate (per 1,000 Beneficiaries)
Wright County, MN	21,247	5,013	<b>634.6</b>
Minnesota	1,022,233	262,676	630.2
United States	59,319,668	17,059,786	575.6

Note: This indicator is compared to the state average.

### Poor Mental Health - Mental Health and Substance Use Conditions

This indicator reports the rate of diagnoses for mental health and substance use conditions among the Medicare population. Figures are reported as age-adjusted to year 2000 standard. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because mental health and substance use is an indicator of poor health.

Report Area	Medicare Beneficiaries	Beneficiaries with Mental Health and Substance Use Conditions, Percent
Wright County, MN	19,425	31%
Minnesota	969,165	30%
United States	57,235,207	32%

## Life Expectancy by Census Tract

This indicator reports the average life expectancy at birth. Life expectancy measures the average number of years from birth a person can expect to live, according to the current mortality experience (age-specific death rates) of the population. Life expectancy takes into account the number of deaths in a given time period and the average number of people at risk of dying during that period, allowing us to compare data across census tracts with different population sizes.

Within the report area, the average life expectancy at birth is 81.36 of the total population.

*Note: Data are suppressed for areas with fewer than 5,000 total population (pooled) during the study period.*

Report Area	Total Population (2010-2015)	Life Expectancy at Birth (2010-2015)
Wright County, MN	128,691	81.36
Minnesota	5,419,171	80.68
United States	320,098,094	78.69

Life Expectancy at Birth, 2010-2015

[View larger map](#)

Life Expectancy At Birth, Years by Tract, CDC NCHS 2010-15

## Life Expectancy (2010-2015) - Geographic Disparity

The tables and charts below display summary measures describing the distribution of life expectancy values within the report area, including the range (maximum - minimum) and variance. Variance measures include the standard and weighted variance. Weighted variance takes into consideration the population of the neighborhoods/census tracts in determining the spread or values.

*Note: No data are provided for counties with fewer than 2 valid data points in the report area.*

Report Area	Minimum	1st Quartile	Median	3rd Quartile	Maximum
Wright County, MN	77.70	78.70	81.00	82.80	85.70

*Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, U.S. Small-Area Life Expectancy Estimates Project, 2010-15.*

Report Area	Range (Maximum - Minimum) in Life Expectancy	Variance in Life Expectancy	Weighted Variance in Life Expectancy
Wright County, MN	8.0	5.9	5.4

Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, U.S. Small-Area Life Expectancy Estimates Project. 2010-15.

### Period Life Table (2010-2015)

This indicator reports the probability of dying between the ages referenced in each category (among the population living to the first age in the reference category). For example, the data in column **Ages 1-4** expresses the probability of dying between one and four years of age. Data values are expressed as a percentage.

Report Area	Under Age 1	Ages 1-4	Ages 5-14	Ages 15-24	Ages 25-34	Ages 35-44	Ages 45-54	Ages 55-64	Ages 65-74	Ages 75-84
Wright County, MN	0.41%	0.08%	0.13%	0.70%	0.72%	0.97%	2.42%	5.54%	13.73%	38.48%
Minnesota	0.66%	0.14%	0.17%	0.75%	0.92%	1.33%	3.04%	6.43%	14.54%	35.17%
United States	0.74%	0.15%	0.17%	0.81%	1.19%	1.77%	4.00%	8.20%	16.63%	37.96%

Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, U.S. Small-Area Life Expectancy Estimates Project. 2010-15.

## Cancer Incidence - All Sites

This indicator reports the age adjusted incidence rate (cases per 100,000 population per year) of cancer (all sites) adjusted to 2000 U.S. standard population age groups (Under age 1, 1-4, 5-9, ..., 80-84, 85 and older).

Report Area	Estimated Total Population	New Cases (Annual Average)	Cancer Incidence Rate (Per 100,000 Population)
Wright County, MN	No data	No data	No data

## Deaths of Despair (Suicide + Drug/Alcohol Poisoning)

This indicator reports average rate of death due to intentional self-harm (suicide), alcohol-related disease, and drug overdose, also known as "deaths of despair", per 100,000 population. Figures are reported as crude rates. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because death of despair is an indicator of poor mental health.

Within the report area, there were 208 deaths of despair. This represents a crude death rate of 29.4 per every 100,000 total population.

Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.

Report Area	Total Population, 2018-2022 Average	Five Year Total Deaths, 2018-2022 Total	Crude Death Rate (Per 100,000 Population)
Wright County, MN	141,565	208	29.4
Minnesota	5,666,545	13,113	46.3
United States	330,014,476	922,513	55.9

Note: This indicator is compared to the state average.

## Mortality - Firearm

This indicator reports the 2018-2022 five-year average rate of death due to firearm wounds per 100,000 population, which includes gunshot wounds from powder-charged handguns, shotguns, and rifles. Figures are reported as crude rates. This indicator is relevant because firearm deaths are preventable and they are a cause of premature death.

Within the report area, there are a total of 58 deaths due to firearm wounds. This represents a crude death rate of 8.2 per every 100,000 total population.

*Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.*

Report Area	Total Population, 2018-2022 Average	Five Year Total Deaths, 2018-2022 Total	Crude Death Rate (Per 100,000 Population)

### Mortality - Opioid Overdose

This indicator reports the 2018-2022 five-year average rate of death due to opioid drug overdose per 100,000 population. Figures are reported as crude rates. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because opioid drug overdose is the leading cause of injury deaths in the United States, and they have increased dramatically in recent years.

Within the report area, there are a total of 46 deaths due to opioid overdose. This represents a crude death rate of 6.5 per every 100,000 total population.

Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.

Report Area	Total Population, 2018-2022 Average	Five Year Total Deaths, 2018-2022 Total	Crude Death Rate (Per 100,000 Population)
Wright County, MN	141,565	46	6.5
Minnesota	5,666,545	3,531	12.5
United States	330,014,476	331,211	20.1
United States	329,289,235	331,211	20.1

Note: This indicator is compared to the state average.  
 Data Source: Centers for Disease Control and Prevention, CDC - National Vital Statistics System. Accessed via CDC WONDER. 2018-2022.

## Mortality - Infant Mortality (CDC)

This indicator reports information about infant mortality, which is defined as the number of all infant deaths (within 1 year) per 1,000 live births. Data were from the National Center for Health Statistics - Mortality Files (2015-2021) and are used for the 2024 County Health Rankings.

Within the report area, 36 infants died during the 2015-21 seven year period. This represents 3.0 deaths per 1,000 live births.

*Note: Data are suppressed for counties with fewer than 20 infant deaths in the time frame.*

Report Area	Number of Infant Deaths	Deaths per 1,000 Live Births
Wright County, MN	36	3.0
Minnesota	2,261	5.0
United States	150,841	5.7

*Note: This indicator is compared to the state average.*

United States	4.0	11.0	8.0	3.0	7.0	9.0	5.0

*Data Source: University of Wisconsin Population Health Institute, County Health Rankings. 2015-2021.*

## Low Birth Weight (CDC)

This indicator reports the percentage of live births where the infant weighed less than 2,500 grams (approximately 5 lbs., 8 oz.). These data are reported for a 7-year aggregated time period. Data were from the National Center for Health Statistics - Natality Files (2016-2022) and are used for the 2024 County Health Rankings.

Within the report area, there were 671 infants born with low birth weight. This represents 5.0% of the total live births.

*Note: Data are suppressed for counties with fewer than 10 low birthweight births in the reporting period.*

Report Area	Total Live Births	Low Birthweight Births	Low Birthweight Births, Percentage
Wright County, MN	12,398	671	5.0%
Minnesota	463,027	31,862	6.9%
United States	26,262,906	2,190,533	8.3%

## Special Topics - COVID-19

### COVID-19 - Confirmed Cases

This indicator reports incidence rate of confirmed COVID-19 cases per 100,000 population. Data for this indicator reflect the total confirmed cases since the start of the COVID-19 pandemic until the dataset discontinuation in March, 2023. Data are obtained from the Johns Hopkins University data feed.

In the report area, there have been 42,819 total confirmed cases of COVID-19. The rate of confirmed cases is 31,403.97 per 100,000 population, which is less than the state average of 31,686.21. Data are current as of 03/10/2023.

Report Area	Total Population	Total Confirmed Cases	Confirmed Cases, Rate per 100,000 Population	Last Update
Wright County, MN	136,349	42,819	31,403.97	03/10/2023
Minnesota	5,611,179	1,777,970	31,686.21	03/10/2023
United States	326,262,499	101,470,604	31,100.91	03/10/2023

Note: This indicator is compared to the state average.

### COVID-19 - Mortality

This indicator reports mortality rate from patients with confirmed COVID-19 disease per 100,000 population. Data for this indicator reflect the total deaths since the start of the COVID-19 pandemic until the dataset discontinuation in March, 2023. Data are obtained from the Johns Hopkins University data feed.

In the report area, there have been 344 total deaths among patients with confirmed cases of the coronavirus disease COVID-19. The mortality rate in the report area is 252.29 per 100,000 population, which is less than the state average of 257.50. Data are current as of 03/10/2023.

Report Area	Total Population	Total Deaths	Deaths, Rate per 100,000 Population	Last Update
Wright County, MN	136,349	344	252.29	03/10/2023
Minnesota	5,611,179	14,449	257.50	03/10/2023
United States	326,262,499	1,102,319	337.86	03/10/2023

## COVID-19 Fully Vaccinated Adults

This indicator reports the percent of adults fully vaccinated for COVID-19. Data is updated daily from the CDC API. Vaccine hesitancy is the percent of the population estimated to be hesitant towards receiving a COVID-19 vaccine. The Vaccine Coverage Index is a score of how concerning vaccine rollout may be in some communities compared to others, with values ranging from 0 (least concerning) to 1 (most concerning).

Report Area	Percent of Adults Fully Vaccinated	Estimated Percent of Adults Hesitant About Receiving COVID-19 Vaccination	Vaccine Coverage Index	Last Update
Wright County, MN	<b>67.20%</b>	7.53%	0.35	09/28/2022
Minnesota	74.88%	7.07%	0.26	09/28/2022
United States	72.90%	10.33%	0.44	09/28/2022

Note: This indicator is compared to the state average.

## Population Profile

### Total Population

A total of 68,738 people live in the 190.81 square mile report area defined for this assessment according to the U.S. Census Bureau American Community Survey 2018-22 5-year estimates. The population density for this area, estimated at 360 persons per square mile, is greater than the national average population density of 94 persons per square mile.

Report Area	Total Population	Total Land Area (Square Miles)	Population Density (Per Square Mile)
Report Location	68,738	190.81	360
Hennepin County, MN	1,270,787	554.01	2,294
Minnesota	5,695,292	79,631.58	72
United States	331,097,593	3,533,269.34	94

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Gender

This indicator reports the total population of the report area by gender.

The percentage values could be interpreted as, for example, "Among the total report area population, the percentage of population that is male is (value)."

Report Area	Male	Female	Male, Percent	Female, Percent
Report Location	35,666	33,072	51.89%	48.11%
Hennepin County, MN	633,454	637,333	49.85%	50.15%
Minnesota	2,857,964	2,837,328	50.18%	49.82%
United States	164,200,298	166,897,295	49.59%	50.41%

### Total Population by Age Groups, Total

This indicator reports the total population of the report area by age groups.

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Report Location	4,834	13,779	3,446	5,251	9,201	11,564	10,567	10,096
Hennepin County, MN	76,959	198,206	109,727	207,742	181,267	150,743	158,624	187,519
Minnesota	340,546	966,538	513,816	751,997	751,128	675,835	756,036	939,396
United States	19,004,925	54,208,780	31,282,896	45,388,153	42,810,359	41,087,357	42,577,475	54,737,648

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Age Groups, Percent

This indicator reports the percentage of age groups in the population of the report area.

The percentage values could be interpreted as, for example, "Of the total population in the report area, the percentage of population age 0-4 is (value)."

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Report Location	7.03%	20.05%	5.01%	7.64%	13.39%	16.82%	15.37%	14.69%
Hennepin County, MN	6.06%	15.60%	8.63%	16.35%	14.26%	11.86%	12.48%	14.76%
Minnesota	5.98%	16.97%	9.02%	13.20%	13.19%	11.87%	13.27%	16.49%
United States	5.74%	16.37%	9.45%	13.71%	12.93%	12.41%	12.86%	16.53%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Race Alone, Total

This indicator reports the total population of the report area by race alone.

Report Area	White	Black	Asian	American Indian / Alaska Native	Native Hawaiian / Pacific Islander	Some Other Race	Multiple Races
Report Location	61,641	1,122	2,556	192	8	759	2,460
Hennepin County, MN	876,481	168,955	90,694	7,887	305	42,992	83,473
Minnesota	4,537,219	382,082	286,146	51,434	2,324	133,098	302,989
United States	218,123,424	41,288,572	19,112,979	2,786,431	624,863	20,018,544	29,142,780

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Race Alone, Percent

This indicator reports the percentage of population by race alone in the report area.

The percentage values could be interpreted as, for example, "Of all the population in the report area, the percentage of population who are white is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Report Location	89.68%	1.63%	3.72%	0.28%	0.01%	1.10%	3.58%
Hennepin County, MN	68.97%	13.30%	7.14%	0.62%	0.02%	3.38%	6.57%
Minnesota	79.67%	6.71%	5.02%	0.90%	0.04%	2.34%	5.32%
United States	65.88%	12.47%	5.77%	0.84%	0.19%	6.05%	8.80%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Race Alone or in Combination with One or More Other Races, Total

This indicator reports the total population of the report area by race alone or in combination with one or more other races.

Report Area	White	Black	Asian	American Indian / Alaska Native	Native Hawaiian / Pacific Islander	Some Other Race
Report Location	64,054	1,667	3,309	812	34	1,469
Hennepin County, MN	952,469	200,278	110,151	23,772	2,174	72,197
Minnesota	4,821,200	482,465	346,142	119,823	8,775	244,221
United States	244,954,342	47,498,346	23,330,887	6,749,000	1,513,124	38,354,036

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Race Alone or in Combination with One or More Other Races, Percent of Total Population

This indicator reports the percentage of population by race alone or in combination with one or more other races in the report area. The percentage values could be interpreted as, for example, "Of all the population in the report area, the percentage of population who are white alone or in combination with one or more other races is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race
Report Location	93.19%	2.43%	4.81%	1.18%	0.05%	2.14%
Hennepin County, MN	74.95%	15.76%	8.67%	1.87%	0.17%	5.68%
Minnesota	84.65%	8.47%	6.08%	2.10%	0.15%	4.29%
United States	73.98%	14.35%	7.05%	2.04%	0.46%	11.58%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Ethnicity Alone

This indicator reports the total population of the report area by ethnicity alone.

Report Area	Total Population	Hispanic or Latino Population	Hispanic or Latino Population, Percent	Non-Hispanic Population	Non-Hispanic Population, Percent
Report Location	68,738	1,083	1.58%	67,655	98.42%
Hennepin County, MN	1,270,787	89,878	7.07%	1,180,909	92.93%
Minnesota	5,695,292	327,049	5.74%	5,368,243	94.26%
United States	331,097,593	61,755,866	18.65%	269,341,727	81.35%

Data Source: US Census Bureau, [American Community Survey, 2018-22](#).

### Hispanic Population by Race Alone, Total

This indicator reports the total of Hispanic or Latino population in the report area by race alone.

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Report Location	482	9	0	27	0	277	288
Hennepin County, MN	26,306	1,666	608	2,200	43	34,507	24,548
Minnesota	113,777	4,909	1,762	7,557	357	111,090	87,597
United States	23,236,960	1,142,180	239,537	960,145	63,302	18,600,063	17,513,679

Data Source: US Census Bureau, [American Community Survey, 2018-22](#).

### Hispanic Population by Race Alone, Percent of Hispanic Population

This indicator reports the percentage of Hispanic or Latino population in the report area by race alone.

The percentage values could be interpreted as, for example, "Of all the Hispanic population in the report area, the percentage of population who are white is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Report Location	44.51%	0.83%	0.00%	2.49%	0.00%	25.58%	26.59%
Hennepin County, MN	29.27%	1.85%	0.68%	2.45%	0.05%	38.39%	27.31%
Minnesota	34.79%	1.50%	0.54%	2.31%	0.11%	33.97%	26.78%
United States	37.63%	1.85%	0.39%	1.55%	0.10%	30.12%	28.36%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Non-Hispanic Population by Race Alone, Total

This indicator reports the total non-Hispanic population in the report area by race alone.

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Report Location	61,159	1,113	2,556	165	8	482	2,172
Hennepin County, MN	850,175	167,289	90,086	5,687	262	8,485	58,925
Minnesota	4,423,442	377,173	284,384	43,877	1,967	22,008	215,392
United States	194,886,464	40,146,392	18,873,442	1,826,286	561,561	1,418,481	11,629,101

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Non-Hispanic Population by Race Alone, Percent of Non-Hispanic Population

This indicator reports the percentage of the non-Hispanic population in the report area by race alone.

The percentage values could be interpreted as, for example, "Of all the non-Hispanic population in the report area, the percentage of population who are white is (value)."

Report Area	White	Black	Asian	American Indian or Alaska Native	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Races
Report Location	90.40%	1.65%	3.78%	0.24%	0.01%	0.71%	3.21%
Hennepin County, MN	71.99%	14.17%	7.63%	0.48%	0.02%	0.72%	4.99%
Minnesota	82.40%	7.03%	5.30%	0.82%	0.04%	0.41%	4.01%
United States	72.36%	14.91%	7.01%	0.68%	0.21%	0.53%	4.32%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Total Population by Combined Race and Ethnicity

This indicator reports the percentage of the total population in the report area by combined race and ethnicity.

The percentage values could be interpreted as, for example, "Of all the population in the report area, the percentage of population who are non-Hispanic white is (value)."

Note: Some of the combined race/ethnicity groups use acronyms for their names in the following table and chart. The full forms are as followed:

- Non-Hispanic NAAN = Non-Hispanic Native American or Alaska Native
- Non-Hispanic NPI = Non-Hispanic Native Hawaiian or Pacific Islander
- Non-Hispanic Other = Non-Hispanic Some Other Race

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic Asian	Non-Hispanic NAAN	Non-Hispanic NPI	Non-Hispanic Other	Non-Hispanic Multiple Races	Hispanic or Latino
Report Location	88.97%	1.62%	3.72%	0.24%	0.01%	0.70%	3.16%	1.58%

### Total Population by Combined Race and Ethnicity - Column Chart

The chart below represents combined race and ethnicity data in a column chart. This chart enables comparison between the report area and state and/or national averages.

### Total Population Change, 2010-2020

According to the United States Census Bureau Decennial Census, between 2010 and 2020 the population in the report area grew by 8,446 persons, a change of 14.00%. A significant positive or negative shift in total population over time impacts healthcare providers and the utilization of community resources.

Report Area	Total Population, 2010 Census	Total Population, 2020 Census	Population Change, 2010-2020	Population Change, 2010-2020, Percent
Report Location	60,342	68,788	8,446	14.00%
Hennepin County, MN	1,152,400	1,281,565	129,165	11.21%
Minnesota	5,303,907	5,706,494	402,587	7.59%
United States	312,471,161	334,735,155	22,263,994	7.13%

Note: This indicator is compared to the state average.

### Population Change (2010-2020) by Hispanic Origin

This indicator reports the Hispanic or Latino population change in the report area.

The percentage values could be interpreted as, for example, "Of all the Hispanic population within the report area, there is a population change of (value) during the report time period."

Report Area	Hispanic Population Change, Total	Hispanic Population Change, Percent	Non-Hispanic Population Change, Total	Non-Hispanic Population Change, Percent
Report Location	831	70.72%	7,615	12.87%
Hennepin County, MN	20,571	26.48%	108,595	10.10%
Minnesota	95,381	38.11%	307,207	6.08%
United States	11,163,011	20.61%	11,100,922	4.30%

Data Source: US Census Bureau, Decennial Census, 2020.

### Total Population Change (2010-2020) by Race

This indicator reports the total population change of the report area by combined race and ethnicity.

Note: Some of the combined race/ethnicity groups use acronyms for their names in the following table. The full forms are as followed:

- Non-Hispanic AIAN = Non-Hispanic American Indian or Alaska Native
- Non-Hispanic NPI = Non-Hispanic Native Hawaiian or Pacific Islander
- Non-Hispanic Other = Non-Hispanic Some Other Race

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic AIAN	Non-Hispanic Asian	Non-Hispanic NPI	Non-Hispanic Other	Non-Hispanic Multiple Race	Hispanic/Latino
Report Location	4,159	272	-5	1,143	-2	219	1,831	831
Hennepin County, MN	14,203	35,363	-832	25,815	-43	3,806	30,287	20,571
Minnesota	-51,246	123,711	1,624	84,463	761	15,016	132,876	95,381

Data Source: US Census Bureau, Decennial Census. 2020.

### Percent Population Change (2010-2020) by Race

This indicator reports the total population change of the report area by combined race and ethnicity.

The percentage values could be interpreted as, for example, "Of all the non-Hispanic white population within the report area, there is a population change of (value) during the report time period."

Note: Some of the combined race/ethnicity groups use acronyms for their names in the following table and chart. The full forms are as followed:

- Non-Hispanic AIAN = Non-Hispanic American Indian or Alaska Native
- Non-Hispanic NPI = Non-Hispanic Native Hawaiian or Pacific Islander
- Non-Hispanic Other = Non-Hispanic Some Other Race

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic AIAN	Non-Hispanic Asian	Non-Hispanic NPI	Non-Hispanic Other	Non-Hispanic Multiple Race	Hispanic/Latino
Report Location	7.36%	44.23%	-3.88%	99.30%	-22.22%	842.31%	257.52%	70.72%
Hennepin County, MN	1.72%	26.34%	-9.40%	36.09%	-9.98%	163.98%	98.65%	26.48%
Minnesota	-1.16%	45.97%	2.93%	39.65%	40.91%	252.50%	128.81%	38.11%
United States	-2.60%	5.98%	0.20%	35.62%	29.16%	179.59%	127.07%	20.61%

Data Source: US Census Bureau, Decennial Census. 2020.

## Median Age

This indicator reports population median age based on the latest 5-year American Community Survey estimate.

*Note: Median age is not re-calculated for report areas consisting of more than one census-designated geography.*

Report Area	Total Population	Median Age
Report Location	68,738	No data
Hennepin County, MN	1,270,787	37.2
Minnesota	5,695,292	38.5
United States	331,097,593	38.5

Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

### Median Age by Tract, ACS 2018-22

## Population Median Age by Gender

This indicator reports the median age of the population by gender.

Report Area	Male	Female
Report Location	No data	No data
Hennepin County, MN	36.5	37.9
Minnesota	37.7	39.2
United States	37.4	39.7

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population Median Age by Race Alone

This indicator reports the median age of the population by race alone.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	No data	No data	No data	No data	No data	No data	No data
Hennepin County, MN	41.8	29.3	30.0	32.6	27.5	28.4	20.9
Minnesota	42.1	28.2	29.7	31.2	30.9	27.9	20.4
United States	41.9	34.8	32.9	37.9	33.1	31.4	27.6

Data Source: US Census Bureau, [American Community Survey](#). 2018-22.

## Population Median Age by Ethnicity

This indicator reports the median age of the population by ethnicity.

Report Area	Hispanic or Latino	Not Hispanic or Latino
Report Location	No data	No data
Hennepin County, MN	26.1	42.4
Minnesota	25.3	42.6
United States	30.1	43.8

Data Source: US Census Bureau, [American Community Survey](#). 2018-22.

## Group Quarters Population

This indicator reports the total population living in group quarters. Group quarters refers to a group residence or a living arrangement that is owned or managed by an entity or organization providing housing and/or services for the residents. Group quarters include such places as college residence halls, residential treatment centers, skilled-nursing facilities, group homes, military barracks, correctional facilities, and workers' dormitories. There were 371 persons living in group quarters at the time of the 2020 Decennial Census, or 0.54% of the total report area population.

Report Area	Total Population, 2020 Census	Population Living in Group Quarters	Population Living in Group Quarters, Percentage
Report Location	68,788	371	0.54%
Hennepin County, MN	1,281,565	29,891	2.33%
Minnesota	5,706,494	138,293	2.42%
United States	334,735,155	8,276,525	2.47%

Data Source: US Census Bureau, Decennial Census, 2020.

## Non-Hispanic White Population by Age Group, Percent

This indicator reports the percentage of non-Hispanic white population by age group. The percentage values could be interpreted as, for example, "Among the age 0-4 population in the report area, the percentage of non-Hispanic white is (value)."

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Report Location	No data	No data	No data	No data	No data	No data	No data	No data
Hennepin County, MN	50.88%	49.13%	58.00%	64.23%	65.51%	70.71%	80.75%	86.99%
Minnesota	64.68%	66.47%	71.23%	71.92%	75.83%	81.02%	88.23%	92.57%
United States	47.33%	49.10%	52.23%	53.75%	55.49%	60.09%	68.02%	75.15%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Non-Hispanic White Population by Gender

This indicator reports the total count of the non-Hispanic white population by gender.

Report Area	Male	Female	Male, Percent	Female, Percent
Report Location	No data	No data	No data	No data
Hennepin County, MN	421,531	428,644	49.58%	50.42%
Minnesota	2,212,357	2,211,085	50.01%	49.99%
United States	96,850,281	98,036,183	49.70%	50.30%

Data Source: US Census Bureau, [American Community Survey, 2018-22](#).

## Non-Hispanic White Population by Age Group, Total

This indicator reports the total count of the non-Hispanic white population by age group.

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Hennepin County, MN	39,159	97,376	63,642	133,441	118,756	106,585	128,096	163,120
Minnesota	220,270	642,506	365,976	540,835	569,576	547,586	667,050	869,643
United States	8,995,825	26,617,097	16,338,365	24,394,288	23,754,934	24,687,683	28,961,917	41,136,355

Data Source: US Census Bureau, [American Community Survey, 2018-22](#).

## Hispanic Population

The estimated population that is of Hispanic, Latino, or Spanish origin in the report area is 1,083. This represents 1.58% of the total report area population, which is less than the national rate of 18.65%. Origin can be viewed as the heritage, nationality group, lineage, or country of birth of the person or the person's parents or ancestors before their arrival in the United States. People who identify their origin as Hispanic, Latino, or Spanish may be of any race.

Report Area	Total Population	Non-Hispanic Population	Percent Population Non-Hispanic	Hispanic or Latino Population	Percent Population Hispanic or Latino
Report Location	68,738	67,655	98.42%	1,083	1.58%

## Population with Any Disability

This indicator reports the percentage of the total civilian non-institutionalized population with a disability. The report area has a total population of 68,418 for whom disability status has been determined, of which 5,418 or 7.92% have any disability. This indicator is relevant because disabled individuals may require targeted services and outreach by providers.

Report Area	Total Population (For Whom Disability Status Is Determined)	Population with a Disability	Population with a Disability, Percent
Report Location	68,418	5,418	7.92%
Hennepin County, MN	1,261,222	127,731	10.13%
Minnesota	5,634,724	630,528	11.19%
United States	326,147,510	41,941,456	12.86%

Note: This indicator is compared to the state average.

### Population with Any Disability, Percent by Tract, ACS 2018-22

## Population with Any Disability by Gender

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by gender. Of the total male population in the report area, the percentage with a disability is 8.50%. Of the total females in the report area, the percentage with a disability is 7.29%.

Report Area	Male	Female	Male, Percent	Female, Percent
Report Location	3,019	2,399	8.50%	7.29%
Hennepin County, MN	61,207	66,524	9.74%	10.51%
Minnesota	318,109	312,419	11.26%	11.12%
United States	20,349,626	21,591,830	12.67%	13.05%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Age Group, Percent

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by age group. The percentage values could be interpreted as, for example, "Among the population age 65+ in the report area, the percentage of population with disability is (value)."

Report Area	Under Age 18	Age 18 - 64	Age 65 +
Report Location	4.00%	5.93%	23.45%
Hennepin County, MN	3.85%	8.25%	27.96%
Minnesota	3.99%	9.17%	29.23%
United States	4.53%	10.46%	33.27%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Age Group, Total

This indicator reports the proportion of the total civilian non-institutionalized population with a disability by age group.

Report Area	Under Age 18	Age 18-64	Age 65+
Report Location	745	2,373	2,300
Hennepin County, MN	10,578	66,368	50,785
Minnesota	52,041	313,760	264,727
United States	3,312,006	20,879,820	17,749,630

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Ethnicity Alone

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by ethnicity alone. The percentage values could be interpreted as, for example, "Among the Hispanic population in the report area, the percentage of the population with disability is (value)."

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Report Location	121	5,297	11.17%	7.87%
Hennepin County, MN	6,778	120,953	7.55%	10.32%
Minnesota	26,458	604,070	8.14%	11.38%
United States	5,860,137	36,081,319	9.60%	13.61%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population with Any Disability by Race Alone, Percent

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by race alone. The percentage values could be interpreted as, for example, "Of all the white population in the report area, the percentage of population with disability is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	7.87%	15.93%	26.04%	3.23%	0.00%	2.64%	10.69%
Hennepin County, MN	10.11%	12.71%	16.62%	6.81%	14.43%	9.71%	8.32%
Minnesota	11.54%	11.02%	19.40%	7.47%	10.46%	8.39%	9.57%
United States	13.62%	14.20%	15.96%	7.60%	11.93%	9.69%	10.70%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population with Any Disability by Race Alone, Total

This indicator reports the proportion of the total civilian non-institutionalized population with a disability by race alone.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	4,834	170	50	82	0	20	262
Hennepin County, MN	87,891	21,251	1,273	6,167	44	4,173	6,932
Minnesota	518,147	41,232	9,591	21,311	239	11,131	28,877
United States	29,292,518	5,696,234	434,053	1,445,222	72,806	1,919,294	3,081,329

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population with Any Disability by Disability Status

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by disability status. Note that ACS measures disability status within different age groups: hearing and vision difficulty for all the people; cognitive, ambulatory, and self-care for people 5 years and older; and independent living for people 15 years and older (reported for people 18 years and older in ACS2018-22 data).

Percentage values can be interpreted as follows: Within the report area, individuals with hearing difficulty are 2.82% of the total population; individuals with vision difficulty are 0.85% of the total population; individuals with cognitive difficulty are 3.42% of the total population age 5+; individuals with ambulatory difficulty are 2.92% of the total population age 5+; individuals with self-care difficulty are 0.99% of the total population age 5+; and individuals with independent living difficulty are 2.78% of the total population age 18+.

Report Area	Hearing	Vision	Cognitive	Ambulatory	Self-care	Independent Living
Report Location	2.82%	0.85%	3.42%	2.92%	0.99%	2.78%
Hennepin County, MN	2.56%	1.54%	4.78%	4.37%	1.98%	4.72%
Minnesota	3.38%	1.57%	4.88%	4.98%	2.09%	4.98%
United States	3.55%	2.38%	5.30%	6.69%	2.57%	5.82%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Foreign-Born Population

This indicator reports the percentage of the population that is foreign-born. The foreign-born population includes anyone who was not a U.S. citizen or a U.S. national at birth. This includes any non-citizens, as well as persons born outside of the U.S. who have become naturalized citizens. The native U.S. population includes any person born in the United States, Puerto Rico, a U.S. Island Area (such as Guam), or abroad of American (U.S. citizen) parent or parents. The latest figures from the U.S. Census Bureau show that 3,855 persons in the report area are of foreign birth, which represents 5.61% of the report area population. This percentage is less than the national average of 13.68%.

Report Area	Total Population	Naturalized U.S. Citizens	Population w/o U.S. Citizenship	Total Foreign-Birth Population	Foreign-Birth Population, Percent of Total Population
Report Location	68,738	2,090	1,765	3,855	5.61%
Hennepin County, MN	1,270,787	97,523	76,579	174,102	13.70%
Minnesota	5,695,292	274,086	207,836	481,922	8.46%
United States	331,097,593	23,666,167	21,614,904	45,281,071	13.68%

Data Source: US Census Bureau, American Community Survey, 2018-22.

Foreign-Born Population (Non-Citizen or Naturalized), Percent by Tract, ACS 2018-22

## Urban and Rural Population

This indicator reports the percentage of population living in urban and rural areas as of 2020. Urban areas are identified using population density, count, and size thresholds. Urban areas also include territory with a high degree of impervious surface (development). Rural areas are all areas that are not urban. Of the report areas 68,788 population, 41,295 or 60.03% of the population is classified urban while 27,493 or 39.97% is rural.

Report Area	Total Population	Urban Population	Rural Population	Urban Population, Percent	Rural Population, Percent
Report Location	68,788	41,295	27,493	60.03%	39.97%
Hennepin County, MN	1,281,565	1,250,960	30,605	97.61%	2.39%
Minnesota	5,706,494	4,101,754	1,604,740	71.88%	28.12%
United States	331,449,281	265,149,027	66,300,254	80.00%	20.00%

## Rural Population, Total by Age Group

This indicator reports the total rural population of the report area by age group.

Report Area	Population Under Age 18	Population Age 18-64	Population Age 65+
Report Location	6,677	16,230	4,277
Hennepin County, MN	7,393	18,047	4,832
Minnesota	356,279	910,300	322,029
United States	13,901,034	38,682,984	13,426,319

Data Source: US Census Bureau, Decennial Census, 2020.

## Rural Population, Percent by Age Group

This indicator reports the total rural population of the report area by age group.

The percentage values could be interpreted as, for example, "Of all the population under age 18 within the report area, the proportion of rural population is (value)."

Report Area	Population Under Age 18	Population Age 18-64	Population Age 65+
Report Location	40.35%	39.89%	39.83%
Hennepin County, MN	2.77%	2.20%	2.56%
Minnesota	27.85%	26.46%	33.92%
United States	19.35%	18.91%	23.75%

Data Source: US Census Bureau, Decennial Census, 2020.

### Rural Population, Total by Race Alone

This indicator reports the total rural population of the report area by race alone.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	24,976	186	79	510	1	403	1,338
Hennepin County, MN	27,620	271	89	585	1	487	1,552
Minnesota	1,456,404	10,367	31,067	13,408	936	22,886	69,672
United States	54,088,660	3,902,208	1,209,823	611,072	67,638	2,238,639	4,449,180

Data Source: US Census Bureau, Decennial Census, 2020.

### Rural Population, Percent by Race Alone

This indicator reports the percentage of rural population in the report area by race alone.

The percentage values could be interpreted as, for example, "Of all the white population within the report area, the proportion of rural population is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	40.89%	20.71%	41.36%	22.19%	8.33%	44.38%	39.38%
Hennepin County, MN	3.23%	0.16%	0.75%	0.60%	0.22%	0.90%	1.71%
Minnesota	32.93%	2.60%	45.26%	4.48%	32.08%	13.59%	20.15%
United States	26.41%	9.44%	32.30%	3.07%	9.79%	7.79%	12.54%

Data Source: US Census Bureau, Decennial Census, 2020.

## Veteran Population

This indicator reports the percentage of the population age 18 and older that served (even for a short time), but is not currently serving, on active duty in the U.S. Army, Navy, Air Force, Marine Corps, or the Coast Guard, or that served in the U.S. Merchant Marine during World War II. Of the 50,125 population of the report area, 3,107 or 6.20% are veterans.

Report Area	Total Population Age 18+	Total Veterans	Veterans, Percent of Total Population
Report Location	50,125	3,107	6.20%
Hennepin County, MN	994,880	47,350	4.76%
Minnesota	4,384,131	276,071	6.30%
United States	256,649,167	17,038,807	6.64%

Data Source: US Census Bureau, *American Community Survey*. 2018-22.

### Veterans, Percent of Total Population by Tract, ACS 2018-22

## Veteran Population by Gender

This indicator reports the veteran population in the report area by gender.

The percentage values could be interpreted as, of all the males within the report area, the veteran population is 10.55%; of all the females within the report area, the veteran population is 1.60%.

Report Area	Male	Female	Male, Percent	Female, Percent
Report Location	2,717	390	10.55%	1.60%
Hennepin County, MN	43,662	3,688	8.86%	0.73%
Minnesota	255,765	20,306	11.70%	0.92%
United States	15,393,807	1,645,000	12.25%	1.26%

Data Source: US Census Bureau, *American Community Survey*. 2018-22.

### Veteran Population by Age Group, Total

This indicator reports the total veteran population in the report area by age group.

Report Area	Age 18-34	Age 35-54	Age 55-64	Age 65-74	Age 75+
Report Location	108	900	296	977	826
Hennepin County, MN	3,368	9,629	7,141	12,519	14,693
Minnesota	20,700	53,411	45,185	77,511	79,264
United States	1,466,430	4,049,416	3,120,173	4,256,020	4,146,768

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Veteran Population by Age Group, Percent

This indicator reports the percentage of veterans in the report area by age group.

The percentage values could be interpreted as, for example, "Of all the population age 18-34 in the report area, the percentage of veterans is (value)."

Report Area	Age 18-34	Age 35-54	Age 55-64	Age 65-74	Age 75+
Hennepin County, MN	1.06%	2.90%	4.50%	11.16%	19.51%
Minnesota	1.64%	3.75%	5.98%	14.07%	20.40%
United States	1.94%	4.85%	7.33%	13.19%	18.45%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Veterans, Age and Gender Demographics

Veterans, Age and Gender Demographics show the number of veterans living in the report area. According to the American Community Survey (ACS), 6.20% of the adult population in the report area are veterans, which is less than the national average of 6.64%.

Report Area	Veterans Total	Veterans Male	Veterans Female	% Pop over 18 Total	% Pop over 18 Males	% Pop over 18 Females
Report Location	3,107	2,717	390	6.20%	10.55%	1.60%
Hennepin County, MN	47,350	43,662	3,688	4.76%	8.86%	0.73%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Families with Children

According to the most recent American Community Survey estimates, 36.92% of all occupied households in the report area are family households with one or more child(ren) under the age of 18. As defined by the US Census Bureau, a family household is any housing unit in which the householder is living with one or more individuals related to him or her by birth, marriage, or adoption. A non-family household is any household occupied by the householder alone, or by the householder and one or more unrelated individuals.

Report Area	Total Households	Total Family Households	Families with Children (Age 0-17)	Families with Children (Age 0-17), Percent of Total Households
Report Location	25,889	18,906	9,557	36.92%
Hennepin County, MN	529,029	299,267	142,294	26.90%
Minnesota	2,256,126	1,424,131	657,510	29.14%

## Hispanic or Latino Nativity status

This indicator reports the nativity status of the Hispanic or Latino population within the report area.

Report Area	Native Born	Native Born, Percent	Foreign Born	Foreign Born, Percent
Report Location	653	60.30%	430	39.70%
Hennepin County, MN	58,680	65.29%	31,198	34.71%
Minnesota	225,871	69.06%	101,178	30.94%
United States	41,897,693	67.84%	19,858,173	32.16%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Hispanic or Latino Citizenship Status

This indicator reports the citizenship status of the Hispanic or Latino population within the report area.

Report Area	Native Born	Native Born, Percent	Naturalized Citizen	Naturalized Citizen, Percent	Not A Citizen	Not A Citizen, Percent
Report Location	653	60.30%	162	14.96%	268	24.75%
Hennepin County, MN	58,680	65.29%	9,772	10.87%	21,426	23.84%
Minnesota	225,871	69.06%	33,752	10.32%	67,426	20.62%
United States	41,897,693	67.84%	8,048,949	13.03%	11,809,224	19.12%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Incarceration Rate

The Opportunity Atlas estimates the percentage of individuals born in each census tract who were incarcerated at the time of the 2010 Census. According to the Atlas data, 0.5% of the report area population were incarcerated. The incarceration rate in the report area is lower than the state average of 0.6%.

Report Area	Total Population (2010)	Incarceration Rate
Report Location	60,357	0.5%
Hennepin County, MN	1,152,425	0.8%
Minnesota	5,303,925	0.6%
United States	312,444,060	1.3%

Note: This indicator is compared to the state average.  
Data Source: Opportunity Insights. 2018.

Incarceration Rate (2010), Total by Tract, Opportunity Insights 2018

## Incarceration Rates by Race and Ethnicity

The table and chart below display estimated incarceration rates (2010) by race and ethnicity from the 2018 Opportunity Insights Atlas. The percentage values could be interpreted as, for example, "Of all the non-Hispanic white population within the report area, the incarceration rate is (value)."

Report Area	Non-Hispanic White	Black or African American	Asian	American Indian or Alaska Native	Hispanic or Latino
Hennepin County, MN	0.3%	5.0%	0.6%	4.8%	0.8%
Minnesota	0.4%	4.7%	0.7%	5.7%	1.4%
United States	0.8%	4.7%	0.2%	2.8%	1.4%

Data Source: Opportunity Insights. 2018.

## Population Under Age 18

Of the estimated 68,738 total population in the report area, an estimated 18,613 persons are under the age of 18, representing 27.08% of the population. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates. The number of persons under age 18 is relevant because this population has unique needs which should be considered separately from other age groups.

Report Area	Total Population	Population Age 0-17	Population Age 0-17, Percent
Report Location	68,738	18,613	27.08%
Hennepin County, MN	1,270,787	275,165	21.65%
Minnesota	5,695,292	1,307,084	22.95%

## Population Under Age 18 by Gender

This indicator reports the percentage of population that is under age 18 by gender, when compared to the total population all ages, by gender.

Report Area	Male	Female	Male, Percent	Female, Percent
Report Location	9,923	8,690	27.82%	26.28%
Hennepin County, MN	140,073	135,092	22.11%	21.20%
Minnesota	668,658	638,426	23.40%	22.50%
United States	37,488,147	35,725,558	22.83%	21.41%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Population Under Age 18 by Ethnicity Alone, Percent by Ethnicity

This indicator reports the percentage of population who are under age 18 by ethnicity alone during 2018-2022, according to the American Community Survey (ACS). Within the report area, there were 424 persons of Hispanic or Latino origin under age 18 in the report area, representing 39.15% of the Hispanic or Latino population. There were 18,189 persons not of Hispanic or Latino origin under age 18 in the report area, representing 26.88% of the total non-Hispanic population. Data for this indicator is only reported for individuals where age, race, and ethnicity were identified in the American Community Survey.

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Report Location	424	18,189	39.15%	26.88%
Hennepin County, MN	31,998	243,167	35.60%	20.59%

### Population Under Age 18 by Ethnicity Alone, Percent of Total

This indicator reports the percentage of population who are under age 18 by ethnicity alone during 2018-2022, according to the American Community Survey (ACS). Within the report area, there were 424 persons of Hispanic or Latino origin under age 18, representing 2.28% of the total population under age 18. There were 18,189 persons not of Hispanic or Latino origin under age 18 in the report area, representing 97.72% of the total population under age 18. Data for this indicator is only reported for individuals where age, race, and ethnicity were identified in the American Community Survey.

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Report Location	424	18,189	2.28%	97.72%
Hennepin County, MN	31,998	243,167	11.63%	88.37%
Minnesota	120,813	1,186,271	9.24%	90.76%
United States	18,722,708	54,490,997	25.57%	74.43%

Data Source: US Census Bureau, [American Community Survey](#), 2018-22.

### Population Under Age 18 by Race Alone, Percent

This indicator reports the percentage of population that is under age 18 by race alone. The percentage values could be interpreted as, for example, "Of all the white population in the report area, the percentage under age 18 is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	25.32%	39.87%	82.52%	30.08%	No data	47.87%	62.03%
Hennepin County, MN	16.59%	32.43%	25.84%	23.29%	14.10%	33.25%	44.88%
Minnesota	19.96%	33.53%	29.60%	27.09%	21.94%	31.93%	45.44%
United States	19.65%	24.26%	26.08%	19.60%	25.07%	27.75%	34.80%

Data Source: US Census Bureau, [American Community Survey](#), 2018-22.

### Population Under Age 18 by Race Alone, Total

This indicator reports the proportion of each race (alone) making up the population under age 18.

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	15,610	441	85	659	0	292	1,526
Hennepin County, MN	145,412	54,799	2,038	21,120	43	14,294	37,459
Minnesota	905,558	128,109	15,225	77,518	510	42,495	137,669
United States	42,871,526	10,015,977	726,692	3,745,474	156,631	5,555,906	10,141,499

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Population Age 0-4

Of the estimated 68,738 total population in the report area, an estimated 4,834 are children under the age of 5, representing 7.03% of the population. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates. The number of children under age 5 is relevant because this population has unique needs which should be considered separately from other age groups.

Report Area	Total Population	Population Age 0-4	Percent Population Age 0-4
Report Location	68,738	4,834	7.03%
Hennepin County, MN	1,270,787	76,959	6.06%
Minnesota	5,695,292	340,546	5.98%
United States	331,097,593	19,004,925	5.74%

## Income

### Income Levels

Two common measures of income are Median Household Income and Per Capita Income based on American Community Survey 5 year estimates. Both measures are shown for the report area below.

Report Area	Median Household Income	Per Capita Income
Report Location	No data	\$75,220
Hennepin County, MN	\$92,595	\$55,199.21
Minnesota	\$84,313	\$44,946.71
United States	\$75,149	\$41,261.47

Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Per Capita Income by Tract, ACS 2018-22

## Household Income

Median annual household incomes in the report area for 2022 are shown in the table below. Since this reports a median amount, a "Report Area" value is not able to be calculated.

Report Area	Estimated Population	Median Household Income
Hennepin County, MN	1,237,787	\$89,418
Minnesota	5,614,479	\$82,343
United States	325,012,887	\$74,755

Data Source: US Census Bureau, *Small Area Income and Poverty Estimates*, 2022.

Median Household Income by County, SAIPE 2022

## Jobs and Earnings by Sector

The number of jobs and total wage and salary earnings from employment in the report area are broken down by economic sector in this indicator output. These figures include both private and government employment. The sectors listed represent private employment except for the last table which includes all the earnings from jobs with local, state and federal government. A negative number means that overall business in that sector lost money for the year in the report area.

### Farm; Nonfarm; Private Nonfarm

Report Area	Farm Jobs	Farm Earnings (\$1,000)	Farm Average	Nonfarm Jobs	Nonfarm Earnings (\$1,000)	Nonfarm Average	Private Nonfarm Jobs	Private Nonfarm Earnings (\$1,000)	Private Nonfarm Average
Report Location	No data	No data	No data	No data	No data	No data	No data	No data	No data
Hennepin County, MN	845	\$14,512	\$17,174	1,200,702	\$110,382,697	\$91,932	1,096,476	\$100,827,758	\$91,956

## Income - Median Household Income

This indicator reports median household income based on the latest 5-year American Community Survey estimates. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income.

Report Area	Total Households	Average Household Income	Median Household Income
Report Location	25,889	\$193,253	No data
Hennepin County, MN	529,029	\$130,586.15	\$92,595
Minnesota	2,256,126	\$111,340.80	\$84,313
United States	125,736,353	\$105,833.04	\$75,149

Median Household Income

Population Below the Poverty Level, Percent by County, SAIPe 2022

## Poverty - Population Below 185% FPL

In the report area 10.07% or 6,874 individuals for whom poverty status is determined are living in households with income below 185% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.

Report Area	Total Population	Population with Income Below 185% FPL	Population with Income Below 185% FPL, Percent
Report Location	68,288	6,874	10.07%
Hennepin County, MN	1,248,688	243,947	19.54%
Minnesota	5,574,039	1,128,155	20.24%
United States	323,275,448	84,842,073	26.24%

Data Source: US Census Bureau, *American Community Survey*. 2018-22.

[View larger map](#)

#### Population Below 185% Poverty Level, Percent by Tract, ACS 2018-22

### Poverty - Population Below 125% FPL

In the report area 6.94% or 4,738 individuals are living in households with income below 125% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

*Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.*

Report Area	Population, Total	Population with Income at or Below 125% FPL	Population with Income at or Below 125% FPL, Percent
Report Location	68,288	4,738	6.94%
Hennepin County, MN	1,248,688	158,716	12.71%
Minnesota	5,574,039	685,667	12.30%
United States	323,275,448	53,120,911	16.43%

Percent Population with Income at or Below 125% FPL

*Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.*

### Family Poverty Rate 125% (ACS)

In the report area 4.25% or 803 family households are living with income below 125% of the Federal Poverty Level (FPL).

Report Area	Family Households, Total	Families with Income at or Below 125% FPL	Families with Income at or Below 125% FPL, Percent
Report Location	18,906	803	4.25%
Hennepin County, MN	299,267	22,851	7.64%
Minnesota	1,424,131	110,135	7.73%
United States	81,432,908	9,746,828	11.97%

*Data Source: US Census Bureau, American Community Survey, 2018-22.*

### Poverty - Population Below 100% FPL

Poverty is considered a *key driver* of health status.

Within the report area 5.19% or 3,545 individuals for whom poverty status is determined are living in households with income below the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

*Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.*

Report Area	Total Population	Population in Poverty	Population in Poverty, Percent
Report Location	68,288	3,545	5.19%
Hennepin County, MN	1,248,688	122,904	9.84%
Minnesota	5,574,039	516,284	9.26%
United States	323,275,448	40,521,584	12.53%

## Population in Poverty by Gender

This indicator reports the population in poverty in the report area by gender.

The percentage values could be interpreted as, for example, "Of all the male population within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	Male	Female	Male, Percent	Female, Percent
Report Location	1,795	1,750	5.07%	5.33%
Hennepin County, MN	57,141	65,763	9.19%	10.50%
Minnesota	234,800	281,484	8.40%	10.13%
United States	18,109,332	22,412,252	11.34%	13.70%

Data Source: US Census Bureau, American Community Survey. 2018-22.

## Population in Poverty by Ethnicity Alone

This indicator reports the population in poverty in the report area by ethnicity alone.

The percentage values could be interpreted as, for example, "Of all the Hispanic population within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Report Location	176	3,369	16.25%	5.01%
Hennepin County, MN	13,228	109,676	14.92%	9.45%
Minnesota	50,930	465,354	15.89%	8.86%
United States	10,447,540	30,074,044	17.24%	11.45%

Data Source: US Census Bureau, American Community Survey. 2018-22.

### Population in Poverty by Race Alone, Percent

This indicator reports the percentage of population in poverty in the report area by race alone.

The percentage values could be interpreted as, for example, "Of all the white population within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	White	Black or African American	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Some Other Race	Multiple Race
Report Location	4.93%	10.14%	22.92%	2.28%	0.00%	10.54%	9.56%

### Married Family Households Living Below the Poverty Level, Percent by Tract, ACS 2018-22

### Family Poverty Rate by Family Type

The percentage of households in poverty by household type are shown for the report area. It is estimated that 3.3% of all households were living in poverty within the report area, compared to the national average of 8.8%. Of the households in poverty, female headed households represented 37.4% of all households in poverty, compared to 54.5% and 8.1% of households headed by males and married couples, respectively.

Report Area	Poverty Rate All Types	Percent of Poverty Married Couples	Percent of Poverty Male Householder	Percent of Poverty Female Householder
Report Location	3.3%	54.5%	8.1%	<b>37.4%</b>
Hennepin County, MN	5.4%	34.7%	11.0%	54.4%
Minnesota	5.5%	36.6%	12.1%	51.2%
United States	8.8%	37.3%	11.0%	51.8%

Note: This indicator is compared to the state average.

### Single Parent Family Households Living Below the Poverty Level, Percent by Tract, ACS 2018-22

### Poverty - Children Eligible for Free/Reduced Price Lunch

Free or reduced price lunches are served to qualifying students in families with income between under 185 percent (reduced price) or under 130 percent (free lunch) of the US federal poverty threshold as part of the federal National School Lunch Program (NSLP).

Out of 10,402.00 total public school students in the report area, 1,812.00 were eligible for the free or reduced price lunch program in the latest report year. This represents 17.4% of public school students, which is lower than the state average of 43.4%.  
*Note: States with more than 80% records "not reported" are suppressed for all geographic areas, including hospital service area, census tract, zip code, school district, county, state, etc.*

Report Area	Total Students	Students Eligible for Free or Reduced Price Lunch	Students Eligible for Free or Reduced Price Lunch, Percent
Report Location	10,402.00	1,812.00	17.4%
Hennepin County, MN	172,860	77,170	44.7%
Minnesota	870,569	377,916	43.4%

### Children Eligible for Free or Reduced Price Lunch by School Year, 2012-13 through 2021-22

The table below shows local, state, and national trends in student free and reduced lunch eligibility by percent.

*Note: The states below have more than 80% public schools labeled as "not reported" in 2022-2023. For consistency, these states still have their values calculated with the limited records on all geographic levels (unless there is not a single record reported in the selected area). Use with caution when comparing to other years. This issue might occur in other states/years as well.*

*For 2022-2023, watch out for Delaware, District of Columbia, Massachusetts, Montana, Tennessee, West Virginia, American Samoa, and Guam.*

Report Area	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23

### Children Eligible for Free or Reduced Price Lunch by Eligibility

The table below displays the number and percentage of students eligible for free or reduced price lunch by income eligibility category. Percentages in the table below are out of the total student population.

*Note: States with more than 80% records labeled as "not reported" are suppressed for all geographic areas.*

Report Area	Free Lunch, Total	Free Lunch, Percent	Reduced Lunch, Total	Reduced Lunch, Percent
Hennepin County, MN	65,708	38.0%	11,462	6.6%
Minnesota	308,257	35.4%	69,647	8.0%
United States	21,117,358	42.8%	2,275,791	4.6%

Data Source: National Center for Education Statistics, NCES - Common Core of Data, 2022-2023.

The chart below displays the percentage of the students in each eligibility category out of the total number of students eligible for free or reduced price lunch. Of all the 77,170 students eligible for free or reduced price lunch, 85.1% are eligible for free lunch and 14.9% are eligible for reduced lunch.

### Poverty - Children Below 200% FPL

In the report area 10.59% or 1,957 children are living in households with income below 200% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

*Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.*

Report Area	Total Population Under Age 18	Population Under Age 18 Below 200% FPL	Population Under Age 18 Below 200% FPL, Percent

Population Below the Poverty Level, Children (Age 0-17), Percent by Tract, ACS 2018-22

## Children in Poverty by Gender

This indicator reports children aged 0-17 living in households with income below the federal poverty level by gender. The percentage values could be interpreted as, for example, "Of all the boys under age 18 within the report area, the percentage of boys living in households with income below the federal poverty level is (value)."

Report Area	Male	Female	Male, Percent	Female, Percent
Report Location	647	343	6.57%	3.97%
Hennepin County, MN	15,843	14,515	11.52%	10.89%
Minnesota	70,629	69,326	10.76%	11.03%
United States	6,124,747	5,877,604	16.61%	16.72%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Children in Poverty by Ethnicity Alone

This indicator reports children aged 0-17 living in households with income below the federal poverty level by ethnicity alone. The percentage values could be interpreted as, for example, "Of all the Hispanic children under age 18 within the report area, the proportion living in households with income below the federal poverty level is (value)."

Report Area	Hispanic or Latino	Not Hispanic or Latino	Hispanic or Latino, Percent	Not Hispanic or Latino, Percent
Report Location	62	928	14.62%	5.14%
Hennepin County, MN	5,327	25,031	17.02%	10.45%

## SNAP Authorized Food Stores

This indicator reports the number of SNAP-authorized food stores as a rate per 10,000 population. SNAP-authorized stores include grocery stores as well as supercenters, specialty food stores, and convenience stores that are authorized to accept SNAP (Supplemental Nutrition Assistance Program) benefits. The report area contains a total of 32 SNAP-authorized retailers with a rate of 9.04.

Report Area	Total Population (2020)	Total SNAP-Authorized Retailers	SNAP-Authorized Retailers, Rate per 10,000 Population

## Low Income and Low Food Access

This indicator reports the percentage of the low income population with low food access. Low food access is defined as living more than 1 mile (urban) or 10 miles (rural) from the nearest supermarket, supercenter, or large grocery store. Data are from the April 2021 [Food Access Research Atlas](#) dataset. This indicator is relevant because it highlights populations and geographies facing food insecurity.

23.80% of the low-income population in the report area have low food access. The total low-income population in the report area with low food access is 1,464.

Report Area	Total Population	Low Income Population	Low Income Population with Low Food Access	Percent Low Income Population with Low Food Access
Report Location	60,357	6,152	1,464	<b>23.80%</b>
Hennepin County, MN	1,152,425	268,110	43,965	16.40%
Minnesota	5,303,925	1,275,978	302,019	23.67%
United States	308,745,538	97,055,825	18,834,033	19.41%

Note: This indicator is compared to the state average.

## Seniors in Poverty

Population and poverty estimates for persons age 65 and up are shown for the report area. According to the American Community Survey (ACS) 5-year data, an average of 5.5% of people lived in a state of poverty during the survey calendar year. The poverty rate for people living in the report area is less than the national average of 10.0%.

Report Area	Ages 65 and Up Total Population	Ages 65 and Up In Poverty	Ages 65 and Up Poverty Rate
Report Location	9,807	542	<b>5.5%</b>

## Education

### Attainment - Overview

Educational Attainment shows the distribution of the highest level of education achieved in the report area, and helps schools and businesses to understand the needs of adults, whether it be workforce training or the ability to develop science, technology, engineering, and mathematics opportunities. Educational attainment is calculated for persons over 25 years old, and is an estimated average for the period from 2018 to 2022.

For the selected area, 34.93% have at least a college bachelor's degree, while 16.69% stopped their formal educational attainment after high school.

Report Area	No High School Diploma	High School Only	Some College	Associate's Degree	Bachelor's Degree	Graduate or Professional Degree
Report Location	2.35%	16.69%	17.81%	8.25%	34.93%	19.98%

## Access - Head Start

Head Start is a program designed to help children from birth to age five who come from families at or below poverty level. The program’s goal is to help children become ready for kindergarten while also providing the needed requirements to thrive, including health care and food support.

This indicator reports the number and rate of Head Start program facilities per 10,000 children under age 5. Head Start facility data is acquired from the US Department of Health and Human Services (HHS) 2022 Head Start locator. Population data is from the 2010 US Decennial Census. The report area has a total of 7 Head Start programs with a rate of 19.56 per 10,000 children under 5 years old.

Report Area	Children Under Age 5	Total Head Start Programs	Head Start Programs, Rate (Per 10,000 Children Under Age 5)
Report Location	3,579	7	19.56
Hennepin County, MN	76,236	35	4.59

## Adult Literacy

Literacy data published by the Program for the International Assessment of Adult Competencies (PIACC) breaks adult literacy into three different "Levels". Those reported as Level 1 are at risk for being able to understand printed material. Those at the upper end of Level 1 can read and understand the text well enough to be able to perform small task, but might have difficulty understanding or drawing inferences from multiple forms of text. Those at the lower end may struggle with basic vocabulary or even be functionally illiterate.

The percentage at or below Level 1 for literacy in the report area is estimated at 13.3%, with a 95% probability that the actual (true, unknown) percentage is between 10.1% and 16.4%.

Report Area	Population Ages 16-74	Total At or Below Level 1	At or Below Level 1	Total Lower Credible Interval	Lower Credible Interval	Total Upper Credible Interval	Upper Credible Interval
Hennepin County, MN	913,523	121,499	13.3%	92,266	10.1%	149,818	16.4%
Minnesota	3,994,564	522,941	13.1%	388,816	9.7%	656,094	16.4%
United States	235,567,157	51,401,095	21.8%	42,569,858	18.1%	60,378,678	25.6%

Level 1 Proficiency

Note: This indicator is compared to the state average.  
Data Source: National Center for Education Statistics, NCES - Program for the International Assessment of Adult Competencies, 2017.

## Adult Literacy Level 2

Those reported at Level 2 still struggle to perform text based informational tasks, but are considered to be nearing reading proficiency. People in this literacy level can usually be able to read printed words and digital print, as well as being able to relate and make inferences from multiple pieces of information that can be pulled from more than one document. Complex evaluation and inferencing may still be too difficult.

The percentage at or below Level 2 for literacy in the report area is estimated at 23.9%, with a 95% probability that the actual (true, unknown) percentage is between 19.3% and 28.2%.

Report Area	Population Ages 16-74	Total At or Below Level 2	At or Below Level 2	Total Lower Credible Interval	Lower Credible Interval	Total Upper Credible Interval	Upper Credible Interval
Hennepin County, MN	913,523	218,332	23.9%	176,310	19.3%	257,613	28.2%
Minnesota	3,994,564	1,187,040	29.7%	997,712	25%	1,369,259	34.3%
United States	235,567,157	76,178,529	32.3%	64,300,451	27.3%	88,084,541	37.4%

## Adult Literacy Level 3

Those reported at Level 3 still are proficient in reading. This includes being able to understand and work with multiple complex texts, while still being able to evaluate the reliability of sources. People in this level can infer complex ideas and sophisticated meanings from written documents and texts.

The percentage at or below Level 3 for literacy in the report area is estimated at 62.7%, with a 95% probability that the actual (true, unknown) percentage is between 58.7% and 67.4%.

Report Area	Population Ages 16-74	Total At or Below Level 3	At or Below Level 3	Total Lower Credible Interval	Lower Credible Interval	Total Upper Credible Interval	Upper Credible Interval
Hennepin County, MN	913,523	572,779	62.7%	536,238	58.7%	615,715	67.4%
Minnesota	3,994,564	2,283,541	57.2%	2,105,583	52.7%	2,474,430	61.9%
United States	235,567,157	107,981,194	45.8%	96,513,724	41%	119,346,496	50.7%

## Housing

### Households - Overview

This indicator reports the total number and percentage of households by composition (married couple family, nonfamily, etc.). According to the American Community Survey subject definitions, a family household is any housing unit in which the householder is living with one or more individuals related to him or her by birth, marriage, or adoption\*. A non-family household is any household occupied by the householder alone, or by the householder and one or more unrelated individuals.

\*Family households and married-couple families do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption.

Report Area	Total Households	Family Households	Family Households, Percent	Non-Family Households	Non-Family Households, Percent
Report Location	25,889	18,906	73.03%	6,983	26.97%
Hennepin County, MN	529,029	299,267	56.57%	229,762	43.43%
Minnesota	2,256,126	1,424,131	63.12%	831,995	36.88%
United States	125,736,353	81,432,908	64.76%	44,303,445	35.24%

Data Source: US Census Bureau, *American Community Survey*. 2018-22.

Family Households, Percent by Tract, ACS 2018-22

### Households by Composition and Relationship to Householder

This indicator reports households by composition and relationship to householder.

Report Area	Total Households	Married Family Households	Single Male Family Households	Single Female Family Households	Non-Family Households
Report Location	25,889	16,755	711	1,440	6,983
Hennepin County, MN	529,029	231,614	20,384	47,269	229,762
Minnesota	2,256,126	1,120,173	100,888	203,070	831,995
United States	125,736,353	59,760,581	6,298,607	15,373,720	44,303,445

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Households with Children by Composition and Relationship to Householder, Percentage by Household Type

This indicator reports households with children by composition and relationship to householder by percentage of total households. The percentage values could be interpreted as, for example, "Of all types of households within the report area, the households with children is (value); of all the married family households within the report area, the households with children is (value); etc."

Report Area	All Household Types	Married Family Households	Single-Male Family Households	Single-Female Family Households	Non-Family Households
Report Location	37.04%	31.61%	1.88%	3.42%	0.12%
Hennepin County, MN	27.11%	18.90%	2.20%	5.80%	0.21%
Minnesota	29.44%	20.44%	2.71%	6.00%	0.29%
United States	30.19%	19.73%	2.72%	7.47%	0.27%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Households with Children by Composition and Relationship to Householder, Total

This indicator reports the total number of households with children by composition and relationship to householder.

Report Area	All Household Types	Married Family Households	Single-Male Family Households	Single-Female Family Households	Non-Family Households
Report Location	9,589	8,184	488	885	32
Hennepin County, MN	143,400	99,963	11,644	30,687	1,106
Minnesota	664,163	461,086	61,060	135,364	6,653
United States	37,956,469	24,811,679	3,417,786	9,393,016	333,988

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Housing Units - Overview

The number of housing units within the report area in July of each year from 2014-2023 is shown below. According to the U.S. Census, there were a total of 579,806 housing units in the report area in 2023, an increase of 57,988 (or 11.11%) since 2014 compared to a 7.77% increase statewide.

Report Area	July 2014	July 2015	July 2016	July 2017	July 2018	July 2019	July 2020	July 2021	July 2022	July 2023
Hennepin County, MN	521,818	525,443	528,893	533,319	537,711	543,729	557,795	564,570	571,295	579,806
Minnesota	2,389,731	2,403,402	2,419,289	2,437,254	2,455,773	2,477,753	2,491,765	2,516,887	2,547,496	2,575,411
United States	134,388,318	135,285,123	136,286,436	137,366,902	138,516,439	139,684,244	140,808,401	142,163,952	143,789,637	145,344,636

Note: Indicator data for the report location is calculated using small area estimation method.  
Data Source: US Census Bureau, US Census Population Estimates.

### Housing Costs - Cost Burden (30%)

This indicator reports the percentage of the households where housing costs are 30% or more of total household income. This indicator provides information on the cost of monthly housing expenses for owners and renters. The information offers a measure of housing affordability and excessive shelter costs. The data also serve to aid in the development of housing programs to meet the needs of people at different economic levels. Of the 25,889 total households in the report area, 5,744 or 22.19% of the population live in cost burdened households.

Report Area	Total Households	Cost-Burdened Households	Cost-Burdened Households, Percent
Report Location	25,889	5,744	22.19%
Hennepin County, MN	529,029	150,102	28.37%
Minnesota	2,256,126	573,323	25.41%
United States	125,736,353	38,363,931	30.51%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Cost Burdened Households (Housing Costs Exceed 30% of Household Income), Percent by Tract, ACS 2018-22

### Cost-Burdened Households by Tenure, Total

These data show the number of households that spend more than 30% of the household income on housing costs. In the report area, there were 5,744 cost burdened households according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where household housing costs and income earned was identified in the American Community Survey.

Report Area	Cost-Burdened Households	Cost-Burdened Rental Households	Cost-Burdened Owner-Occupied Households w/ Mortgage	Cost-Burdened Owner-Occupied Households w/o Mortgage
Report Location	5,744	1,571	3,467	706
Hennepin County, MN	150,102	86,855	50,748	12,499
Minnesota	573,323	275,577	232,327	65,419
United States	38,363,931	20,547,938	13,624,400	4,191,593

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Cost-Burdened Households by Tenure, Percent

These data show the percentage of households by tenure that are cost burdened. Cost burdened rental households (those that spent more than 30% of the household income on rental costs) represented 37.42% of all of the rental households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Report Area	Rental Households	Rental Households Cost-Burdened, Percent	Owner-Occupied Households w/ Mortgage	Owner-Occupied Households w/ Mortgage Cost-Burdened, Percent	Owner-Occupied Households w/o Mortgage	Owner-Occupied Households w/o Mortgage Cost-Burdened, Percent
Report Location	4,198	37.42%	16,422	21.11%	5,269	13.40%
Hennepin County, MN	195,925	44.33%	232,350	21.84%	100,754	12.41%
Minnesota	624,425	44.13%	1,060,861	21.90%	570,840	11.46%
United States	44,238,593	46.45%	50,148,459	27.17%	31,349,301	13.37%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Housing Costs - Cost Burden, Severe (50%)

This indicator reports the percentage of the households where housing costs are 50% or more total household income. This indicator provides information on the cost of monthly housing expenses for owners and renters. The information offers a measure of housing affordability and excessive shelter costs. The data also serve to aid in the development of housing programs to meet the needs of people at different economic levels.

Report Area	Total Households	Severely Burdened Households	Severely Burdened Households, Percent
Report Location	25,889	2,726	10.53%
Hennepin County, MN	529,029	67,666	12.79%
Minnesota	2,256,126	244,246	10.83%
United States	125,736,353	17,679,129	14.06%

### Severely Cost Burdened Households (Housing Costs Exceed 50% of Household Income), Percent by Tract, ACS 2018-22

## Severely Cost-Burdened Households by Tenure, Total

This data shows the number of households that spend more than 50% of the household income on housing costs. In the report area, there were 2,726 severely cost burdened households according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where household housing costs and income earned was identified in

the American Community Survey.

Report Area	Severely Burdened Households	Severely Burdened Rental Households	Severely Burdened Owner-Occupied Households w/ Mortgage	Severely Burdened Owner-Occupied Households w/o Mortgage
Report Location	2,726	799	1,555	372
Hennepin County, MN	67,666	42,034	19,568	6,064
Minnesota	244,246	133,716	82,035	28,495
United States	17,679,129	10,301,618	5,419,588	1,957,923

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Severely Cost-Burdened Households by Tenure, Percent of Severely Burdened Households

This data shows the percentage of severely cost burdened households that each tenure type represented. Rental households that spent more than 50% of the household income on rental costs represented 29.31% of all of the severely cost burdened households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Report Area	Severely Burdened Households	Rental Households, Percent	Owner-Occupied Households w/ Mortgage, Percent	Owner-Occupied Households w/o Mortgage, Percent
Report Location	2,726	29.31%	57.04%	13.65%
Hennepin County, MN	67,666	62.12%	28.92%	8.96%
Minnesota	244,246	54.75%	33.59%	11.67%
United States	17,679,129	58.27%	30.66%	11.07%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Severely Cost-Burdened Households by Tenure, Percentage of Tenure

This data shows the percentage of each tenure type that represented severely cost burdened households. Severely cost burdened rental households (those that spent more than 50% of the household income on rental costs) represented 19.03% of all of the rental households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2018-2022 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Report Area	Rental Households	Rental Households Severely Burdened, Percent	Owner-Occupied Households w/ Mortgage	Owner-Occupied Households w/ Mortgage Severely Burdened, Percent	Owner-Occupied Households w/o Mortgage	Owner-Occupied Households w/o Mortgage Severely Burdened, Percent
Report Location	4,198	19.03%	16,422	9.47%	5,269	7.06%
Hennepin County, MN	195,925	21.45%	232,350	8.42%	100,754	6.02%
Minnesota	624,425	21.41%	1,060,861	7.73%	570,840	4.99%
United States	44,238,593	23.29%	50,148,459	10.81%	31,349,301	6.25%

Data Source: US Census Bureau, American Community Survey, 2018-22.

## Household Structure - Single-Parent Households

This indicator reports the percentage of children who live in households where only one parent is present.

Report Area	Population Age 0-17	Children in Single-Parent Households	Percentage of Children in Single-Parent Households
Report Location	18,611	1,587	8.53%
Hennepin County, MN	273,327	63,294	23.16%
Minnesota	1,302,865	255,568	19.62%
United States	73,025,646	18,206,449	24.93%

### Single Parent Households with Children (Age 0-17), Percent by Tract, ACS 2018-22

## Household Structure - Older Adults Living Alone

This indicator reports the percentage of households occupied by a single older adult (age 65+). This indicator is important because older adults who live alone are vulnerable populations who may have challenges accessing basic needs, including health needs.

Report Area	Total Occupied Households	Total Households with Seniors (Age 65+)	Households with Seniors Living Alone	Percentage of Total Households	Percentage of Senior Households
Report Location	25,889	7,100	2,555	9.87%	<b>35.99%</b>
Hennepin County, MN	529,029	134,952	59,987	11.34%	44.45%
Minnesota	2,256,126	653,575	266,476	11.81%	40.77%
United States	125,736,353	38,775,247	14,433,125	11.48%	37.22%

Note: This indicator is compared to the state average.  
 Data Source: US Census Bureau, American Community Survey, 2018-22.

[View larger map](#)

Households with Seniors (Age 65+) Living Alone, Percent by Tract, ACS 2018-22

### Housing Quality - Substandard Housing

This indicator reports the number and percentage of owner- and renter-occupied housing units having at least one of the following conditions: 1) lacking complete plumbing facilities, 2) lacking complete kitchen facilities, 3) with 1 or more occupants per room, 4) selected monthly owner costs as a percentage of household income greater than 30%, and 5) gross rent as a percentage of household income greater than 30%. Selected conditions provide information in assessing the quality of the housing inventory and its occupants. This data is used to easily identify homes where the quality of living and housing can be considered substandard. Of the 25,889 total occupied housing units in the report area, 5,615 or 21.69% have one or more substandard conditions.

Report Area	Total Occupied Housing Units	Occupied Housing Units with One or More Substandard Conditions	Occupied Housing Units with One or More Substandard Conditions, Percent
Report Location	25,889	5,615	<b>21.69%</b>
Hennepin County, MN	529,029	152,871	28.90%
Minnesota	2,256,126	584,253	25.90%
United States	125,736,353	39,858,044	31.70%

Note: This indicator is compared to the state average.  
 Data Source: US Census Bureau, American Community Survey, 2018-22.

Occupied Housing Units with One or More Substandard Conditions, Percent

[View larger map](#)

Substandard Housing Units, Percent of Total by Tract, ACS 2018-22

### Substandard Housing: Number of Substandard Conditions Present, Percentage of Total Occupied Housing Units

This indicator reports the percentage of total occupied housing units by number of substandard conditions.

Report Area	No Conditions	One Condition	Two or Three Conditions	Four Conditions
Report Location	78.31%	20.67%	1.02%	0.00%
Hennepin County, MN	71.10%	27.32%	1.58%	0.00%
Minnesota	74.10%	24.63%	1.26%	0.00%
United States	68.30%	29.91%	1.78%	0.01%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Substandard Housing: Households Lacking Complete Plumbing Facilities

Complete plumbing facilities include: (a) hot and cold running water, (b) a flush toilet, and (c) a bathtub or shower. All three facilities must be located inside the house, apartment, or mobile home, but not necessarily in the same room. Housing units are classified as lacking complete plumbing facilities when any of the three facilities is not present.

Report Area	Occupied Housing Units	Housing Units Lacking Complete Plumbing Facilities	Housing Units Lacking Complete Plumbing Facilities, Percent
Report Location	25,889	79	0.31%
Hennepin County, MN	529,029	1,804	0.34%
Minnesota	2,256,126	8,210	0.36%
United States	125,736,353	486,881	0.39%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Substandard Housing: Households Lacking Complete Kitchen Facilities

A unit has complete kitchen facilities when it has all three of the following facilities: (a) a sink with a faucet, (b) a stove or range, and (c) a refrigerator. All kitchen facilities must be located in the house, apartment, or mobile home, but they need not be in the same room. A housing unit having only a microwave or portable heating equipment such as a hot plate or camping stove should not be considered as having complete kitchen facilities. An icebox is not considered to be a refrigerator.

Report Area	Occupied Housing Units	Housing Units Lacking Complete Kitchen Facilities	Housing Units Lacking Complete Kitchen Facilities, Percent
Report Location	27,360	288	1.05%
Hennepin County, MN	556,973	4,683	0.84%
Minnesota	2,493,956	39,510	1.58%
United States	140,943,613	3,439,478	2.44%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Substandard Housing: Households Lacking Telephone Service

A telephone must be in working order and service available in the house, apartment, or mobile home that allows the respondent to both make and receive calls. Households that have cell-phones (no land-line) are counted as having telephone service available. Households whose service has been discontinued for nonpayment or other reasons are not counted as having telephone service available.

Report Area	Housing Units Lacking Telephone Service	Housing Units Lacking Telephone Service	Owner-Occupied Units Lacking Telephone Service	Owner-Occupied Units Lacking Telephone Service	Renter-Occupied Units Lacking Telephone Service	Renter-Occupied Units Lacking Telephone Service
Report Location	105	0.41%	45	0.21%	60	1.43%
Hennepin County, MN	3,462	0.65%	1,390	0.42%	2,072	1.06%
Minnesota	18,102	0.80%	9,129	0.56%	8,973	1.44%
United States	1,317,528	1.05%	599,679	0.74%	717,849	1.62%

Data Source: US Census Bureau, American Community Survey, 2018-22.

### Number of Unsafe, Unsanitary Homes

The number and percentage of occupied housing units without plumbing are shown for the report area. U.S. Census data shows 1,936 housing units in the report area were without plumbing in 2000 and ACS 5 year estimates show 1,804 housing units in the report area were

without plumbing in 2022.

Report Area	Occupied Housing Units 2000	Housing Units without Plumbing 2000	Percent without Plumbing 2000	Occupied Housing Units 2022	Housing Units without Plumbing 2022	Percent without Plumbing 2022
Hennepin County, MN	456,129	1,936	0.41%	529,029	1,804	0.34%
Minnesota	1,895,127	9,581	0.46%	2,256,126	8,210	0.36%
United States	106,741,426	736,626	0.69%	126,956,011	502,642	0.40%

Note: This indicator is compared to the state average.  
Data Source: US Census Bureau, American Community Survey, 2018-22.

Housing Units Lacking Complete Plumbing Facilities, Percent by Tract, ACS 2018-22

## Evictions

This indicator reports information about formal evictions based on court records from 48 states and the District of Columbia, compiled by the Eviction Lab. The number evictions and eviction filings within the report area is shown in below. The “filing rate” is the ratio of the number of evictions filed in an area over the number of renter-occupied homes in that area. An “eviction rate” is the subset of those homes that received an eviction judgment in which renters were ordered to leave. For the year 2016, the Eviction Lab reports that, of 4,232 rental homes in the report area, there were 78 eviction filings, for an eviction filing rate of 1.84%. 24 of the eviction filings ended in an eviction, for an eviction rate of 0.57%.

Note: Not all counties have data that has been provided. Indicator data do not include information about "informal evictions", or those that happen outside of the courtroom.

Report Area	Renter Occupied Households	Eviction Filings	Evictions	Eviction Filing Rate	Eviction Rate
Report Location	4,232	78	24	1.84%	0.57%
Hennepin County, MN	184,886	5,541	1,373	3%	0.74%
Minnesota	588,037	13,622	3,480	2.32%	0.59%
United States	38,372,860	2,350,042	898,479	6.12%	2.34%

Note: Indicator data for the report location is calculated using small area estimation method. This indicator is compared to the state average.  
Data Source: Eviction Lab, 2016.

### Eviction Filing Rate by Year, 2007 - 2016

Report Area	2007	2008	2009	2010	2011	2012	2013	2014	2015	2016
Hennepin County, MN	4.4%	6.1%	5.3%	4.7%	4.4%	4.3%	3.7%	2.6%	2.7%	3.0%
Minnesota	4.5%	5.3%	4.3%	3.9%	3.8%	3.5%	3.1%	2.6%	2.4%	2.3%
United States	6.3%	6.4%	6.4%	7.0%	7.2%	7.0%	6.7%	6.6%	6.2%	6.1%

Data Source: Eviction Lab, 2016.

### Eviction Filing Rate by Neighborhood Predominant Race/Ethnicity, 2016

Rates by combined race and ethnicity are calculated by aggregating data on evictions in census block groups with a majority of the population (over 50%) belonging to a specific race/ethnicity. Reported race/ethnicity categories include: Non-Hispanic White; Black or Africa American; Asian, and Hispanic or Latino. In some counties there are no majority Black, Asian, or Hispanic census block groups.

Note: Not all counties or states have data that has been provided.

Report Area	Non-Hispanic White	Non-Hispanic Black	Asian	Hispanic or Latino
Hennepin County, MN	0.51%	0.17%	0.00%	0.02%
Minnesota	0.48%	0.05%	0.00%	0.01%
United States	1.50%	0.80%	0.01%	0.39%

### Eviction Filings by Neighborhood Predominant Race/Ethnicity, 2016

Totals by combined race and ethnicity are calculated by aggregating data on evictions in census block groups with a majority of the population (over 50%) belonging to a specific race/ethnicity. Reported race/ethnicity categories include: Non-Hispanic White; Black or African American; Asian, and Hispanic or Latino. In some counties there are no majority Black, Asian, or Hispanic census block groups.

Note: Not all counties or states have data that has been provided.

### Homeless Children & Youth

This indicator reports the number of homeless children and youth enrolled in the public school system during the school year 2019-2020. According to the data source definitions, homelessness is defined as lacking a fixed, regular, and adequate nighttime residence. Those who are homeless may be sharing the housing of other persons, living in motels, hotels, or camping grounds, in emergency transitional shelters, or may be unsheltered. Data are aggregated to the report-area level based on school-district summaries where three or more homeless children are counted.

In the report area, of all the 8,380 students enrolled in reported districts during the school year 2019-2020, there were 51 or 0.61% homeless students, which is lower than the statewide rate of 1.81%.

Note: Data are available for 77.42% school districts in the report area, representing 93.40% of the public school student population.

Report Area	Students in Reported Districts	Homeless Students	Homeless Students, Percent	Districts Reporting	Students in Reported Districts
Report Location	8,380	51	0.61%	77.42%	93.40%
Hennepin County, MN	153,610	4,166	2.70%	90.50%	98.10%
Minnesota	730,875	13,241	1.81%	85.07%	96.52%
United States	47,386,316	1,311,089	2.77%	86.95%	97.47%

Note: Indicator data for the report location is calculated using *small area estimation method*. This indicator is compared to the state average. Data Source: US Department of Education, *EDFacts*. Additional data analysis by *CARES*. 2019-2020.

## Other Social & Economic Factors

### Social Vulnerability Index

The degree to which a community exhibits certain social conditions, including high poverty, low percentage of vehicle access, or crowded households, may affect that community's ability to prevent human suffering and financial loss in the event of disaster. These factors describe a community's social vulnerability.

The social vulnerability index is a measure of the degree of social vulnerability in counties and neighborhoods across the United States, where a higher score indicates higher vulnerability. The report area has a social vulnerability index score of 0.18, which is less than the state average of 0.32.

Report Area	Total Population	Socioeconomic Theme Score	Household Composition Theme Score	Minority Status Theme Score	Housing & Transportation Theme Score	Social Vulnerability Index Score
Report Location	37,563	0.14	0.28	0.23	0.38	<b>0.18</b>

## Food Environment - Food Desert Census Tracts

This indicator reports the number of neighborhoods in the report area that are within food deserts. The USDA Food Access Research Atlas defines a food desert as any neighborhood that lacks healthy food sources due to income level, distance to supermarkets, or vehicle access. The report area has a population of 26,793 living in food deserts and a total of 4 census tracts classified as food deserts by the USDA.

Report Area	Total Population (2010)	Food Desert Census Tracts	Other Census Tracts	Food Desert Population	Other Population
Report Location	60,357	4	7.00	26,793	60,357

### Food Environment - Grocery Stores

Healthy dietary behaviors are supported by access to healthy foods, and Grocery Stores are a major provider of these foods. There are 4 grocery establishments in the report area, a rate of 5.90 per 100,000 population. Grocery stores are defined as supermarkets and smaller grocery stores primarily engaged in retailing a general line of food, such as canned and frozen foods; fresh fruits and vegetables; and fresh and prepared meats, fish, and poultry. Delicatessen-type establishments are also included. Convenience stores and large general merchandise stores that also retail food, such as supercenters and warehouse club stores, are excluded.

Report Area	Total Population (2020)	Number of Establishments	Establishments, Rate per 100,000 Population
Report Location	68,802	4	<b>5.90</b>

## Built Environment - Households with No Computer

This indicator reports the percentage of households who don't own or use any types of computers, including desktop or laptop, smartphone, tablet or other portable wireless computer, and some other type of computer, based on the 2018-2022 American Community Survey estimates. Of the 25,889 total households in the report area, 938 or 3.62% are without a computer.

*Note: The ACS 2018-22 questions about internet/computer usage are not asked for the group quarters population, so data do not include people living in housing such as dorms, prisons, nursing homes, etc.*

Report Area	Total Households	Households with No Computer	Households with No Computer, Percent

Violent Crimes, All, Rate (Per 100,000 Pop.) by County, FBI UCR 2015-2017

## Property Crime - Total

This indicator reports the rate of property crime offenses reported by law enforcement per 100,000 residents. Property crimes include burglary, larceny-theft, motor vehicle theft, and arson. This indicator is relevant because it assesses community safety.

In the report area, 1,942 property crimes occurred in 2014 and 2016 (two years). The property crime rate of 2,949.1 per 100,000 residents is higher than the statewide rate of 2,207.8 per 100,000.

*Note: Data are suppressed for counties if, for both years of available data, the population reported by agencies is less than 50% of the population reported in Census, or if less than 80% of agencies measuring crimes reported data.*

Report Area	Total Population	Property Crimes, Annual Average	Property Crimes, Annual Rate (Per 100,000 Pop.)
Report Location	65,882	1,942	<b>2,949.1</b>
Hennepin County, MN	1,227,441	36,199	2,957.4

Data Source: Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, 2021.

## Obesity

This indicator reports the number and percentage of adults aged 20 and older self-report having a Body Mass Index (BMI) greater than 30.0 (obese). Respondents were considered obese if their Body Mass Index (BMI) was 30 or greater. Body mass index (weight [kg]/height [m]<sup>2</sup>) was derived from self-report of height and weight. Excess weight may indicate an unhealthy lifestyle and puts individuals at risk for further health issues.

Within the report area, there are a total of 13,167 adults age 20 and older who self-reported having a BMI greater than 30.0. This represents a 26.6% of the survey population.

*Note: In 2021, the CDC updated the methodology used to produce estimates for this indicator. Estimated values for prior years (2004 - 2017) have been updated in this platform to allow comparison across years. Use caution when comparing with saved assessments generated prior to November 10, 2021.*

Report Area	Population Age 20+	Adults with BMI > 30.0 (Obese)	Adults with BMI > 30.0 (Obese), Percent
Report Location	49,500.00	13,167	26.6%
Hennepin County, MN	961,865	255,856	26.6%

### Late or No Prenatal Care

This indicator reports the percentage of women who did not obtain prenatal care until the 7th month (or later) of pregnancy or who didn't have any prenatal care, as of all who gave birth during the three year period from 2017 to 2019. This indicator is relevant because engaging in prenatal care decreases the likelihood of maternal and infant health risks. This indicator can also highlight a lack of access to preventive care, a lack of health knowledge, insufficient provider outreach, and/or social barriers preventing utilization of services.

Within the report area, of the total births of 2,507 during 2017 and 2019, births with late or no prenatal care was 106 or 4.24%. This is lower than the national average rate of 6.12%.

*Note: Data are suppressed for counties with population less than 100,000 or when the birth counts represent fewer than ten persons.*

Report Area	Total Births	Births with Late/No Care	% of Births with Late/No Care
Report Location	2,507	106	<b>4.24%</b>
Hennepin County, MN	47,598	2,019	4.24%
Minnesota	201,966	7,331	3.63%
United States	11,394,752	697,581	6.12%

Percentage of Pregnant Women with Late or No Prenatal Care

## Healthcare Access

### Insurance - Uninsured Adults

The lack of health insurance is considered a *key driver* of health status.

This indicator reports the percentage of adults age 18 to 64 without health insurance coverage. This indicator is relevant because lack of insurance is a primary barrier to healthcare access including regular primary care, specialty care, and other health services that contributes to poor health status.

Report Area	Total Population Age 18-64	Pop. Age 18-64 w/ Insurance	Pop. Age 18-64 w/ Insurance, Percent	Pop. Age 18-64 w/o Insurance	Pop. Age 18-64 w/o Insurance, Percent
Report Location	39,271	36,905.51	93.97%	2,366	6.03%
Hennepin County, MN	791,323	743,643	93.97%	47,680	6.03%
Minnesota	3,376,245	3,167,935	93.83%	208,310	6.17%
United States	197,133,424	173,254,919	87.89%	23,878,505	12.11%

Percent Population Age 18-64 Without Medical Insurance

## Access to Care - Mental Health Providers

This indicator reports the number of providers with a CMS National Provider Identifier (NPI) that specialize in mental health. Mental health providers include licensed clinical social workers and other credentialed professionals specializing in psychiatry, psychology, counseling, or child, adolescent, or adult mental health. The number of facilities that specialize in mental health are also listed (but are not included in the calculated rate). Data are from the latest Centers for Medicare and Medicaid Services (CMS) National Provider Identifier (NPI) downloadable file.

Within the report area there are 28 mental health providers with a CMS National Provider Identifier (NPI). This represents 40.70 providers per 100,000 total population.

Report Area	Total Population (2020)	Number of Facilities	Number of Providers	Providers, Rate per 100,000 Population
Report Location	68,788	10	28	<b>40.70</b>

## Federally Qualified Health Centers

This indicator reports the number of Federally Qualified Health Centers (FQHCs) in the community. This indicator is relevant because FQHCs are community assets that provide health care to vulnerable populations; they receive extra funding from the federal government to

promote access to ambulatory care in areas designated as medically underserved.

Report Area	Total Population (2020)	Number of Federally Qualified Health Centers	Rate of Federally Qualified Health Centers per 100,000 Population
Report Location	No data	No data	No data
Hennepin County, MN	1,281,565	32	2.50
Minnesota	5,706,447	78	1.37
United States	334,735,149	11,680	3.49

Note: This indicator is compared to the state average.

### Persons Receiving Medicare

The total number of persons receiving Medicare is shown, broken down by number over 65 and number of disabled persons receiving Medicare for the report area. The U.S. Department of Health and Human Services reported that a total of 213,519 persons were receiving Medicare benefits in the report area in 2023. A large number of individuals in our society are aware that persons over 65 years of age receive Medicare; however, many of them are unaware that disabled persons also receive Medicare benefits. A total of 18,610 disabled persons in the report area received Medicare benefits in 2023.

Report Area	Persons Over 65 Receiving Medicare	Disabled Persons Receiving Medicare	Total Persons Receiving Medicare
Hennepin County, MN	194,909	18,610	213,519
Minnesota	1,009,807	109,037	1,118,844
United States	58,950,322	7,442,138	66,392,459

Data Source: Centers for Medicare and Medicaid Services, [CMS - Geographic Variation Public Use File](#). 2023.

### Medicare and Medicaid Providers

Total institutional Medicare and Medicaid providers, including hospitals, nursing facilities, Federally qualified health centers, rural health clinics and community mental health centers for the report area are shown. According to the U.S. Department of Health and Human Services, there were 5 active Medicare and Medicaid institutional service providers in the report area in the fourth quarter of 2023.

Report Area	Total Institutional Providers	Hospitals	Nursing Facilities	Federally Qualified Health Centers	Rural Health Clinics	Community Mental Health Centers

## Health Outcomes

### Hospitalizations - Emergency Room Visits

This indicator reports the number and rate of emergency room (ER) visits among Medicare beneficiaries age 65 and older. This indicator is relevant because emergency room visits are "high intensity" services that can burden on both health care systems and patients. High rates of emergency room visits "may indicate poor care management, inadequate access to care or poor patient choices, resulting in ED visits that could be prevented"<sup>1</sup>.

In the latest reporting period there were 10,607 Medicare beneficiaries in the report area. Beneficiaries had 2,622 emergency room visits, and the rate of visits per 1,000 beneficiaries was 578.0. The ER visit rate in the report area was higher than the state rate of 571.0 during the same time period.

Report Area	Medicare Part A and B Beneficiaries	Emergency Room Visits	Emergency Room Visits, Rate (per 1,000 Beneficiaries)
Report Location	10,607	2,622	578.0
Hennepin County, MN	186,778	46,172	578.0
Minnesota	994,332	266,287	571.0
United States	58,738,711	17,332,356	535.0

## Poor Mental Health - Mental Health and Substance Use Conditions

This indicator reports the rate of diagnoses for mental health and substance use conditions among the Medicare population. Figures are reported as age-adjusted to year 2000 standard. Rates are resummared for report areas from county level data, only where data is available. This indicator is relevant because mental health and substance use is an indicator of poor health.

Report Area	Medicare Beneficiaries	Beneficiaries with Mental Health and Substance Use Conditions, Percent
Report Location	No data	No data
Minnesota	969,165	30%
United States	57,235,207	32%

Note: Indicator data for the report location is calculated using *small area estimation method*. This indicator is compared to the state average.  
 Data Source: Centers for Medicare and Medicaid Services, *Mapping Medicare Disparities Tool*, 2020.

## Life Expectancy by Census Tract

This indicator reports the average life expectancy at birth. Life expectancy measures the average number of years from birth a person can expect to live, according to the current mortality experience (age-specific death rates) of the population. Life expectancy takes into account the number of deaths in a given time period and the average number of people at risk of dying during that period, allowing us to compare data across census tracts with different population sizes.

Within the report area, the average life expectancy at birth is 83.14 of the total population.

Note: Data are suppressed for areas with fewer than 5,000 total population (pooled) during the study period.

Report Area	Total Population (2010-2015)	Life Expectancy at Birth (2010-2015)
Report Location	63,274	83.14
Hennepin County, MN	1,197,776	80.64
Minnesota	5,419,171	80.68
United States	320,098,094	78.69

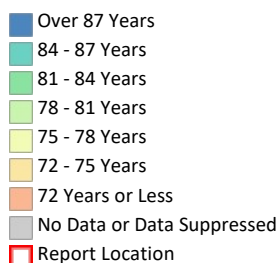

Note: This indicator is compared to the state average.  
 Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, U.S. Small-Area Life Expectancy Estimates Project. 2010-15.

[View larger map](#)

Life Expectancy At Birth, Years by Tract, CDC NCHS 2010-15

## Life Expectancy (2010-2015) - Geographic Disparity

The tables and charts below display summary measures describing the distribution of life expectancy values within the report area, including the range (maximum - minimum) and variance. Variance measures include the standard and weighted variance. Weighted variance takes into consideration the population of the neighborhoods/census tracts in determining the spread or values.

Note: No data are provided for counties with fewer than 2 valid data points in the report area.

Report Area	Minimum	1st Quartile	Median	3rd Quartile	Maximum
Hennepin County, MN	67.20	77.90	80.40	83.00	91.90

Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, U.S. Small-Area Life Expectancy Estimates Project. 2010-15.

Report Area	Range (Maximum - Minimum) in Life Expectancy	Variance in Life Expectancy	Weighted Variance in Life Expectancy
Hennepin County, MN	24.7	15.9	14.8

Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, U.S. Small-Area Life Expectancy Estimates Project. 2010-15.

## Period Life Table (2010-2015)

This indicator reports the probability of dying between the ages referenced in each category (among the population living to the first age in the reference category). For example, the data in column **Ages 1-4** expresses the probability of dying between one and four years of age. Data values are expressed as a percentage.

Report Area	Under Age 1	Ages 1-4	Ages 5-14	Ages 15-24	Ages 25-34	Ages 35-44	Ages 45-54	Ages 55-64	Ages 65-74	Ages 75-84

## Deaths of Despair (Suicide + Drug/Alcohol Poisoning)

This indicator reports average rate of death due to intentional self-harm (suicide), alcohol-related disease, and drug overdose, also known as "deaths of despair", per 100,000 population. Figures are reported as crude rates. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because death of despair is an indicator of poor mental health.

Within the report area, there were 179 deaths of despair. This represents a crude death rate of 52.7 per every 100,000 total population.

Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.

Report Area	Total Population, 2018-2022 Average	Five Year Total Deaths, 2018-2022 Total	Crude Death Rate (Per 100,000 Population)
Report Location	67,858	179	52.7
Hennepin County, MN	1,264,243	3,333	52.7
Minnesota	5,666,545	13,113	46.3
United States	330,014,476	922,513	55.9

Note: Indicator data for the report location is calculated using [small area estimation method](#). This indicator is compared to the state average.

### Deaths of Despair, Crude Rate (Per 100,000 Pop.), Yearly Trend

The table below shows crude death rates due to intentional self-harm (suicide), alcohol-related disease, and drug overdoses, also known as "deaths of despair," per 100,000 population over time.

Report Area	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022
Minnesota	26.5	30.4	30.1	31.1	30.7	33.4	36.2	37.2	36.4	40.1	47.2	52.9	54.7
United States	34.3	35.8	36.4	37.5	39.3	41.8	45.4	48.1	47.8	48.8	57.0	63.1	62.8

Data Source: Centers for Disease Control and Prevention, CDC - National Vital Statistics System. Accessed via CDC WONDER. 2018-2022.

### Mortality - Firearm

This indicator reports the 2018-2022 five-year average rate of death due to firearm wounds per 100,000 population, which includes gunshot wounds from powder-charged handguns, shotguns, and rifles. Figures are reported as crude rates. This indicator is relevant because firearm deaths are preventable and they are a cause of premature death.

Within the report area, there are a total of 28 deaths due to firearm wounds. This represents a crude death rate of 8.3 per every 100,000 total population.

Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.

Report Area	Total Population, 2018-2022 Average	Five Year Total Deaths, 2018-2022 Total	Crude Death Rate (Per 100,000 Population)
Report Location	67,858	28	8.3

## Mortality - Opioid Overdose

This indicator reports the 2018-2022 five-year average rate of death due to opioid drug overdose per 100,000 population. Figures are reported as crude rates. Rates are resummairized for report areas from county level data, only where data is available. This indicator is relevant because opioid drug overdose is the leading cause of injury deaths in the United States, and they have increased dramatically in recent years.

Within the report area, there are a total of 71 deaths due to opioid overdose. This represents a crude death rate of 21.1 per every 100,000 total population.

Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.

Report Area	Total Population, 2018-2022 Average	Five Year Total Deaths, 2018-2022 Total	Crude Death Rate (Per 100,000 Population)

### Mortality - Infant Mortality (CDC)

This indicator reports information about infant mortality, which is defined as the number of all infant deaths (within 1 year) per 1,000 live births. Data were from the National Center for Health Statistics - Mortality Files (2015-2021) and are used for the 2024 County Health Rankings.

Within the report area, 30.69 infants died during the 2015-21 seven year period. This represents 5.0 deaths per 1,000 live births.

*Note: Data are suppressed for counties with fewer than 20 infant deaths in the time frame.*

Report Area	Number of Infant Deaths	Deaths per 1,000 Live Births
Report Location	30.69	5.0
Hennepin County, MN	565	5.0
Minnesota	2,261	5.0
United States	150,841	5.7

### Low Birth Weight (CDC)

This indicator reports the percentage of live births where the infant weighed less than 2,500 grams (approximately 5 lbs., 8 oz.). These data are reported for a 7-year aggregated time period. Data were from the National Center for Health Statistics - Natality Files (2016-2022) and are used for the 2024 County Health Rankings.

Within the report area, there were 447.64 infants born with low birth weight. This represents 7.6% of the total live births.

*Note: Data are suppressed for counties with fewer than 10 low birthweight births in the reporting period.*

Report Area	Total Live Births	Low Birthweight Births	Low Birthweight Births, Percentage
Report Location	5,863.58	447.64	<b>7.6%</b>

## Special Topics - COVID-19

### COVID-19 - Confirmed Cases

This indicator reports incidence rate of confirmed COVID-19 cases per 100,000 population. Data for this indicator reflect the total confirmed cases since the start of the COVID-19 pandemic until the dataset discontinuation in March, 2023. Data are obtained from the Johns Hopkins University data feed.

In the report area, there have been 386,090 total confirmed cases of COVID-19. The rate of confirmed cases is 30,655.98 per 100,000 population, which is less than the state average of 31,686.21. Data are current as of 03/10/2023.

Report Area	Total Population	Total Confirmed Cases	Confirmed Cases, Rate per 100,000 Population	Last Update
Hennepin County, MN	1,259,428	386,090	30,655.98	03/10/2023
Minnesota	5,611,179	1,777,970	31,686.21	03/10/2023

## COVID-19 - Mortality

This indicator reports mortality rate from patients with confirmed COVID-19 disease per 100,000 population. Data for this indicator reflect the total deaths since the start of the COVID-19 pandemic until the dataset discontinuation in March, 2023. Data are obtained from the Johns Hopkins University data feed.

In the report area, there have been 2,952 total deaths among patients with confirmed cases of the coronavirus disease COVID-19. The mortality rate in the report area is 234.39 per 100,000 population, which is less than the state average of 257.50. Data are current as of 03/10/2023.

Report Area	Total Population	Total Deaths	Deaths, Rate per 100,000 Population	Last Update
Hennepin County, MN	1,259,428	2,952	234.39	03/10/2023
Minnesota	5,611,179	14,449	257.50	03/10/2023

## COVID-19 Fully Vaccinated Adults

This indicator reports the percent of adults fully vaccinated for COVID-19. Data is updated daily from the CDC API. Vaccine hesitancy is the percent of the population estimated to be hesitant towards receiving a COVID-19 vaccine. The Vaccine Coverage Index is a score of how concerning vaccine rollout may be in some communities compared to others, with values ranging from 0 (least concerning) to 1 (most concerning).

Report Area	Percent of Adults Fully Vaccinated	Estimated Percent of Adults Hesitant About Receiving COVID-19 Vaccination	Vaccine Coverage Index	Last Update

## Introduction

In 2023, Wright County Community Action (WCCA) entered a collaborative partnership with Wright County Health & Human Services (WCHHS) to explore, assess, and eventually develop the concept of Family Resource Centers in our service area. Family Resource Centers (FRC) are community-driven hubs of support that focus on strengthening families through access to low or no-cost services. FRCs are developed to reflect and be responsive to the needs, cultures, and interests of the communities they serve. FRCs utilize a multi-generational, strengths-based, and family-centered approach that builds communities of peer support for families to develop social connections, reducing isolation and stress.

There are presently over 3,000 Family Resource Centers (National Support Family Network) in the United States and each center is unique in location, programming, and focus, they are as varied as the communities they serve. The most provided services at FRCs across the nation are parenting support, access to resources, child development activities, and parent leadership development opportunities.

## Background and Purpose

During this explore and assess phase WCCA and WCHHS aimed to determine gaps in information and data that relate to establishing Family Resource Centers, and put an emphasis on seeking the voice of the parents and caregivers in our service areas. Key objectives include:

1. Collect and analyze primary data by gathering community feedback through surveys, facilitated focus groups, interviews, and Community Listening Sessions
2. Identify additional partners and opportunities for engagement.
3. Identify location opportunities.

## Core Project Team (Planning & Implementation)

The project team is comprised of WCCA Staff, Wright County Health & Human Services Staff, and a mix of consultants and community leaders. These include:

Carrie Tripp – WCCA – Project co-Leader, Core Planning Team, (Certified: Standards of Quality)  
Dara Smida – WCCA – Project co-Leader, Core Planning Team  
Michelle Miller WCHHS Social Services – Project Partner, Core-Planning Team  
Sarah Grosshuesch - WCHHS Public Health- Project Partner, Core Planning Team  
Casey Henre – WCHHS Public Health – Project Partner, Core Planning Team  
Kimberly Ziedler – WCCA – Project Support (Certified in the Standard of Quality)  
Amy Kortisses – WCCA – Data Analysis and Project Support  
Martha Brant – WCCA – Spanish Translator  
Marlene Brummer – WCCA – Spanish Translator  
Eric Ini – Consultant, Influencer Hotspot – African Immigrant Cultural Liaison  
Kimberly Marquez - Consultant, Hispanic/Latino Cultural Liaison  
Sara Fromm – Growth by Design – Facilitation & Data Collection  
Amy Allen – Growth by Design – Facilitation & Data Collection  
Kristi Ackley – Growth by Design – Consultant Summary  
Amy Nord – Growth by Design – Consultant Summary

## Strategic Approach

The resources to conduct this project were provided by a generous private grant from the Sauer Family Foundation, whose mission is to invest in strengthening the well-being of children, so they thrive in their families and communities. This grant funding created the opportunity for the development of a project team, and to overcome barriers to public participation by offering incentives for participants valuable time.

### Designated Advisory Committee

Wright County Human Services has a family services collaborative called the Community Child Safety Team (CCST). WCCA staff serve on this collaborative along with county staff, school district social workers, law enforcement, mental health providers, and other organizations that serve families and children. Family Services Collaboratives throughout the state strive to improve outreach and early identification, coordinate assessments and services across agencies, and integrate funding and resources. The FRC project team asked the CCST to act as an advisory committee for the FRC project. The CCST's role is to support the FRC team in planning and developing FRCs throughout Wright County, advise and support the FRC team on implementing and evaluating future FRCs, and assist in obtaining community support and services.

### Existing Data Sources

The project team leveraged several existing documents to help review county-level data. These sources included:

Data Source	Description	Owner/Location
2022 Community Needs Assessment	WCCA publishes a complete Community Needs Assessment every three years that evaluates various causes and conditions of poverty.	WCCA <a href="http://wccaweb.com/Home/Community_Assessment">wccaweb.com/Home/Community_Assessment</a>
2023 CNA Annual Update	Each year, WCCA completes a short update of major demographic changes and specific indicators related to childcare licensing.	WCCA <a href="http://wccaweb.com/Home/Community_Assessment">wccaweb.com/Home/Community_Assessment</a>
2023-2025 Community Health Needs Assessment	In a collaborative effort, the area's hospital systems, public health office, and community action agency produce a community health-specific assessment that is refreshed every three years.	Wright County Community Health Collaborative <a href="https://www.centracare.com/documents/about/Wright-County-Community-Health-Collaborative-CHNA-2023-2025-Updated-07.23.pdf">https://www.centracare.com/documents/about/Wright-County-Community-Health-Collaborative-CHNA-2023-2025-Updated-07.23.pdf</a>

See appendix for *The Community Needs Assessment and the Community Health Needs Assessment*.

## Five Protective Factors

Throughout the Explore & Assess project, the Five Protective Factors were used to guide decision-making and data organization. The Five Protective Factors are the foundation of the Strengthening Families Approach and according to the Minnesota Association of County Social Service Administrators, an FRC should offer support and services that fit into this framework. The Five Protective Factors are outlined in the image to the right.

## Approaches to Gathering Information

### Service Provider Survey

The consultants, Growth by Design, facilitated the project team in the development of survey questions to gather local service provider input. A digital survey was distributed to service providers.

### Community Member Survey

The consultants, Growth by Design, facilitated the project team in the development of survey questions to gather community member input. This survey was distributed via an online platform and paper copies were available upon request. The digital survey offered a Spanish version.

### Community Listening Sessions

The consultants, Growth by Design, developed questions and helped to facilitate the first six listening sessions. After reviewing the attendees and engagement levels, WCCA specifically worked with Eric Ini, Influencer Hotspot, to host a listening session for the African Immigrant community.

### Community Focus Groups

WCCA Staff collaborated with the community to host 2 focus groups with the Hispanic/Latino community. One session was led by consultant, Kimberly Marquez, the other by WCCA staff.

### Service Provider Key-Informant Interviews

The consultants, Growth by Design, conducted interviews with key community service providers.

## Outreach Materials

The core team designed a postcard to promote community listening sessions and participation in the community member surveys. These postcards were available through the offices of the core team members, at multiple community locations (health clinics, libraries, grocery stores), and were given to Community Partners to distribute to their clients. The Core team also leveraged social media and events (like the county fair) to promote participation.

The core team also distributed a newsletter-type mailing to about 13,000 households across the entire county, with additional copies printed for distribution at events. This article was written to inform the general population and families regarding the purpose and value of an FRC and utilized testimonials and input from parents and community partners. It also included a call to action to solicit additional information. Outreach materials can be viewed in Appendix A.

## Identifying FRC Neighborhoods

Many of our communities share common themes and trends based on several different factors. To compile the information, we grouped cities into “FRC Neighborhoods” throughout this report. Below are the names and defined cities contained in each of the neighborhoods. An asterisk (\*) indicates that the city mentioned is not located in Wright County. However, these cities share a common identity with the neighborhood and/or are served by WCCA programming.

The map indicates generic regions of the county. This map is not to scale.

**Buffalo** – Includes only the Buffalo responses

**Delano Area** – Includes Delano, Rockford, and Loretto\*

**Monticello Area** – Includes Monticello and Clearwater

**STMA Area** – Includes Albertville, Elk River\*, Hanover, Rogers\*, and St. Michael

**Western 12 Area** – Include Cokato, Dassel\*, Howard Lake, Montrose, Waverly, and Winsted\*

**Western 55 Area** – Includes Annandale, Maple Lake, and South Haven

## Service Area Overview

Wright County sits on the western edge of the Twin Cities but is not included in the metropolitan area. As of the 2022 Community Needs Assessment, the total population is over 141,000; in 2023 the US Census Bureau estimated the population to be 151,150. Wright County's population grew by 6.5% in the last three years, which is the highest percentage growth rate in the state. One-third of the population lives in a rural community. The median age is 37.1 and the median household income is \$87,772.

The US Census Bureau identified that 19,497 households have children under the age of 18. Nearly 4,000 households are led by single parents.

Data also shows that 1,834 grandparents live with their grandchildren; of those 346 are responsible for their grandchildren.

## Language Spoken at Home

- 126,888 (95.4%) English-only
- 2,811 (2.1%) Spanish
- 1,211 (0.9%) Other Indo-European Language
- 1,279 (1.0%) Asian and Pacific Islander Language
- 859 (0.6%) speakers of other languages

## Individuals with Low-Incomes

Definition	Rate	Number of People
Below 100% of Poverty	4.89%	6,767
Below 125% of Poverty	6.67%	9,243
Below 185% of Poverty	12.93%	17,971

## Child Protective Cases

Wright County is home to 39,093 children under the age of 18. This graphic report is a summary of Wright County Child Welfare statistics for 2020 – July 4, 2024.

		So far this year...
Child Protection	(1) Number of Child Protection Reports Received / Screened	<b>1,189</b>
	(2) Number of Child Protection Assessments / Investigations Completed	<b>227</b>
	(3) Number of Alleged Victims Screened-in / Assessed	<b>295</b>
All Child Welfare	(4) Number of Open Case Management Cases	<b>657</b>
	(5) Number of Children in Case Management	<b>815</b>
	(6) Number of Children Entering Out-of-home Care	<b>23</b>
	(7) Number of Children Exiting Out-of-home Care	<b>35</b>
	(8) Number of Children Experiencing Out-of-home Care	<b>105</b>

\*Note: Data point #2 (Number of Child Protection Assessments / Investigations Completed) is based on date the assessment was concluded, whereas data point #1 (Number of Child Protection Reports Received / Screened) is based on the date the report intake was received. Subsequently, #2 is not a subset of #1, although there is overlap in terms of the cases / reports being counted.

## Race-Specific Demographics

Ethnicity & Race	Population	Poverty Rate	Median Household Income	% of Population Under 18
White	128,134	4.5%	93,199	27.1%
Black or African American	2,246	2.2%	129,040	31.3%
Asian	1,596	5.0%	108,750	19.5%
Multiracial	4,456	14.0%	100,773	60.4%
Other	1,744	10.4%	63,269	31.3%
American Indian & Alaska Native	349	12.6%	75,848	22.3%
Native Hawaiian & Pacific Islander	-	-	-	-
Hispanic/Latino Origin (of any race)	4,370	12.8%	91,674	42.0%

## City Specific Demographics

The following statistics are pulled by zip code, not by city limit boundaries. Data is pulled using ZCTA and the 2017-2021 ACS.

City	Population	Population Under 18	Median Household Income	Poverty Rate
Alberville	12,650	31.10%	\$102,270.00	1.08%
Annandale	7,150	23.00%	\$78,522.00	7.89%
Buffalo	25,118	25.54%	\$82,389.00	5.77%
Clearwater	5,258	24.02%	\$90,550.00	6.81%
Cokato	5,376	32.72%	\$72,402.00	5.54%
Delano	9,572	28.60%	\$95,296.00	3.30%
Hanover	3,479	31.59%	\$126,184.00	5.09%
Howard Lake	3,531	19.60%	\$84,655.00	6.59%
Maple Lake	5,238	26.84%	\$83,583.00	5.42%
Monticello	19,601	27.78%	\$83,714.00	7.43%
Montrose	5,465	31.05%	\$77,609.00	12.46%
Rockford	5,460	22.84%	\$84,141.00	7.19%
Saint Michael	17,992	32.10%	\$119,000.00	3.36%
South Haven	3,538	23.40%	\$82,642.00	5.29%
Waverly	2,973	23.38%	\$99,519.00	4.33%

## Community Health Priorities

1. **Mental Health and Well-Being** refers to overall mental, social, and emotional well-being including social support, a sense of belonging in one's community, resilience, and access to the full continuum of mental health care and support.
2. **Misuse of Alcohol, Tobacco, and Other Substances** refers to preventing, delaying, or reducing the harm associated with using substances such as alcohol, tobacco, e-cigarettes, marijuana, opioids, and other drugs in a way that leads to physical, social or emotional harm.
3. **Dental Care** refers to reducing the rate of dental care delay and providing resources for preventative and routine oral hygiene care

## Service Provider Survey Discoveries

This survey was distributed in English and received 31 responses from local organizations that provide services throughout the community. See survey details in Appendix.

Survey Results	Observations/Discoveries
<p><b>What is going well for the individuals and families in your community?</b></p> <ul style="list-style-type: none"> <li>1) Education &amp; Schools <i>(25 responses)</i></li> <li>2) Community Safety <i>(22 responses)</i></li> <li>3) Access to Food &amp; other Basic Needs <i>(21 responses)</i></li> </ul>	<p>These results are in alignment with the results of other assessments reviewed.</p>
<p><b>What is not going well for the individuals and families in your community?</b></p> <ul style="list-style-type: none"> <li>1) Public Transportation <i>(29 responses)</i></li> <li>2) Affordable Housing <i>(22 responses)</i></li> <li>3) Mental Well-being <i>(21 responses)</i></li> </ul>	<p>These results are in alignment with the results of other assessments reviewed.</p>
<p><b>In what ways do you see yourself or your agency as a partner in Family Resource Center work?</b></p> <ul style="list-style-type: none"> <li>1) Referring clients to the FRC <i>(29 responses)</i></li> <li>2) Offering services at the FRC <i>(12 responses)</i></li> <li>3) Using social media to share info on FRC <i>(11 responses)</i></li> </ul>	<p>Partnering to provide services at the FRC may not be feasible for service providers depending on the scope and delivery of their service(s). Additional development of partnerships will be ongoing.</p>

## Community Member Survey Discoveries

This survey was offered in English and Spanish. The English survey received 287 responses, and the Spanish survey received 12 responses. Of the 287 English responses, 7 responses did not include a zip code and 12 responses indicated a zip code outside of the service area. See survey details in Appendix.

English Survey Results	Spanish Survey Results	Observations/Discoveries
<b>Would any of these be helpful support for your family?</b> 1) Mental Health Services/ counseling or Therapy (135 responses) 2) Support for Basic Needs (110 responses) 3) Extracurricular Activities for school-aged Children (94 responses)	<b>Would any of these be helpful support for your family?</b> 1) Mental Health Services/ counseling or Therapy (11 responses) 2) Education Services (9 responses) 3) Support for Basic Needs (8 responses)	Interestingly, support for basic needs appears in the top three of both the English and Spanish survey responses. However, the local service providers reported this as a strength area.
<b>If you needed help parenting your child(ren), do you have a support network to reach out to?</b>  18% of respondents said no	<b>If you needed help parenting your child(ren), do you have a support network to reach out to?</b>  73% of respondents said no	The Spanish respondents are less likely to have a support network compared to those who elected to take the English survey.
<b>If a Family Resource Center were available in your community, would you go there to access needed services?</b>  89% of respondents said yes	<b>If a Family Resource Center were available in your community, would you go there to access needed services?</b>  100% of the respondents said yes	It appears that the Spanish survey respondents are open and ready to access services through an FRC.
<b>Do you have any interest in participating in a Parent Advisory Group in a local Family Resource Center?</b>  37 (14%) respondents said yes	<b>Do you have any interest in participating in a Parent Advisory Group in a local Family Resource Center?</b>  5 (50%) respondents said yes	There seems to be a healthy pool of diverse candidates to serve on a Parent Advisory Group.

### Data Findings by FRC Neighborhood

Do not have a support network to help with parenting.

Buffalo	Delano Area	Monticello Area	STMA Area	Western 12 Area	Western 55 Area
25%	32%	7%	17%	13%	21%

Parenting is the most important and challenging job there is. Having a reliable support network can make parenting easier. When it comes to their own mental health and wellbeing, and that of our children, studies have shown that having a good support network with strong relationships you can count on is vital.

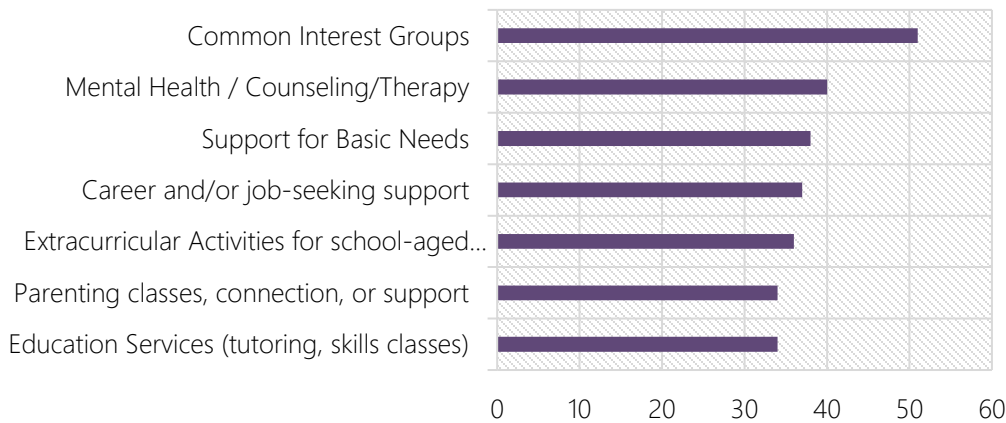

Do not feel they have the parenting skills appropriate for their child's development.

Buffalo	Delano Area	Monticello Area	STMA Area	Western 12 Area	Western 55 Area
6%	0%	4%	5%	2%	0%

While parents often believe they have a good grasp on their child's development, it's quite common for them to misunderstand certain aspects due to factors like personal bias, limited knowledge of developmental milestones, and simply seeing the world through their own adult perspective, leading to potential gaps in their understanding of their child's true developmental progress.

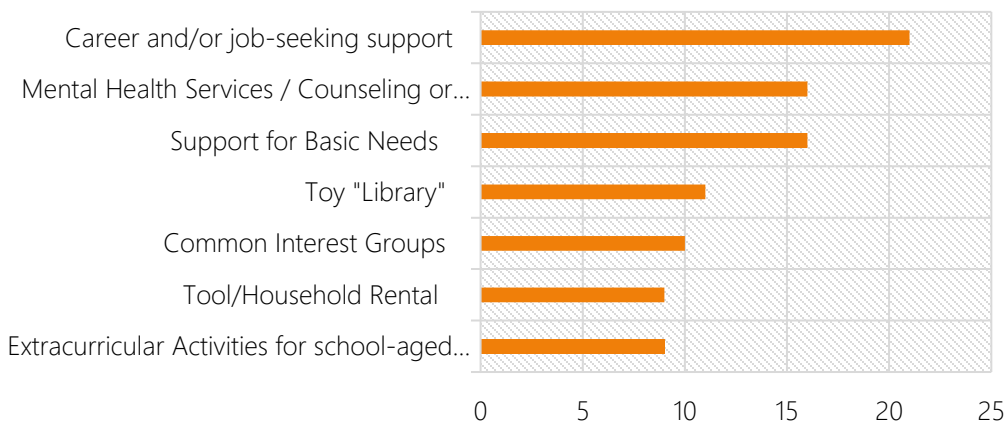

### Top Helpful Supports & Location Recommendations by FRC Neighborhood

#### Buffalo Area

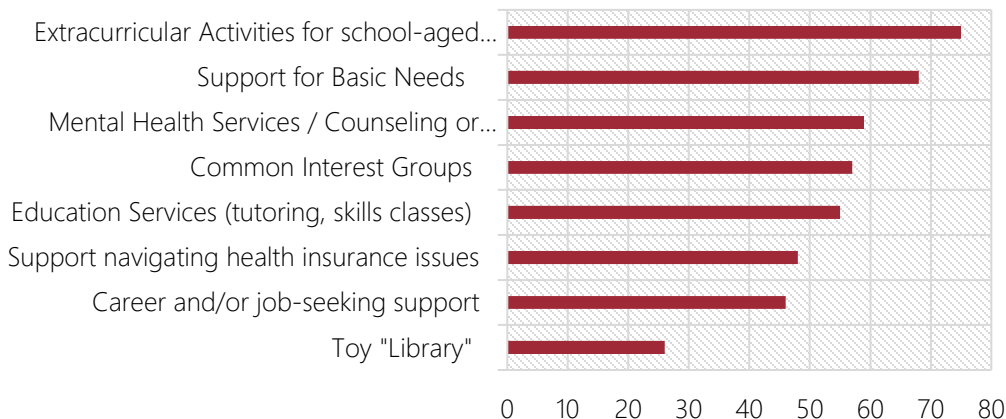

Places to Consider	Places to Avoid
Library, Buffalo Community Center, churches, clinics, somewhere downtown, schools, old government center, strip mall near Walmart.	Government buildings, Zion church, law enforcement center, in a new building, a public area

#### Delano Area

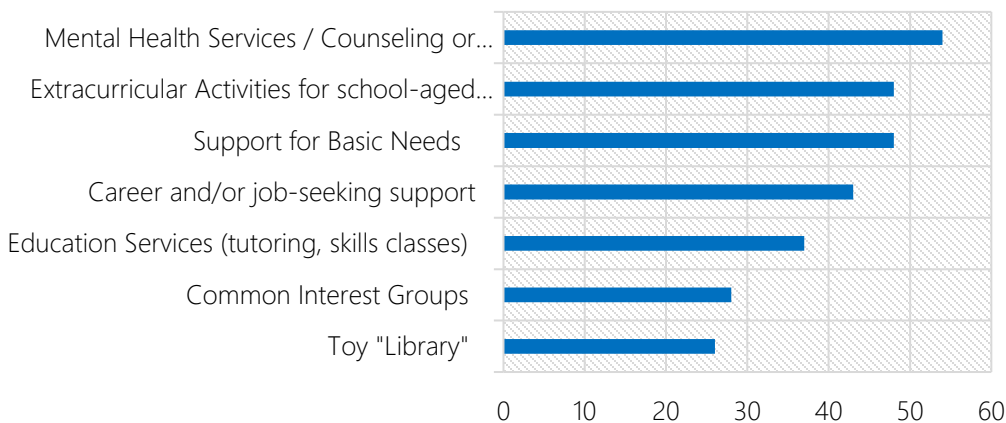

Places to Consider	Places to Avoid
Library, Community Center, Government Center, food shelf, Senior Center, Community Education Center	Bars or restaurants

### Monticello Area

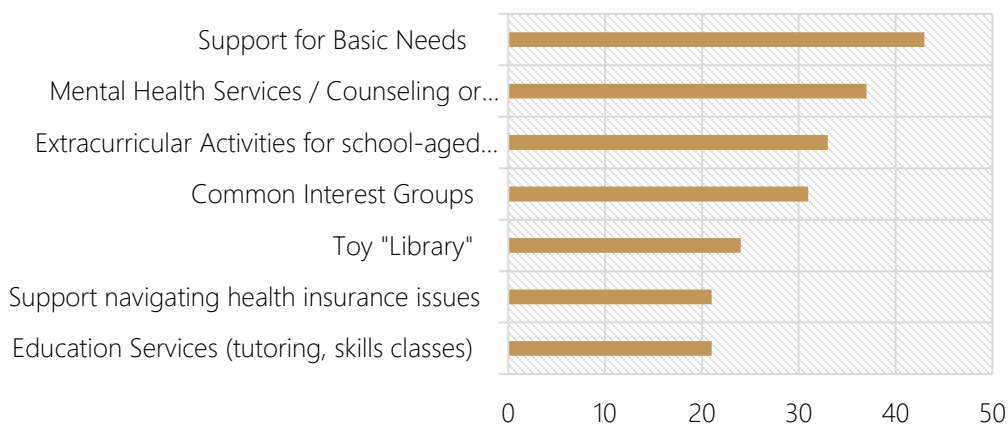

Places to Consider	Places to Avoid
Library, Community Center, Help Center, churches, Eastview Building, an independent location, any unused retail	Community Center (a lot already there), schools

### STMA Area

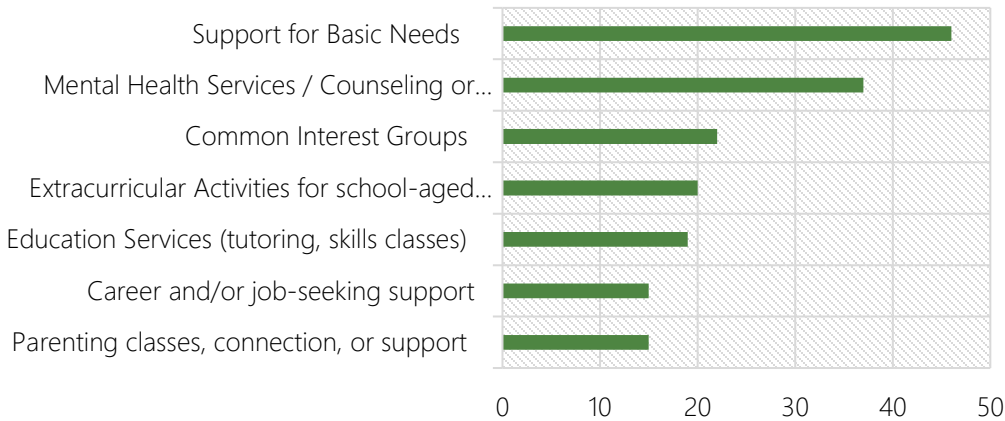

Places to Consider	Places to Avoid
FYCC or ECFE buildings, churches, city hall, community centers, food shelves, Government Center, old government building, schools, Prairie View nonprofit offices	Government buildings, anything too visible/public, churches, schools, places where easily recognized

### Western Highway 12 Area

Places to Consider	Places to Avoid
Montrose Community Center, libraries, churches, city hall, school libraries, Grace Place, the Montrose produce drop, several cities were called out specifically (Montrose, Buffalo, Monticello, Cokato, Howard Lake, Delano)	Along busy roads, Cokato, elementary schools

## Western Highway 55 Area

Places to Consider	Places to Avoid
Libraries, schools, churches, Monticello, town halls, fire stations	South Haven, Monticello, the bars, churches, schools

### Reasons why respondents would NOT use an FRC

- 10% - Save the resources for people who need it more
- 10% - Don't feel like they need the service
- 1% - Prefer services online only
- 1% - want to avoid government-funded programs and services
- The others did not indicate a reason

### Additional Information Respondents Shared About Their Family or Community

Survey respondents were provided the opportunity to write their answers to this question. About 20% of respondents took advantage of this section. These free-form responses were summarized into common themes or topics:

- Pre-teen or teen programming (mentioned by 6 respondents)
- Assistance with navigating social programs (mentioned by 6 respondents)
- Affordable housing (mentioned by 4 respondents)
- Food resources (mentioned by 4 respondents)
- Opportunities to build closer connections within family (mentioned by 4 respondents)
- Open Gym or Free Sports (mentioned by 3 respondents)
- Homeless Services (mentioned by 2 respondents)
- ADHD/Autism Parenting Groups (mentioned by 2 respondents)
- Tutoring services (mentioned by 2 respondents)
- Mental Health Services (mentioned by 2 respondents)
- Time management classes (mentioned by 2 respondents)
- Opportunities to connect with other families (mentioned by 2 respondents)

## Community Listening Sessions Discoveries

### Participation

Eight (8) Listening Sessions were offered in the following communities with a total of 41 participants:

- Annandale/Maple Lake
- Buffalo
- Delano
- Howard Lake/Waverly
- Monticello
- St. Michael (morning)
- St. Michael (afternoon) - no attendees
- African Immigrant Community (hosted in Monticello with 20 attendees from across the county)

Key takeaways indicated that an FRC should be/offer:

- A place to find updated information for services available in the county. To reduce transportation barriers, as many services as possible should be offered at or brought to the FRC.
- Mental health support for adults and children.
- A food/pantry and/or food drop location.

### Discoveries within the 5 Protective Factors:

Throughout the listening sessions, the following comments are associated with the Protective Factor of Resilience:

- "It should be a place to go when you need a break from parenting. Somewhere to have a cup of coffee, and the kids can play safely."
- "It should be a place to go when you have a fight with your spouse."
- "A place to meet people and make friends."
- "A bathroom for when you have to sleep in your car with your kids."

In the Social & Emotional Competence Protective Factor, the following themes were heard throughout the listening sessions.

- The lack of mental health services for children was mentioned multiple times.
- Caregivers discussed activities where they (both as a parent or grandparent) could participate alongside their child so they can learn with them and connect with other parents.
- Affordable after-school enrichment activities for older kids was a common topic.

Understanding Child Development was high among the attendees of our listening sessions. Attendees recommended that services at the FRC should include:

- Parenting classes and learning activities.
- Supports for families who have children with disabilities.
- High-quality after-school activities that are affordable.

Suggested forms of Concrete Support services from the listening sessions included (in no order):

- A food shelf or drop site
- Hygiene items
- Health screenings
- Dental care
- Medical equipment
- A bulletin board to connect people and services
- Legal assistance
- Financial rental assistance
- Help navigating renter’s rights
- Access to technology (computer, wifi/hotspot, phone)
- Classes: Financial literacy, home ownership, money management, relationships, ESL, parenting, and swimming.
- Toy Library
- Tools to rent

- Support groups such as AA, Al-Anon, and domestic violence support
- A safe parental exchange site
- Child care/crisis nursery
- Emergency assistance
- Infant needs (diapers, formula, meals, clothes, etc.)
- Vehicle maintenance and service
- Transportation, including out of the County

Social Connections were mentioned in every listening session. Participants would appreciate a child-friendly environment to go to and feel safe. When brainstorming, parents expressed interest in having a place to decompress and connect with other parents.

Meals were discussed at each session as well, including meal planning/prepping or having community meals.

- “Families could learn about different cultures through food.”
- “This could be a way to build community connections, get to know your neighbors, and build trust.”

## Community Focus Group Discoveries

To specifically hear the voices of minority populations, we hosted two focus groups for Hispanic/Latino communities. Both focus groups voiced Summaries of the questions and answers can be found in Appendix A.

### Key Findings:

Attendees did not feel like their current community was meeting their needs.

Focus group participants were asked to speak about if they felt like their current community was meeting the needs of their families. All participants shared that there was a lack of resources that were meant for the Latino/Hispanic community. As noted by the participants:

- "No, I don't feel like my family's needs are being met because all programs for our community are usually in Minneapolis."
- "I don't know if there is even a building or office that offers support near me. so currently I am not getting what I need to support my kids".
- "Yeah, there is not much information out here about resources targeting our families".
- "I live in Monticello and I have been here with my son for a while, and we have suffered/struggled with not having information. I don't know if there is centers around here that would offer me help. All this is very strange for me. I have asked for help in the past at my sons' school and I have struggled. I haven't gotten the help. My child struggled with the language as well there was no support. I would love a center like this".
- "No, I don't"
- "yes and no, the current hours don't work for my family. I reside in Albertville. We have utilized ECFE when I had my baby. But I would love to see more support for bilingual children. Its very important for children to keep their language and encourage them. I would like to see more programs like this".

There was a consensus from the participants that they felt like their current community was not meeting the needs of the Latino community around services and support in their language.

Attendees need support and advocacy when navigating resources or services in Wright County. There is a lack of information within the Latino Community

Many participants spoke about the lack of available resources connected to the Latino community. They didn't feel welcome in spaces, felt a lack of support in their language, and identified a lack of information. Many participants shared that they needed to go to Minneapolis to seek services regarding their health. They felt like there were more services in Hennepin County tailored to their family's needs.

- "There was a member in the community who didn't want to go to the hospital due to fear around his immigration status and again due to the lack of information it causes families to do things like this and risk their lives. There is fear around the documents they might ask. I think families need to be more educated around this topic to reduce the fear".
- "Mental health services. Access to diapers to pick up. Formula for infants. Support for kids who are newly arrived in the state and need access to clothing. Assistance around home repairs and assistance with house appliances. I feel like all the services and resources are in Hennepin County. We need more like this in Wright County for us to access".

- "Health services as I had to take my child to the emergency hospital all the way in Minneapolis as I didn't know where to seek help here".
- "A workforce center. In Minneapolis, there is a workforce center where they help Latino immigrants who recently arrived. They give them a basket where they can fill it with fresh vegetables and food. After they pick up their food they go inside a conference where they can learn about the resources that they offer. Last week we had a doctor come in to inform them about their rights to seek medical help. This would be good as it's too far to go to Minneapolis. There is no public transportation here. I want to know for those who don't have work. And don't qualify for insurance? Where can they go?".

Fear, confusion, and lack of information were central themes felt by many as they attempted to access services. They contended that the Latino community would benefit if more individuals who look like them and speak like them were on the frontlines of these family resource centers. Many of them conveyed that there is a need for more education and awareness of what is currently offered in Wright County. Many expressed that if there had been more awareness or knowledge of what services they offer families, then the community would be able to access them quicker. Sharing and explaining these services better would help reduce fear and increase communication between the community and service providers. The knowledge gap hindered many families and residents from seeking services outside of Wright County. The participants also shared that there is often misinformation going around in the community about the current social services in Wright County which results in reluctance to inquire about services.

Families want to see more free activities for their children around language, sports, literacy, and future planning/support.

All the participants shared that they would look like to see more free programs for their children to access. They would like their children to build relationships and connect with other children their ages; and want to see more outdoor activities being available to their families. It was important to all parents that their child keep their language, and they wanted to see more services and support in this area. Furthermore, the Hispanic/Latino community wants to see current services provide activities in Spanish. They want more opportunities for their child to grow and learn. Participants shared:

- "Build connections with other children. Engage with other kids their ages"
- "For libraries to have more Spanish books. Story time in Spanish".
- "More free programs in Spanish for the children and families"
- "My kids to learn and grow in their Language. Everything is in English here".
- "More indoor playgrounds. Or indoor winter activities. Free to families. There is a Monticello community center, but some folks don't have money to pay a membership. I take my child to the pool, but I can only take him during certain times as we don't have a membership and sometimes those times don't work for my family".
- "Access to an archery group. Free Swimming lessons where they are accessible, and we don't have to go to Maple Grove. Classes around babysitting how to stay home safely and how can my kids create a safety plan to stay home".
- "Workshops around employment like (carpenter, electrician, mechanic, etc.) free of cost"

The sense of belonging and being a part of their community resonated with many. They wanted their child to be more involved and for them to learn about how to support their child in their growth. The participants also noted how important it was to have language support services and programs designed

for Latino children as it directly impacted the children's sense of connection and belonging. Which also helps them get a sense of empowerment.

At the end of the focus group, many expressed interest in participating in another process like this or supporting the development of programs/events.

Families want the FRC in Monticello and have weekend availability.

A majority of participants would recommend Monticello as a primary location for one of the family resource centers.

- "Monticello would be perfect its only 10 minutes away from Albertville and there is more population. It's also close to buffalo. It's like the middle ground".
- "Monticello would be perfect. I reside here and my dad has lived here for many years. Monticello has grown so much, and we are starting to see more employees who speak Spanish and some flyers/publications in Spanish as well. It used to be weird when we saw a Latino here. We used to get excited when we saw one. This family resource center is very needed".
- "I think Monticello would be perfect there is a huge Latino population there".
- "I would also recommend Monticello. Because there are many Latino families. I wouldn't recommend a small town where there is not much population or folks of color. Or where transportation is limited. And access to the building is not easily accessible"

Monticello was highlighted as a priority location as many Latinos reside within this city. They have seen an increase in Latino Spanish-speaking staff within services and stores. They have seen an increase in families staying in Monticello and calling it home. Monticello would be a centered space for Wright County, accessible, and safe. Weekends would be more accessible to the community as folks work during the week and have more availability on a Saturday morning.

#### Summary of Recommendations from Hispanic/Latino Focus Groups:

- For WCCA and service providers in Wright County to do more outreach to inform the Latino community on the current services that they can obtain as undocumented and documented individuals.
- Increase services to those without documentation or status so they can get access to medical services. Access to services is more crucial given the unique needs of the Latino/Hispanic community.
- Prioritize translations and hiring Spanish-speaking staff in Family Resource Centers.
- Continue offering opportunities from the community to share input/needs.
- To allow Spanish-speaking parents to support programs/event planning.
- To increase Spanish-focused programs.
- To be inclusive and keep in mind all the people! Most of the current resources and programs are set for Caucasian/European families.
- Create a safe space for cultural diversity. Because if I don't feel safe, I won't go.

## **Service Provider Key-Informant Interviews Discoveries**

The consultants, Growth by Design, interviewed six community service providers which included:

**CentraCare Health:** Community Health Improvement works to improve access to care, creates community connections to address social determinants of health and improve health outcomes

and serve as the bridge from clinic to community to meet patients where they are at.

**Timber Bay:** an organization of dedicated youth workers committed to personal, ongoing mentorship with young people.

**Central Minnesota Mental Health:** offers mental and chemical health services throughout Central Minnesota

**Rivers of Hope:** a domestic and family abuse prevention non-profit.

**Lutheran Social Services Crisis Nursery:** short-term care for children up to 12 years of age, crisis counseling and support for families.

**Love INC:** a non-profit that enables churches in a community to coordinate their resources and services, so people in need are not turned away.

Growth by Design reported that key takeaways from these interviews included:

- Many resources are available across Wright County, but people:
  - Are not aware of resource options
  - Don't know how to access resource options
  - Have significant barriers to accessing them.
- Information about services or resources is not centralized, frequently changes, and is difficult to navigate.
- Lack of transportation is a major issue across Wright County:
  - Lack of barriers-free public transportation
  - Unreliable transportation
  - Lack of funds for fuel or vehicle repairs
- While all agree that collaboration is important, the silo effect still exists
- Stigma is an issue when it comes to accessing services

## Outcomes of this Project

Throughout this project, we've learned a lot and generated community support of an FRC. Providing us with a solid foundation to build on, two members of the Core Team participated in training and received certification in the Standards of Quality for Family Strengthening & Support. Our effort to educate the community on the value of Family Resource Centers built enthusiasm among both service providers and the public. People are excited to see what can happen when we all work together! In fact, we've already formed a Parent Advisory Group. The Parent Advisory Group met once at the end of the project to discuss roles and responsibilities. The next steps will be to expand the group and create groups that are tied to specific community locations. Several community partners have stepped up to engage in the FRC through space collaboration, providing resources, and bringing awareness through referrals. The City of Howard Lake has offered the use of their new Community Room located within their new state-of-the-art library complex. They are very interested in a strong partnership and are willing to provide permanent storage space for activity supplies; we are invited to reserve the room as often as we like each month, assuming availability.

Interesting discoveries made throughout this project include:

- There is a discrepancy between service provider perception and community member experience.
- Basic needs appeared as a strength among service providers and an area for growth among community members. This demonstrates that providing resources and accessing resources are two different things.
- There is a gap in low-cost activities, resources, and programs for youth and teens.
- Mental health/counseling services are top priorities regardless of the geographic area or age of the respondents.
- African Immigrant and Hispanic/Latino populations prefer communication methods that are not typically used by service providers. One method mentioned was WhatsApp, a common international communication tool.
- Survey results indicate that our geographic neighborhoods have different visions for an FRC. For example, responses from the STMA neighborhood focused on basic needs and support for those in poverty. These responses showed more concern for privacy and anonymity compared to the other neighborhoods.
- Connecting food resources with the FRC is a common request.
- The community shared higher interest in social opportunities than expected.

## **Path Forward**

- We will seek funding from diverse sources to implement FRC's and to establish a plan for long-term sustainability.
- WCCA received a grant in the amount of \$28,662 to support the launch of a mobile FRC. We will utilize the Howard Lake Library as the core location. Additionally, we will plan for pop-up activities throughout the county to provide more inclusive opportunities and to showcase the value of an FRC in each community. We will begin with those communities expressing strong interest and need.
- The Core Project Team will continue to meet on a regular basis to review community needs and to identify additional FRC locations, with at least one permanent location sought (Monticello is a priority)
- We will continue to work with our start-up Parent Advisory Group and solicit additional parent interest in the region surrounding our primary mobile FRC location.
- We will encourage parents, community service providers and staff to participate in the Standards of Quality for Family Strengthening & Support.
- We continue to engage our advisory group and community partners as we look to further develop our FRC program; and to develop plans and utilize service providers to sponsor activities to launch our mobile FRC.
- We will continue to inform our communities regarding the opportunities for Family Resource Centers and seek feedback from the community through a combination of methods.

# WRight for Families

## Family Resource Centers (FRCs)

### *You're Invited*

Wright County Community Action & Wright County Health & Human Services are seeking your input as we explore interest in developing Family Resource Centers in Wright County. Your feedback is important as we work to provide services to better meet your needs. Opportunities to give feedback include:

Participate in a survey

Register for a Community Session  
*childcare & meal provided*

If you have questions about the listening sessions,  
contact WCCA at (320) 963-6500 ext. 0

## What is a Family Resource Center?

Family Resource Centers are community-based hubs of support that offer a variety of low or no cost services, as identified by the community. Services may include parenting supports, child development activities, and connection to local resources. Additional offerings are determined by community input.

### Why we want to hear from you...

*You know what you need.*

To provide your input, fill out the survey or attend a community listening session between April 2 - 17, 2024 in a community near you.

“

**I went to a Family Resource Center because I needed help. I was homeless and a single dad. They didn't judge me, they just helped me.**

-Parent, FRC Participant

”

# WCCA Community Assessment

Wright County Community Action  
Board of Directors Approved  
10/11/2022

# Purpose

As a Community Action Agency, Wright County Community Action (WCCA) is responsible for understanding the changing needs of the communities and people it serves as well as to ensure the voice of low-income peoples in its leadership and service design. In order to accomplish this, WCCA conducts an in depth process of study, listening, and community engagement every three years to understand the needs of community.

While WCCA believes it is in the best interest of the community, this process is also requirements of several governing agencies.

## **Office of Economic Opportunity**

OEO Instructions 6320-1: In developing its strategies and plans, the Community Action Agency shall take into account the areas of greatest community need, the availability of resources, and its own strengths and limitations.

## **Economic Opportunity Act of 1964**

Economic Opportunity Act of 1964, Section 201(a): To stimulate a better focusing of all available local, State, private, and Federal resources upon the goal of enabling low-income families, and low-income individuals of all ages, in rural and urban areas, to attain the skills, knowledge, and motivations and secure the opportunities needed for them to become self-sufficient.

## **Head Start Performance Standards**

1302.11 Determining community strengths, needs, and resources: (b) Community wide strategic planning and needs assessment (community assessment). (1) To design a program that meets community needs, and builds on strengths and resources, a program must conduct a community assessment at least once over the five-year grant period. The community assessment must use data that describes community strengths, needs, and resources and include, at a minimum:

- (i) The number of eligible infants, toddlers, preschool age children, and expectant mothers, including their geographic location, race, ethnicity, and languages they speak, including:
  - (A) Children experiencing homelessness in collaboration with, to the extent possible, McKinney-Vento Local Education Agency Liaisons (42 U.S.C. 11432 (6)(A));
  - (B) Children in foster care; and
  - (C) Children with disabilities, including types of disabilities and relevant services and resources provided to these children by community agencies;
- (ii) The education, health, nutrition and social service needs of eligible children and their families, including prevalent social or economic factors that impact their well-being;
- (iii) Typical work, school, and training schedules of parents with eligible children;
- (iv) Other child development, child care centers, and family child care programs that serve eligible children, including home visiting, publicly funded state and local preschools, and the approximate number of eligible children served;
- (v) Resources that are available in the community to address the needs of eligible children and their families; and,
- (vi) Strengths of the community.

# Scope

WCCA participates in the Community Health Collaborative which produces a Community Health Needs Assessment (CHNA) that evaluates a variety of health-related topics. This assessment is connected with the Wright County Public Health departments survey and will be published in collaboration with Allina and CentraCare healthcare systems. For this reason, WCCA will not investigate many health issues. Some topics that come from the Community Health Collaborative maybe included to help guide the process.

WCCA's focus will be on the conditions and causes of poverty. Most of these elements are also closely connected to the social determinates of health. Using the category outlined on the Community Action National Theory of Change, WCCA will specifically investigate the domains of employment, education, income & asses building, housing, behavioral and social health, and civic & community engagement.

# Objectives

1. Collect and evaluate information regarding the perceived needs of the community directly from low-income individuals
2. Create one document that compiles that data showing the need into clearly defined needs statements that are categorized into the areas of individuals/families, agency, and community level needs
3. Prioritize the need statements with help from program leaders and community stakeholders.
4. The WCCA Governing Board and the Head Start Policy Council will formally accept the assessment and the prioritized lists of needs statements.

# Methodology

## Target Audience

While it is important to include data collected from current customers in the needs assessment, this information alone does not fully reflect the perspectives and interests of the community as a whole. For this reason, WCCA will use methods that draw information from low-income individuals in the broader community to ensure the inclusion of diverse views and a more accurate picture of the community's needs.

Mailing Survey Invitations/Announcements: WCCA will use a direct mailing service to that pulls a report of households based on characteristics. This year, we have selected to target household with incomes less than \$50,000 as it is closely related to the low-income threshold based on the

Federal Poverty Guidelines (FPL). Additionally, \$50,000 per household is below the cost of living for the county. This list generated a total of 6,652 addresses. Unfortunately, due to financial constraints we could not afford to send to all of these households. Instead, the WCCA Leadership team has decided to send to 3,325 of these households (approximately 50%).

Online Promotion of Survey: WCCA will utilize social media and the agency's website to promote participation in the survey. While these venues may collect information from individuals that are not considered low-income, the survey will have a question to determine the income status of the respondent's household. WCCA will track the reach (a Facebook insights measure) for posts to determine how many individuals see the invitation to participate in the survey. Specific emphasis will be placed in the posts to encourage everyone to participate – not just WCCA clients.

WCCA will also use these venues for recruiting individuals to participate in the analysis and prioritization methods outlined below.

Program Communication: WCCA staff will promote the participation in the online survey to our existing clients. While this does limit the reach of non-client individuals, it is important to acknowledge that in FY2021, WCCA served 9,065 which is 132% of the poverty estimates according to the ACS 2020. This suggests a large portion of those living in poverty are engaging in the agency's programs and services.

## **Collection Methods**

Quantitative Data: Quantitative data from federal, state, and local sources will be gathered by the WCCA Data Entry Specialist and entered into a spreadsheet where we can compare data over time. The Data Entry Specialist will make every effort to find the most current and up to date information available.

Qualitative Data: The Agency will collect qualitative data through a survey.

Online Survey: WCCA will leverage the online surveying tool Questionpro.com to collect and to help organize the raw data for analysis. The agency will encourage online participation.

Paper Surveys: For individuals who lack internet access or acumen, paper versions of the same survey will be available upon request. Paper copies can be picked up at the office, emailed, or mailed to any individual who contacts the office or a WCCA staff member. When paper surveys are received, the WCCA Receptionist will be responsible for entering this data into the Questionpro.com database and will destroy the paper survey.

# Community Demographics

population

# Open-Ended Questions Summary

Open-ended questions were summarized into major themes of the statement, then sorted by the number of times the theme was mentioned. The tables on the left show the 10 most common themes that were mentioned in the open-ended comments. The number in parenthesis indicate how many times the topic was mentioned. A full list of the summarized themes can be found in the supplemental data section of these assessment.

## What Prevents Well-Being?

1. Not enough money (33)
2. Health (22)
3. Disabilities (20)
4. Time (18)
5. Mental Health (16)
6. Nutrition (13)
7. Housing (13)
8. Inflation (13)
9. Lack of Social Connections (12)
10. Motivation (12)

### Interesting Responses Not in Top 10:

- Lack of affordable fitness facilities (10)
- Childcare (7)
- Caregiver (6)
- Overwhelmed as a single parent (4)
- A trusted confidant, mentor, or role model (4)

## What other needs do you see in our community?

1. Housing (21)
2. Youth Programs (19)
3. Transportation (15)
4. Community Activities (12)
5. Community Center (10)
6. Walkable/Bikeable Community (9)
7. Child Care (8)
8. Law Enforcement (8)
9. Grocery Store (8)
10. Benefits Cliff \* (7)

### Interesting Responses Not in Top 10:

- Business Development (6)
- Homelessness (5)
- Aging (5)
- Polarizing political beliefs (5)
- Lack of social connections (4)

\*According to The Center for Community Solutions: Benefit cliffs occur when a small increase in earnings means a family no longer can receive a public benefit which was helping them to feed their families, afford medical care, access quality childcare or otherwise balance their budget.

Here are some of the comments that were shared during the survey.

## What Prevents Well-Being?

### NOT ENOUGH MONEY (33 comments)

- ❖ Affordability of everything, rising inflation. Makes it hard or impossible to save money even doing everything "right"
- ❖ I do not have enough money coming in and I do not qualify for SNAP or some other services
- ❖ No money to make a difference. Raising 6 kids between 3 and 21. Diapers and college is hard. Not being able to let them do activities because we can't always afford food. We are always behind on all the bills.

### HEALTH (22 comments)

- ❖ I have had multiple failed surgeries in my feet & my lower back.
- ❖ I have on-going medical issues that prevent me from working more.
- ❖ I have on-going medical issues that prevent me from working more.
- ❖ I need a hip replacement so mobility is a struggle for staying active

### DISABILITIES (20 comments)

- ❖ Battles with work comp for my husband
- ❖ Being legally blind
- ❖ Finding affordable care for my autistic son so that I can go to events or support my other children.
- ❖ I am sole caregiver to handicapped son 24/7. I have no backup.
- ❖ With a severely disabled daughter, we need to remain on MA. Our sole source of income is paid parent of a disabled minor through the CADI Waiver system in MA, and SSI. If I were to generate income, we'd immediately lose SNAP benefits, lose MA and need to purchase our own unaffordable insurance, which would then require a level of income that would make us lose our income as paid parent, as we'd lose the CADI Waiver, and we would then lose SSI. I'd have to be able to generate \$50-\$75,000 just to start at zero, and if anything went wrong with whatever plan was devised it would be catastrophic to my family.

### TIME (18 comments)

- ❖ Busy with work and kids' activities. Work/life balance is extremely difficult
- ❖ Finding time to have down time. Seems like I am always working

### MENTAL HEALTH (16 comments)

- ❖ Common anxiety is my biggest hurdle. I also don't have a lot of friendships that go beyond the casual person you know at work. It's also hard to find time to care about my physical well-being
- ❖ Having such bad depression hinders holding a fulltime job
- ❖ Not enough time or money. Other life demands take precedence. Anxiety prevents a lot of things from happening.

## What other needs do you see in our community?

### HOUSING (21 comments)

- ❖ Lack of transitional and supportive housing for low-income folks. Most services target families not individuals.
- ❖ Absolutely not enough available HUD housing to have options of where to live.
- ❖ Affordable housing and rental options, community resources (food shelves, sheltering)

### YOUTH PROGRAMS (19 comments)

- ❖ I see the need for after school or summer programs for youth.
- ❖ Need for places for teens to hang out that is affordable and is not at a church. Not everyone is religious.
- ❖ Youth need healthy options outside athletics. It's also hard to break into social circles since I didn't grow up here.
- ❖ Some sort of kids' clubs...organized activities for the kids that have a hard time making/keeping friendships.

### TRANSPORTATION (15 comments)

- ❖ Medical transportation seems to only be available if eligible for MA.
- ❖ Better public transportation for the elderly, especially in evenings and weekends
- ❖ Help with car repairs, more outreach programs for those that don't qualify for assistance but need it.

### COMMUNITY ACTIVITIES (12 comments)

- ❖ Delano needs more social and cultural activities.
- ❖ I find it hard to find activities that are family friendly or that my children can go to that do not cost more than \$100. I also can't commit to 3 months of something when I don't know if my kids will like it or how the autistic son will handle the situation.
- ❖ More social opportunities by bus groups for seniors & low income to fun activities, I realize we had more before covid-19 hit, possible again?

### COMMUNITY CENTER (10 comments)

- ❖ We need a local pool or YMCA for people to work out/gather
- ❖ We need an indoor affordable safe playground for kids.
- ❖ Community Center
- ❖ Community center for kids and family
- ❖ Larger community center / event center.

## What are the strengths your community?

These are just a few of the responses we received. It's important for us to look at our strengths and remember what makes our communities a wonderful place to live.

### ALBERTVILLE

- ❖ Helpful
- ❖ Neighbors are friendly
- ❖ Price
- ❖ Small town feel, everyone seems to care about others in their community
- ❖ Tight-knit, affluent

### ANNANDALE

- ❖ A lot of small businesses. A lot of things close by, don't need to travel far.
- ❖ Friendly
- ❖ Generally peaceful & quiet!
- ❖ Proactive citizens that enjoy the outdoors
- ❖ Safe community, a lot of community events.
- ❖ Tight knit

### BUFFALO

- ❖ Beautiful, clean, safe, unique shopping
- ❖ Caring for others, outreach, banding together in time of stress
- ❖ Employment for the disabled
- ❖ Everyone is extremely giving and caring
- ❖ Family orientated
- ❖ Friendliness, willingness to help strangers in need
- ❖ Good health care availability, great care centers, thriving churches,
- ❖ I love the Buffalo Community Podcast.
- ❖ Neighbors tend to look out for each other. Peaceful rural setting.
- ❖ Pulling together in tuff times and helping those less fortunate
- ❖ Same small town feel that I remember when my kids were growing up
- ❖ They are excellent at (Law enforcement) keeping neighbors safe
- ❖ We have a lot of community resources available for seniors and low-income groups.

### CLEARWATER

- ❖ A feeling of family
- ❖ A lot of nature to offer and trails.
- ❖ Neighbors look out for one another; willing to help others
- ❖ Our neighborhood Facebook page is very active
- ❖ Outdoor parks, lake nearby, bike trails, snowmobile trails, easy access to freeway/hwy
- ❖ Safety, looking out for each other
- ❖ Small community
- ❖ Well maintained public areas and services. I like parks, food shelf, library and local feel of businesses.

### COKATO

- ❖ Close-knit, helpful, kind, generous,
- ❖ Everyone is kind and compassionate
- ❖ Family oriented
- ❖ Lots of opportunity, good housing, good people
- ❖ Roads are good
- ❖ Rural but city
- ❖ single mom support

### DELANO

- ❖ Auxiliary, 4th of July Parade, Taste of Delano, Great Stores everything you need, plus a Dollar General. Good people, many know each other.
- ❖ I appreciate the safety of living in Delano. It is a well kept community.
- ❖ I live in the part of town walkable to the library, restaurants, etc.
- ❖ It's growing and businesses have been able to hang on in spite of the Covid and inflation
- ❖ Playgrounds for kids , trying to restore downtown .
- ❖ Small town feel. Close to the city.

## HANOVER

- ❖ Caring, small community where people know each other and are happy to help
- ❖ Good people, community events, good schools
- ❖ Little crime, great people, great restaurants
- ❖ Safe, well kept up, low crime. Family oriented.
- ❖ Small town, small town feel

## HOWARD LAKE

- ❖ Everyone willing to help each other
- ❖ Friendly, at least on the surface.
- ❖ Good schools, great library, good churches, no traffic, we have the County Fair Grounds, some senior housing but need more
- ❖ Small, beautiful, developing
- ❖ Small, safe community. Helpful, caring neighbors.

## MAPLE LAKE

- ❖ Close knit. Neighborly.
- ❖ Connected caring people
- ❖ Friendliness, openness to other cultures, animal friendly, nice lakes
- ❖ Great school system Nice variety of jobs in the area Friendly people
- ❖ I feel we are a fairly safe community. It is great to Be close larger communities for shopping etc
- ❖ Peaceful, quiet, Very beautiful
- ❖ Small Town, Close Knit, Religious, Safe, Country Life
- ❖ This community is good as rallying around its youth.
- ❖ Very rural, which I view as a strength. If you need help, most of the community is willing.

## MONTICELLO

- ❖ Commitment to help people when in need.
- ❖ Desire to help support small businesses, active arts community

- ❖ Good city council members, good volunteers in many areas, great art opportunities, lots of growth on the community. Good people making good things happen
- ❖ Good school system, many active churches, lots of restaurants, lots to do in the summer, Walk and Roll, Riverfest, concerts in the park, beautiful medians in downtown that have flowers planted in them every year, the two sides of Bridgepark are well taken care of and beautiful, many playground parks, .....
- ❖ Helping others, giving to others
- ❖ I like that I can talk with the neighbors
- ❖ It's clean and has many enrichment activities
- ❖ Privacy, quiet, rural feel.
- ❖ River...need to highlight it more.

## MONTROSE

- ❖ Community involvement and social communications
- ❖ Community meals and food drops
- ❖ Everyone is friendly & helpful
- ❖ Knowing a lot of people through work, friends, and kids school
- ❖ Lots of parks
- ❖ Safe, clean
- ❖ Small town feel with great schools. Community is very friendly but seems isolated in a way also
- ❖ Vegetable stand in summer and new restaurant.

## ROCKFORD

- ❖ Close knit community
- ❖ Everyone helps each other out and supports each other. Whether it's local companies supporting our food shelf and nonprofits, or people volunteering for events, or businesses partnering with other business to serve our community better, there is an awesome sense of community support in Rockford!

- ❖ Small town feel Easy to navigate Easy to find help if needed
- ❖ socializing with neighbors
- ❖ The schools, Small town feel
- ❖ They have a good food shelf and thrift store, and program to help kids with summer lunches. For the most part the area is safe.

#### SAINT MICHAEL

- ❖ Very warm and welcoming neighbors - always willing to help and step in - family focused
- ❖ Catholic Church, grocery store, cornerstone options for women
- ❖ clean, safe, services are easy to access (post office, library, food, etc.), community programs, parks.
- ❖ Entertainment, parks, community events
- ❖ Friendliness, safety, parks, walking trails
- ❖ Safe, diverse community
- ❖ School district, 'small' community feeling, safe area to bike/walk and be outside
- ❖ Convenient to Twin Cities or St. Cloud

#### SOUTH HAVEN

- ❖ A lot of togetherness
- ❖ Good schools, and decent neighbors

#### WAVERLY

- ❖ Friendly
- ❖ Neighbors watching out for each other
- ❖ Responsive Fire Dept, Catholic Church community, Waverly Daze
- ❖ Small town life at its best - the community comes together in times of need and celebration
- ❖ Small Town values, patriotic and strong community
- ❖ There seems to be a couple of close-knit community associations.
- ❖ Waverly is an AMAZING place to live with a community I feel blessed to be a part of. I live in a neighborhood surrounded by people that have become not just amazing friends but myself and my kids consider family.

## Observations

The words **close-knit** came through a lot throughout the strengths portion of the assessment. One reason may be that Wright county has a long list of individuals who have grown up in the area and have multiple generations of history here. However, comments about how hard it is to break into social circles and the lack of adult friendships appeared frequently throughout the needs sections. Is it possible that newcomers see **close-knit** as *closed off*?

One comment stated: **Not sure there are very many [strengths] for biracial families.** Are we making safe spaces for diverse populations to share the strengths that our communities have to offer?

# Needs Statements

The following need statements are subjective and not exhaustive. The analyst looked at the survey data and created a statement to summarize what the data shows. Each statement is supported by the data source that was used to generate the statement.

Some statements are listed from the perspective of the individuals while others are from the perspective of the community. The analyst used the best effort to identify which level should be addressed, however they can be interchangeable.

Example:

It is our hope that you read the statements and the supporting data and evaluate them with your own reference. Please note that this list does not indicate the priorities or objective of Wright County Community Action (WCCA). As our mission indicates, we work in partnership with the community. These statements are used to drive decision-making and advocate the needs of low-income individuals throughout the community.

## Community Involvement

### **Wright County Organizations need to increase awareness of volunteer opportunities.**

- 17% of survey respondents (up 3% from 2018) do not know about volunteer opportunities
  - 22% of survey respondents prefer social media to learn about community events, opportunities, and programs.
  - 16% of survey respondents prefer email to learn about community events, opportunities, and programs.
  - 13% of survey respondents prefer community/city websites to learn about community events, opportunities, and programs.

### **Communities need to increase inclusivity and opportunities for people to gather together.**

- 22% of survey respondents (up 7% from 2018) do not feel comfortable having close relationships in their communities.
- 28% of survey respondents (up 8% from 2018) do not feel like they are a part of their community.
- When people use the term "bedroom community" they're usually referring to places where people live, but don't really work. 68.55% of Wright County residents commute outside of the County.
- 12% of survey respondents have a household member that identifies as a member of the

LGBTQIA+ Community. (Question not asked in 2018)

- 4% of survey respondents (down from 8% in 2018) identify as a race other than white.
- Mentioned in open-ended questions (see page 4 of this report).

### **Communities need to become more bike friendly.**

- 17% of survey respondents (up 6% from 2018) do not feel comfortable biking in their communities.
- Mentioned in open-ended questions (see page 4 of this report).

## **Education**

### **Individuals need support in career exploration or advancing their education.**

- 5% of survey respondents (the same in 2018) need help getting started on attending school.
- 68.9% of residents do not have a bachelor's degree or higher.
- Specialty Trade Contractor jobs are expected to grow 3.7% between 2020 and 2030. In the Construction and Extraction Occupations category, more than 5,000 openings will happen due to retirements (MN DEED).

## **Childcare**

### **Communities need more childcare openings for children under the age of 3.**

- 85.3% of survey respondents with children (up from 74.5% in 2018) find it hard to find care for children under the age of 3.
- Wright County childcare licensing capacity decreased by 2.82% in the last year.
  - Family-based/In-home childcare options decreased by 12.49% in the last year
  - Center-based childcare options increased by 6.43% in the last year
- WCCA Service Area (includes western Hennepin County) increased by 2.35%.
  - In our Hennepin county service area, Family-based/In-home childcare options increased by 11.76% in the last year
  - In our Hennepin county service area, center-based childcare options decreased by 13.93% in the last year

### **Individuals need non-traditional childcare hours.**

- 80.8% of survey respondents with children (up from 58.1% in 2018) find it hard to find childcare during the hours they need.
- 13% of employed survey respondents work 2<sup>nd</sup> or 3<sup>rd</sup> shifts.

### **Individuals need help affording childcare.**

- 96% of survey respondents (up from 77.1% in 2018) find it hard to afford childcare.
- 10% of survey respondents (down from 13%) indicated that they are not receiving childcare Assistance, but it is needed.

## Income

### Individuals need help obtaining noncash benefits.

- 19% of survey respondents (up from 13% in 2018) are not receiving Energy Assistance but feel a need for the program.
  - Note: The Energy Assistance season was closed during the survey period.
- 26% of survey respondents (up from 15% in 2018) are not receiving SNAP benefits but feel a need for the program.

### Individuals need help building or opening savings accounts.

- 68% of survey respondents (down from 74% in 2018) do not have at least three months of income saved in a separate account.
- Only 7% of survey respondents want help opening a savings account, this may indicate that individuals have the accounts and need help to build it.

### Individuals need help finding ways to save.

- 16% of survey respondents (down from 20% in 2018) want help making a budget.
- 27% of survey respondents (down from 31% in 2018) want tips and tricks on how to stretch their checks (paychecks, social security, etc.)

## Housing

### Individuals need help making utility payments.

- 51% of survey respondents (up from 40% in 2018) struggle to make utility payments.

### Individuals need help with home repairs.

- 55% of survey respondents (up from 41% in 2018) struggle with home repair costs.
- 14.4% of homes are older were built more than 61 years ago. (MN DEED's County Profile)
- 10,796 occupied Wright County Housing units has one or more substandard conditions. (CAPR, p. 91)
  - Downtown Buffalo, Howard Lake, and Waverly are census tracts where over 34% of the houses have one or more substandard conditions. (CAPR, p. 91)
- 33.3% of owned homes are cost burdened. (more than 30% of household income is associated with housing costs) (CAPR, p. 87)

### Communities need housing options appropriate for family size.

- 19% of survey respondents (the same in 2018) struggle to find housing large enough for their families.

### **Communities need affordable housing options.**

- 35% of survey respondents (up from 33% in 2018) struggle to find affordable housing.
- 69.6% of owner-occupied housing units are valued over \$200,000 (MN DEED's County Profile)
- 4,063 (or 8.28%) of all households are severely cost burdened (more than 50% of their household income is spent on housing costs) (CAPR p. 88)
- 17.87% of all rental households are in this severely cost burdened data (CAPR p. 90)

### **Communities need housing options that match the local workforce.**

- The median sale price of a home in Wright County was \$364K in August of 2022. (MLS and/or public records)
- Mortgage calculators suggest a salary of \$67,000 in order to purchase a home at the median value.
- The average annual wage for Wright County jobs is \$51,020. (MN DEED)

### **Individuals with criminal history need access to housing.**

- 10% of survey respondents (up from 8% in 2018) struggle to find housing because of criminal history.

### **Individuals need help keeping their homes energy efficient.**

- 49% of survey respondents (up from 42% in 2018) struggle to keep their homes energy efficient.

### **Communities need support services for homeless individuals.**

- 116 students were reported by local school districts as being homeless (CAPR, p. 97)
- 10% of survey respondents (down from 14% in 2018) have needed to live with family or friends due to a lack of housing or difficulty in meeting the financial aspects of housing.
- 3% of survey respondents (the same as in 2018) have needed to live in a hotel or motel due to a lack of housing or difficulty in meeting the financial aspects of housing.
- 3% of survey respondents (up from 2% in 2018) have needed to live in a RV, campground or tent due to a lack of housing or difficulty in meeting the financial aspects of housing.
- 1% of survey respondents (the same as in 2018) have needed to live in an emergency or transitional shelter due to a lack of housing or difficulty in meeting the financial aspects of housing.
  - As Wright County does not have any option for these shelters, these individuals needed to leave their home community to find support.
- 3% of survey respondents (up from 2% in 2018) have needed to live in a vehicle due to a lack of housing or difficulty in meeting the financial aspects of housing.
- 1% of survey respondents (up from 0% in 2018) have needed to live in a park or abandoned building due to a lack of housing or difficulty in meeting the financial aspects of housing.

## Transportation

### Individuals need access to reliable transportation in order to meet basic needs.

- 34% of survey respondents drive more than 15 minutes to get to work.
- 15% of survey respondents drive more than 15 minutes to get to a grocery store.
  - Howard Lake has since closed their grocery store.
- 11% of survey respondents drive more than 15 minutes to get to their children's school.
- 14% of survey respondents drive more than 15 minutes to get to their college/university.
- 51% of survey respondents drive more than 15 minutes to get to a hospital or ER
- 39% of survey respondents drive more than 15 minutes to get to a clinic or urgent care.
- 12% of survey respondents struggle to perform errands without a vehicle.

### Individuals need help affording expenses due to owning a vehicle.

- 52% of survey respondents (up from 39% in 2018) struggle to afford insurance.
- 66% of survey respondents (up from 38% in 2018) struggle to afford gas.
  - The average cost of regular gasoline was \$4.063 during the 2022 survey.
  - The average cost of regular gasoline was \$2.605 during the 2018 survey.
  - 50% of Wright County residents have a commute time of more than 30 minutes. (enter source)
  - 11.42% have a commute greater than 60 minutes. (enter source)
- 73% of survey respondents (up from 60% in 2018) struggle to afford unplanned auto repairs.
- 58% of survey respondents (up from 46% in 2018) struggle to afford regular auto maintenance.
- 1,390 Wright County households do not have a motor vehicle (CAPR, p. 98)

## Employment

### Communities need jobs that fit the qualifications of the local work force.

- 27% of survey respondents believe they are not qualified for the jobs available.
  - 2.7% of workforce between the ages of 25-64 (2,867 individuals) do not have a high school diploma. (MN DEED)
- 31% of survey respondents believe they are overqualified for the jobs available.

### Communities need jobs that fit the career path of the local workforce.

- 32% of survey respondents believe that there are not jobs that fit within their career path.
- 54.7% of Wright County workforce work outside of the county (MN DEED).
- MN DEED Report of Most Common Jobs:
  - Retail Trade - 6,860 total jobs (15.2%) with average annual wage of \$31,089
    - This wage does not meet the cost of living for an individual without children in the county which is \$37,636.

- Manufacturing – 6,246 total jobs (13.8%) with average annual wage of \$65,166
- Healthcare & Social Assistance – 5,696 total jobs (12.6%) with average annual wage of \$53,362

**Communities need more jobs that pay a living wage.**

- Page 46-48 of the CAPR.

**Wright County-based employers need to support career advancement.**

- 50% of survey respondents (up from 42%) believe that their employers do not support career advancement.

## Health

WCCA participates in the Wright County Community Health Collaborative. This is a partnership between Public Health, Allina Health and, CentraCare – Monticello. The Collaborative works together to build a Community Health Need Assessment (CHNA). The entire report can be found online. This collaborative identified three areas of need and build the following goals.

### **PRIORITY 1: MENTAL HEALTH AND WELLBEING**

**Goal: Provide education on activities that protect mental wellness and build resilience and healthy coping skills.**

### **PRIORITY 2: DENTAL CARE**

**Goal: Reduce the rate of dental care delay in Wright Count**

### **PRIORITY 3: MISUSE OF ALCOHOL, TOBACCO AND OTHER SUBSTANCES**

**Goal: Support local prevention, treatment and recovery efforts and policy changes to address substance misuse and substance use disorders in Wright County**

Because of the extensive work completed through the Collaborative, this WCCA assessment did not complete an in-depth assessment of the health conditions of the community. The following are items that have been discussed in focus groups or were found in our State and National Comparison Scores.

**Individuals need support to quit smoking.**

- 15.7% of adults are current smokers (CAPR, p. 105)
- 47.3% respondents who reported smoking want to make making a change.

### **Individuals need more physical activity.**

- 19.3% of adults have no leisure time physical activity (CAPR, p. 105)
- 52% of total survey respondents need more physical activity and want to change.
- Mentioned in open-ended questions (see page 4 of this report).

### **Communities need more Health Care Providers**

- Wright county has less than half of the state and nearly half of the national levels of primary care providers (CAPR, p. 112)
- Wright county has less than half of the number of dental care providers than both the state and nation (CAPR, p. 113)
  - Note: The newly opened Community Dental Clinic was not included in the data
  - 27.4 of Wright County adults did not go to the dentist in the past year.
- Wright county has less than half of the number of mental health providers than both the state and nation (CAPR, p. 113)
  - 66% of survey respondents (increased from 56% in 2018) indicated they receive mental wellness care.

### **Communities need more grocery stores.**

- 15.3% of adults reported that they worried about food running out during the past 12 months. (WC Public Health Survey)
- Wright county has 9.2 grocery stores per 100,000 people, while the state has 17.31. The national rate is 18.79. (CAPR, p. 90)
- Wright County has 4.78 SNAP-Authorized Retailers per 100,000 people, while the state has 6.19. (CAPR, p. 70)

### **Individuals need education on how to select, store, and prepare nutritious foods.**

- 37% reported consuming 5 or more servings of fruits/vegetables day yesterday. (WC Public Health Survey)

### **Individuals need easy to read nutritious recipes.**

- 9.9% of the population between 16-74 have a literacy level at or below 1.
  - Those reported as Level 1 are at risk for being able to understand printed material. Those at the upper end of Level 1 can read and understand the text well enough to be able to perform small task, but might have difficulty understanding or drawing inferences from multiple forms of text. Those at the lower end may struggle with basic vocabulary or even be functionally illiterate.

# State and National Comparison Scores

In the supplemental data, there is a 138-page report from that Community Action Partnership’s community needs assessment data tool. This tool occasionally shows a meter to the right of the data to show how our local county data compare to the state and national statistics. The following are data points in which Wright County received a red indicator on the meter, meaning that our scores were less favorable than the state or national levels.

The following sections highlights the areas that have not been addressed by the community identified needs above.

- |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Poverty Rate Change

*Found on pages 51-52 of the Community Action Partnership Report*

On the national level, the Child Tax Credits make historical progress on reducing the rates of poverty in 2021. These changes are to be celebrated. However, Wright County had a relatively low poverty rate of 5.8%. The poverty rate change of -1.2% is smaller than the national change rate, however, our poverty overall is significantly lower than both the state and national averages.

## Unemployment Rate Change

*Found on page 74 of the Community Action Partnership Report*

Similar to the Poverty Rate Change listed above, the unemployment rate was low to begin with.

## Access to Head Start

*Found on page 78 of the Community Action Partnership Report*

This indicator looks at the overall number of children under the age of 5 and does not look at the eligibility of those children. Because Wright County has a lower than average poverty rate, fewer children are qualified for Head Start programming. Furthermore, WCCA operates three Hennepin county-based centers in Mound, Delano (across the county line), and in Rogers. It is not uncommon to have children from boarder cities like Saint Michael and Albertville attend the Rogers center. The Wright county children from Delano and Rockford are usually enrolled in the Delano center which is just over the county line. \*Note: The Rogers center is now closed and a new center was opened in Saint Michael in September 2022.

## **Preschool Enrollment**

*Found on page 79 of the Community Action Partnership Report*

Wright County sees more children enrolled in preschool on the eastern half of the county. Communities toward the west, have fewer options available as the population is lower.

## **Broadband**

*Found on page 102 of the Community Action Partnership Report*

While this does show a red indicator, Wright county is only .15 of a percent point behind the state level and 1.68% ahead of the national level. However, we still have 4,689 households without an internet subscription.

## **Confirmed COVID-19 Cases**

*Found on page 135 of the Community Action Partnership Report*

Wright County's rate of COVID cases is only 72.6 cases above the state average, both of which are more than the national rates. However, the Wright County has fewer COVID related deaths than the national and state levels, found on page 136.

## **COVID-19 Fully Vaccinated Adults**

*Found on page 137 of the Community Action Partnership Report*

The rate of fully vaccinated adults is significantly lower than the state and national levels. However, the estimated rate of adults hesitant about receiving the COVID-19 vaccination is between the two.

## **Social Associations**

*Found on page 103 of the Community Action Partnership Report*

This report looks at social associations such as membership organizations such as civic organizations, bowling centers, golf clubs, fitness centers, sports organizations, political organizations, labor organizations, business organizations, and professional organizations. Wright county is in alignment with the national rate, however, well below the state averages. Contrary to the WCCA's Leadership Teams assumption, rural counties have the higher rates in this indicator and the metro areas have lower rates.

## **Grocery Stores**

*Found on pages 98-100 of the Community Action Partnership Report*

This need was addressed above.

## **SNAP Authorized Food Stores**

*Found on pages 70 of the Community Action Partnership Report*

This need was addressed above.

## **Smoking Status**

*Found on pages 105 of the Community Action Partnership Report*

This need was addressed above.

## **Physical Activity**

*Found on pages 105 of the Community Action Partnership Report*

This need was addressed above.

## **Access to Primary Care Providers**

*Found on pages 112 of the Community Action Partnership Report*

This need was addressed above.

## **Access to Dental Care Providers**

*Found on pages 113 of the Community Action Partnership Report*

This need was addressed above.

## **Access to Mental Health Providers**

*Found on pages 115 of the Community Action Partnership Report*

This need was addressed above.

## **Access to Federally Qualified Healthcare Centers**

*Found on pages 118 of the Community Action Partnership Report*

Minnesota has a total of 70 Federally Qualified Healthcare Centers. 52 of them are located in the Twin Cities Metro. A majority of MN counties will show a zero for this indicator.

# Resources for Supplement Information

Must include:

- Survey Data with summaries for open ended questions
- MN Deed Community Program
- Community Action Data Tool Summaries
- Community Resources
- Data spreadsheet of childcare rates
- Cost of living spreadsheet

# Introduction

---

Wright County Community Health Collaborative (WCCHC) was formed in 2017 in order to systematically identify and analyze health issues in the community and create a plan for how to address them. The group includes Wright County organizations who are encouraged or required to complete a Community Health Needs Assessment (CHNA). The Internal Revenue Service provides guidelines for hospitals in this process as part of meeting obligations under the Patient Protection and Affordable Care Act, which requires 501(c)(3) non-profit hospitals to conduct an assessment at least every three years. Every five years all Minnesota community health boards must participate in assessment and planning to determine local public health priorities and focus local resources. Wright County Community Action (WCCA) is required to complete a Community Needs Assessment every three years as mandated through State and Federal funding streams.

In 2016, Wright County Public Health made a decision to align its local public health CHNA cycle with the two large healthcare systems operating in the community: Buffalo Hospital, part of Allina Health, and CentraCare — Monticello. This decision led to jointly conducting the CHNA process in 2019 and 2022 to assess community health needs on a three-year cycle. WCCA was included to better understand the specific health needs within low-income populations and enable all participating organizations to work together in conducting data collection, data analysis and prioritization processes. WCCA plans to conduct a joint assessment every three years.

Through this process, the collaborative aims to:

- Better understand the health status and needs of the communities it serves by considering the most recent health and demographic data as well as gathering direct input from community members.
- Gather perspectives from individuals representing the interests of the community, including those who have knowledge or expertise in public health and those who experience health inequity or are low-income and/or minority members of the community.
- Identify community resources and organizations that the collaborative can partner with and support in the priority areas for that community.
- Create a strategic implementation plan based on information gathered through the needs assessment.
- Monitor and revise the plan as needed over the next three years.

The purpose of this report is to share the current assessment of community health needs most relevant to the communities served by the collaborative and its community health improvement plan to address these needs in 2023–2025.

## WRIGHT COUNTY COMMUNITY HEALTH VISION

As community members, we will commit to:

- **Engagement:** Increase community ability to make a healthy choice an easy choice and inspire individual lifestyle change.
- **Collaboration:** Create successful partnerships and build leadership support through effective communication, respect and wise use of available resources.
- **Accessibility:** Streamline, expand and raise awareness of community resources and opportunities to improve the health of residents.
- **Connection:** Create inclusive and innovative solutions to help everyone feel socially connected, safe, supported and happy.

## 2023–2025 WCCHC CHNA PRIORITIES

Based on the process described in this report, WCCHC will pursue the following priorities in 2023–2025:

**Mental health and well-being** refers to overall mental, social and emotional well-being including social support, sense of belonging in one’s community, resilience and access to the full continuum of mental health care and supports.

**Misuse of alcohol, tobacco and other substances** refers to preventing, delaying or reducing harm associated with using substances such as alcohol, tobacco, e-cigarettes, marijuana, opioids and other drugs in a way that leads to physical, social or emotional harm.

**Dental care** refers to reducing the rate of dental care delay and providing resources for preventative and routine oral hygiene care

Additionally, WCCHC prioritized the following communities for the 2023–2025 CHNA cycle:

- Individuals living with disabilities.
- Individuals and families living with financial constraints.
- Individuals who are underinsured or uninsured.

## DIVERSITY, EQUITY, INCLUSION AND BELONGING

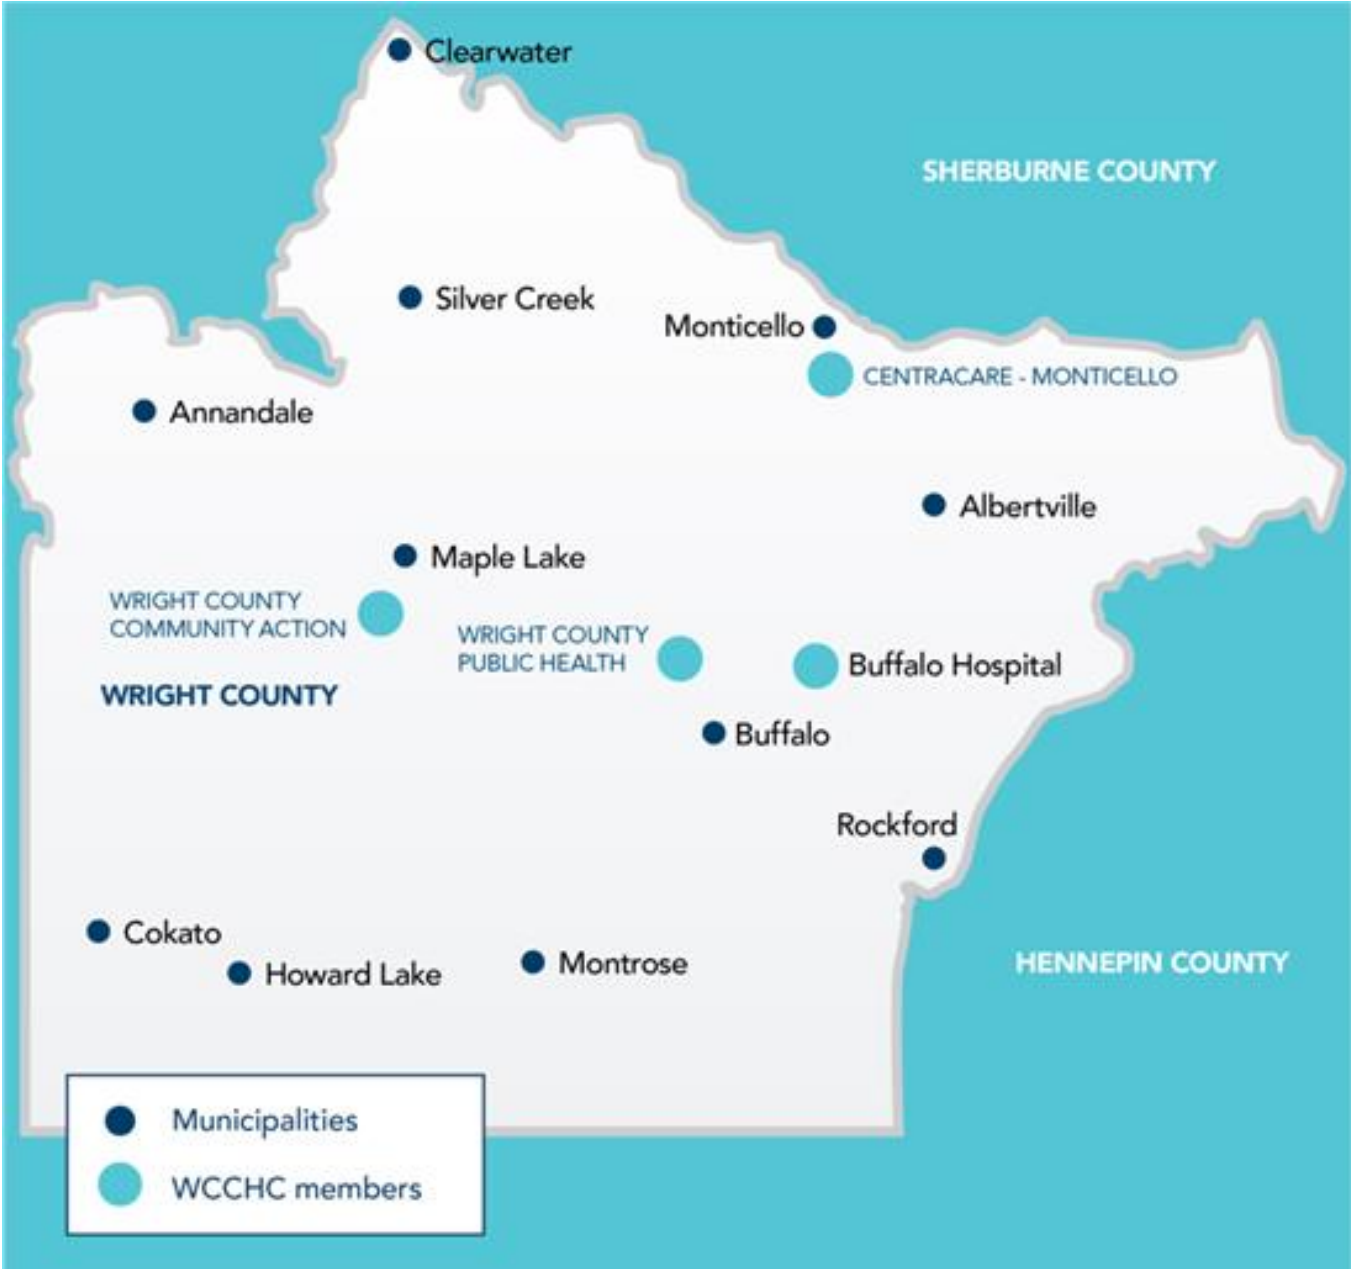

WCCHC supports the Allina Health Diversity, Equity, Inclusion and Belonging principles and definitions. As a community partner, Allina Health collaborates with community members, organizations and policymakers to improve the health of all people in our communities and to focus our community health improvement initiatives and investments to improve [health equity](#). These commitments serve as the guiding principles of our CHNA approach, including the assessment process, implementation of initiatives, partnerships, and methods of evaluation directed at tracking and addressing health disparities in our community.

### Allina Health Diversity, Equity, Inclusion and Belonging Definitions

- **Diversity:** Embracing and investing in our differences to create a better us.
- **Inclusion:** Cultivating a safe environment where you always bring your whole self, contribute, and thrive.
- **Equity:** Providing access to opportunities that support our communities' ability to reach its full potential. Creating solutions, informed by an understanding of unique needs that eliminate barriers to success and fill in opportunity gaps.
- **Health Equity:** *“Everyone has a fair and just opportunity to be as healthy as possible. This requires removing obstacles to health such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care.”* — Robert Wood Johnson Foundation
- **Belonging:** When individuals or groups feel supported and safe because there is a sense of acceptance, inclusion and respect for who they are.

# WCCHC service area

## MEMBER DESCRIPTIONS

### Buffalo Hospital, part of Allina Health

[Allina Health](#) is dedicated to the prevention and treatment of illness and enhancing the greater health of individuals, families and communities throughout Minnesota and western Wisconsin. A not-for-profit health care system, Allina Health cares for patients from beginning to end of life through its [90+ clinics](#), [10 hospitals](#), [15 retail pharmacies](#), [52 rehabilitation locations](#), 2 ambulatory care centers, specialty care centers and specialty medical services that provide [home care](#), [hospice care](#) and [emergency medical transportation services](#).

Buffalo Hospital, part of Allina Health, is a non-profit regional medical center committed to providing quality, comprehensive care to patients in and around Wright County. Located just west of the Twin Cities, Buffalo Hospital provides exceptional patient-centered care to nearly 70,000 patients every year. We provide a full range of inpatient, outpatient and emergency care services and many specialty services, so you don't have to travel far from home.

Buffalo Hospital was also the first hospital in the state of Minnesota to be awarded the Pathway to Excellence American Nurse Credentialing designation and also received an award from the Minnesota Business magazine for developing wellness programs. Clinics affiliated with Buffalo Hospital include: Stellis Health clinics in Albertville, Buffalo and Monticello and Allina Health Clinics in Annandale, Buffalo, Cokato and St. Michael. The hospital also has a long history of working to improve the health of the communities it serves through charitable giving by the Buffalo Hospital Foundation and direct community health-improvement programming.

In 2021, Buffalo Hospital was awarded the highest quality rating, five stars, from the Centers for Medicare and Medicaid Services (CMS). Additionally, in 2022, Buffalo Hospital made the 100 Top Hospitals list compiled by Fortune/Merative (formerly IBM Watson Health) for the eighth time. The hospital was recognized for excellence in clinical outcomes, operational efficiency and patient experience. The Top Hospitals list also considers an organization's contributions to its community and equity of care.

### CentraCare — Monticello

CentraCare — Monticello delivers comprehensive services to help you live the healthiest life possible. The Birth Center at CentraCare — Monticello delivers newborn dreams and empowers women to choose their birth experience. The Monticello Cancer Center provides state-of-the-art medical and radiation oncology care by a team who treats patients like family. Expert emergency room care is always available at CentraCare — Monticello's Level IV Trauma Center and in the community with advanced life support ambulance service. Inpatient and same-day surgical care is provided in a variety of specialties including neurosurgery, orthopedics, general surgery, gynecology, urology, ophthalmology, podiatry, and vascular. Specialty care including cardiology, diabetes and nutrition education, wound care, hyperbaric medicine, perinatology, sleep services, and more is conveniently provided at CentraCare — Monticello's Specialty Clinic. Five-star rated skilled nursing care is also available at CentraCare — Monticello's Care Center.

In addition to expert medical care, CentraCare — Monticello believes in creating healthy communities. The Bounce Back Project promotes health through happiness and works closely with area school districts to teach the tools of resiliency to students of all ages. CentraCare Foundation, through generous community donations, supports innovative projects, partnerships, and therapies that enhance the physical, emotional, and spiritual health of patients, care center residents, staff members and the community.

Accreditation by DNV and certification as an ISO-9001 organization demonstrate CentraCare — Monticello's commitment to continual improvement, customer satisfaction, and delivering the highest quality of care.

CentraCare — Monticello is here for your whole life, to listen then serve, guide and heal, because health means everything.

## Wright County Public Health

Wright County Public Health (WCPH), a division of Wright County Health & Human Services (WCHHS), has been working to promote health and safety, prevent illness, and protect our community since 1951. Wright County Public Health has a long history of working "upstream" to identify the root causes of poor health and informing, engaging and activating the community to address those causes. Public health focuses on the health needs of the population as a whole and gives priority to preventing problems over the treatment of health problems. By focusing on the greatest good for the greatest number of people, public health organizes community resources to meet health needs and takes positive action to address community health issues.

WCPH, with partners, creates environments that promote well-being and reduces health disparities through empowerment, collaboration and service. The department has 41 staff members led by a Public Health Director and three Supervisors. Services are based on the Areas of Public Health Responsibility: assure an adequate local public health infrastructure, promote healthy communities and healthy behaviors, prevent the spread of infectious disease, protect against environmental health hazards, prepare for and respond to disasters and assure the quality and accessibility of health services. When priority areas are identified through our community health assessment, WCPH does its best to focus its programming and staff to address the key issues.

## Wright County Community Action

Wright County Community Action (WCCA) is an agency focused on creating opportunities where low-income individuals can thrive and build economic, social and community assets. Its mission is "to work in partnership with the community to empower residents to improve their physical, social, and economic well-being." WCCA does this through its myriad of programs and services which provide both crisis intervention and prevention efforts for those experiencing, or are at risk of falling into, the scope of poverty. WCCA utilizes a multi-generational approach to providing services which allows it to serve clients from birth to beyond retirement and provides each client with comprehensive agency support across all programs, leading to greater outcomes. Programs that are housed out of the agency include Head Start, Early Head Start, Energy Assistance, Weatherization, Homebuyer Training, Foreclosure Prevention, Women, Infants & Children (WIC), MNsure Navigation, Tax Preparation and the Aging Alliance program. WCCA's food shelf location in Waverly, MN houses all its food security efforts including a Mobile Food Shelf, Emergency Food Box Network, Backpack program and Food Rescue initiative. The last few years has allowed WCCA to go through a rebirth in which the agency is no longer a "hidden gem", rather a cornerstone for collaboration and innovative solutions to community concerns. Through all its efforts, WCCA aligns well with the Wright County Community Collaborative vision by providing basic needs, prevention services and encouraging community health regardless of economic standing.

# COMMUNITY DEMOGRAPHICS

Wright County is located in Central Minnesota, slightly northwest of the Twin Cities. Wright County covers 716-square miles and, with a population of 141,337, is Minnesota’s tenth most populous county. The population of Wright County has more than doubled over the last thirty years. The community is becoming increasingly diverse and there are significant socio-economic disparities among families living in Wright County. The following key indicators provide a brief overview of the region. Additional information about Wright County can be found through the [U.S. Census Bureau](https://www.census.gov).

## Population

Indicator	Result	Source
Median household income	\$87,772	2020 American Community Survey 5-Year Estimates
Cost burdened owner households	7,746 (19.1%)	
Cost burdened renter households	3,242 (41.6%)	
Unemployed (16 and older)	1,878 (2.7%)	
Residents in households with income below poverty line	6,841 (5.1%)	
Median age	37.1	
Residents under age 18	38,061 (26.9%)	
Residents age 65 or older	17,082 (12.1%)	
Residents with limited English proficiency	1,745 (1.4%)	
Foreign born residents	3,853 (2.8%)	

### Population of Wright County, (1990-2020)

Source: Minnesota population change by county 1990-2020; Minnesota State Demographer, Census Data

## Race and ethnicity

Indicator	Result	Source
White alone	125,212 (91.8%)	2020 American Community Survey 5-Year Estimates
Black or African American alone	2,360 (6.6%)	
American Indian and Alaskan Native alone	287 (0.2%)	
Asian or Pacific Islander alone	1,735 (1.3%)	
Two or more races	2,316 (1.7%)	
Hispanic or Latino	4,224 (3.1%)	

## Health impact of COVID-19

Indicator	Result	Source
Cases	38,356	Minnesota Department of Health, March 2020–June 30, 2022
Hospitalizations	1,575	
Ever in the ICU	263	
Deaths	306	
Total doses of COVID-19 vaccine administered	202,435	

# Evaluation of 2020–2022 implementation plan

---

The 2020–2022 CHNA implementation period brought significant challenges as each organization, along with our communities, responded to the critical needs brought forth by the COVID-19 pandemic. Because of the challenges of the pandemic and related issues, some of the strategies in the implementation plan did not occur as planned. Some were stalled while others made slow progress. However, some of the goals and activities proceeded better than WCCHC had planned. One such example was the opportunity for individuals and groups to better connect and interact virtually due to in-person gathering restrictions. In some cases, this allowed the community to increase social connections and include those who had access issues such as transportation or disabilities. Another example is the progress that was made on bringing dental access to individuals in and around Wright County. Dental access work gained significant momentum in 2021–2022, which allowed for the building of a not-for-profit dental clinic in the new Wright County Government Center and hiring of new clinic staff.

## WCCHC COLLECTIVE IMPACT WORK

In 2020–2022 the members of WCCHC maintained organization specific work plans with specific strategies and goals. In addition, WCCHC member organizations committed to working as a group on at least one collective impact tactic for each identified priority over the course of the implementation period.

### Priority Area: Mental health and wellness

#### Collective Impact: Implement coordinated awareness campaign educating the community about mental illness as a medical condition.

Various tactics were used to make progress on this collective impact goal. The Wright County Community Health Collaborative (WCCHC) rolled out an education campaign in November–December 2020. Using the expertise and voice of our local experts, we invited several school and community social workers, therapists and providers to partner with us to decrease mental health stigma and normalize mental illness as a medical condition. Presenters were given a basic script to use while recording their video. On the script, they had the opportunity to share their own ideas from their perspective. These videos were shared on the WCCA Facebook page and the audio portion was shared via local KRWC radio Public Service Announcements. Members of our collaborative also shared information related to this campaign via the KRWC radio “community spotlight” and in the local Letters to the Editor. In addition to the campaign, Allina’s Change to Chill program and CentraCare’s Bounce Back Project incorporated information about mental illness as a medical condition and the importance of decreasing stigma into their existing presentations.

### Priority Area: Substance abuse

#### Collective Impact: Engage in policy, systems and environmental changes that reduce access to e-cigarettes among youth and adults.

Members of the collaborative participated in hearings with local elected officials and provided letters of support from their organizations’ leaders regarding changes to the local tobacco ordinance. These efforts contributed to Wright County updating the tobacco ordinance in 2019. The following amendments to the local ordinance took place on January 1, 2020:

- Increased the legal age to purchase nicotine/tobacco products to the age of 21.
- Prohibited locations where businesses can be licensed to sell tobacco products; youth-oriented facilities.
- Increased fines for businesses selling to those under 21.

We believe these updates will reduce access to tobacco products and e-cigarettes to youth and adults. Additionally, on August 1, 2020, the Minnesota Tobacco 21 law went into effect.

## Priority Area: Dental care

**Collective Impact: Each organization involved in WCCHC will have an active participant on the Dental Health Work Group, part of the Public Health Task Force, to help advance the work around dental care access in Wright County.**

The Dental Health Workgroup is a subcommittee of the larger Wright County Public Health Taskforce. This subcommittee is made up of members of the Taskforce as well as key stakeholders involved in and impacted by dental access issues in the community. Example of members include Wright County Health and Human Services staff, area dentists and representatives from Wright County Community Action Head Start, Buffalo Hospital, CentraCare — Monticello, Wright County Area United Way, various insurance companies and Children’s Dental Services. This subcommittee has been meeting for several years to discuss dental access issues in and around Wright County. Each organization of the WCCHC has a member on the Dental Health Workgroup and actively participates in regular meetings and work.

In 2020–2021, the subcommittee created an infographic outlining the dental needs of Wright County. This infographic was distributed in 2022. The subcommittee provided oral hygiene kits to hospitals along with information about local resources. During the process of developing the infographic, the group identified severely limited dental access in Wright County based on cost, insurance, appointment availability, and many other issues. Buffalo Hospital and CentraCare — Monticello Hospital Emergency Department directors actively engaged in this conversation and shared the negative care outcomes and costs related to providing emergency dental care. In this process, the hospitals determined the best solution for meeting the identified dental care needs was to bring a not-for-profit dental clinic to Wright County.

After much discussion and assessment, the dental health workgroup identified and recommended Community Dental Care clinic as a partner for this work. Community Dental Care has four other locations in the state and are well-positioned to provide the level of dental care that has been identified as a need for members of our community. Community Dental Care became an active member of the Dental Health Workgroup and have assisted with bringing this resource to Wright County. Led by the Dental Health Workgroup, state bonding for the project was secured, a location in the new Wright County Government Center was identified, education and fundraising occurred in the community, and this dental clinic resource for Wright County became a reality. Through the subcommittee’s efforts, grants were obtained for Wright County Public Health to hire a dental health coordinator to manage and coordinate the work of the dental clinic. This position also supports dental access and education efforts in Benton, Sherburne and Stearns Counties. A critical component in all this work is how we continue strengthening relationships with local resources and providers.

The Wright County Government Center opened in March 2022, and the Dental Clinic opened to the public in September of 2022. This not-for-profit clinic is available for anyone to use as their dental home and receive full service dental care. The clinic accepts private insurance, state-funded insurance programs and has a sliding scale for those in need of scholarships. Community Dental Care has four other locations in the state and are well-positioned to provide the level of dental care that has been identified as a need for members of our community. The clinic is conveniently located near both WCCHC member hospitals and will serve people of all ages in and around the Wright County area.

## **INDIVIDUAL WCCHC MEMBER ACTIVITIES**

### **Buffalo Hospital, part of Allina Health**

#### **Goal one: Reduce the rate of mental health care delay and the number of “not good” mental health days in Wright County.**

Due to the tragic attack on our Allina Health Crossroads Clinic in 2021, Allina Health participated in the creation of Buffalo Strong, a community collaborative to support community wellness in partnership with various community groups. Buffalo Strong Collaborative has been an on-going resource to promote and support mental wellness and provide resources and tools for all to use through “caring, connecting and continuing.” In February 2022, at the one-year anniversary of the clinic attack, this group hosted a community-wide event at Buffalo High School. The event featured a local mental health resource fair, a meal and a national speaker to discuss issues such as mental health, substance use and resilience. The Buffalo Strong Collaborative goal is to have an annual event like this each February.

In addition to representation on the Buffalo Strong Collaborative, Buffalo Hospital representatives have also been part of the Buffalo Safe Schools and the Wright County Mental Health Collaborative. The Mental Health Collaborative has hosted three community symposiums at area schools to provide families with tools and local resources to deal with mental health issues and decrease the stigma related to them.

Additionally, Buffalo Hospital provided more than \$40,000 in charitable contributions to community partners who provide support for mental wellness. One example is the annual Emotions In Motion 5K in Buffalo, which Buffalo Hospital supported with a charitable contribution of \$2,500 each year. The event is hosted by Suicide Awareness Voices of Education (SAVE), a nonprofit agency who provides support, education, and resources for those affected by suicide.

Buffalo Hospital holds a bi-monthly mental health committee meeting consisting of representatives from Buffalo Hospital, area clinics, law enforcement, mental health professionals, Wright County Health and Human Services and the four-county crisis team. The goal of the committee is to bring together organizations working with mental health concerns to develop county-wide collaborative solutions.

Buffalo Hospital has long been a host for an annual retreat for women in treatment or surviving cancer. The event typically provides a variety of tools to help deal with stress and anxiety and provides information on resilience, health and social connections. Due to COVID-19 restrictions and concerns about in-person gatherings, this event was canceled in 2020 and 2022 and held as an afternoon virtual tea party in 2021.

Buffalo Hospital provides ongoing individual and group behavioral modification health coaching free of charge. These activities were made telephonic during the pandemic. The “Let’s Talk Wellness” program for community groups and businesses is also complimentary and now provides a virtual option. In 2020–2022, “Let’s Talk Wellness” program had 866 encounters with community members. Examples of topics available include mindfulness, meditation, relaxation, and stress management. Tele-psychiatry is available to the patients in our emergency department, along with promotion of the 24/7 mental health and addiction resource phone number.

## **Goal two: Reduce the rate of dental care delay in Wright County.**

A representative from Buffalo Hospital has been an active participant on the Wright County Public Health Taskforce and the Dental Care subcommittee. The accomplishments of this subcommittee are described above. Allina Health also provided \$70,000 in charitable contributions from 2020–2022 to support the building of the Community Dental Care clinic and patient scholarships.

Buffalo Hospital staff promoted resources to community groups, such as Chamber of Commerce, rotary and schools, to educate individuals on basic dental issues and current and planned activities. Additionally, Allina Health patient education literature on dental hygiene and available community resources was created and stocked in Buffalo Hospital Emergency Department. These materials are available for all to use across Allina Health and are the first dental care education piece in Allina Health’s patient education catalog.

## **Goal three: Substance use and abuse.**

The Allina Health Change to Chill (CTC) program has a variety of lessons related to issues of substance use and abuse. These have been rolled out to partner schools along with many community groups interested in this issue. Change to Chill was also part of the ‘Escape the Vape’ video contest. This program asked Minnesota middle and high school students to create and submit a 30-second public service announcement video to educate their peers on the dangers of vaping. The contest, now in its second year, is a collaboration between the Minnesota Department of Health; Masonic Cancer Center, University of Minnesota; Tobacco-Free Alliance; CCF Advertising; Medtronic; the Minnesota Youth Council; and Allina Health’s Change to Chill. In 2022, the 1st place state winner for Middle School was Princess Hart, 8th Grader, Buffalo Community Middle School. This school is one of our local CTC school partners.

Buffalo Hospital also has a representative on the Mentorship, Education and Drug Awareness in Wright County MN (MEADA) Board of Directors and community coalition. MEADA was formed in 2004 when community and county partners joined forces to help address the local methamphetamine epidemic Wright County was dealing with. For the past several years, the Coalition’s focus has broadened to include awareness of other substances and an increased focus on mentoring programs for youth. Wright County Public Health was awarded a Drug Free Community (DFC) grant in 2020 and a coordinator was hired to lead this work. MEADA and the DFC coordinator work together and are present at various community events to provide education and information about substance use and related issues. For example, in the summer of 2021, an event called, ‘In Other Words’ was held at Buffalo High School. The speaker, Dr. Alena Balasanova, presented information about ‘Transforming Culture and Reducing Stigma through Language Change’. The talk focused primarily on substance use disorders and was followed by small group discussions to answer questions about how stigma and substance use impacts the Buffalo community and ideas for how to overcome this. Members of MEADA lead the table discussion.

An Allina Health employee attended a positive community norms training provided by the Montana Institute in 2021. The positive community norms approach is an evidence-based perspective highlighting what’s going well in a community and encouraging that behavior vs. a focus on negative actions. Due to COVID-19, this training was held virtually. The goal is to roll out a county-wide positive community norms campaign directed at youth in partnership with a local area youth advisory committee.

## **CentraCare – Monticello**

### **Goal: Reduce the rate of mental health care delay and the number of “not good” mental health days in Wright County.**

With support from the CentraCare Foundation, CentraCare — St. Cloud Hospital opened a new Emergency Psychiatric Assessment, Treatment, and Healing Unit (EmPATH Unit) that serves patients from all its local communities, including Wright County. This unique and comforting setting allows a faster assessment for those dealing with mental health issues to transition away from the sometimes-chaotic environment of the emergency department into a welcoming and calming setting where they can be assessed, observed and receive a tailored

treatment plan during their time of crisis. The goal is for patients to get the help they need to resolve an acute crisis and return to their lives in the community with the least disruption.

“Make It OK” is a campaign to reduce the stigma of mental illnesses. CentraCare has pledged its commitment to change hearts and minds related to mental illness misperceptions by encouraging open conversations and education on the topic. Employees were encouraged to learn more, and several were trained to offer presentations to fellow staff and community members.

In the area of suicide awareness and prevention, CentraCare — Monticello hosted a psychiatrist-led lunch-and-learn for employees, installed a computer screen saver system wide that displayed crisis line information and hosted a community gathering showing of the film “My Ascension” with post-film discussion on increasing awareness of suicide prevention.

There was further work to promote mental wellness through the initiative Bounce Back Project. This community-wide resiliency project works with individuals, schools, businesses, and organizations to promote health through happiness. Bounce Back Project introduces various tools and campaigns throughout the year to promote gratitude, social connections, random acts of kindness, three good things, purpose, mindfulness and self-care. In 2020–2022, 138 in-person presentations and “train-the-trainer” sessions were held, as well as transitioning to virtual opportunities as needed, to share the message of resiliency. Other offerings include a virtual humor night for families, a virtual book read and partnering with school districts to create “Be Boxes” for classrooms as a tool for student well-being.

Bounce Back Project’s collaboration with Monticello, Becker, and Big Lake school districts, as well as grant funding support from CentraCare — Monticello Foundation, afforded a successful 2022 community event *Better Together: A Day of Wellness*. This event, attended by more than 1,500 community members, showcased the talent of children’s musical guest Koo Koo Kanga Roo, along with several community mental well-being resources and take-and-make stations.

Bounce Back Project and CentraCare — Monticello Foundation continue to partially support a school liaison in the Monticello School District. This school social worker spreads resiliency training and support throughout the district’s staff, students, and families. As COVID-19 surged in our communities, staff and student resiliency was a priority.

### **Goal: Reduce the rate of dental care delays in Wright County.**

The Wright County Public Health Task Force began the search to understand more about dental access for all residents many years ago. With renewed and continued interest, a dental access workgroup was formed and CentraCare — Monticello has their community health and wellness specialist as a representative on both committees. Much work has been done since prioritizing dental care in the 2019 community health needs assessment and implementation plan. In addition to attending monthly meetings for these local committees, CentraCare — Monticello’s representative also attends the St. Cloud area dental access work group in an effort to share Wright County’s successes and programs and to work collaboratively to identify additional resources in greater central Minnesota.

CentraCare — Monticello Foundation approved a grant request for \$20,000 to be donated to Community Dental Care, the new clinic’s service provider, to offer dental care grants for those community patients that have limited or no resources to pay for their dental services. The great news of this clinic was shared by the community health and wellness specialist at a Monticello Rotary meeting and with several community coalitions and advisory committees.

With a grant from Blue Cross Blue Shield, a Dental Innovations Coordinator was hired to serve the counties of Benton, Sherburne, Stearns, and Wright. CentraCare — Monticello works closely with the coordinator to supply dental resources and education to local schools, children’s dental service days in local schools, and resource information with CentraCare emergency department staff and patients.

Throughout CentraCare health system’s regional communities, additional dental resources are being offered. In collaboration with Children’s Dental Services, dental days are being held in St. Cloud at the Community Outpost (COP House) and connections are currently in place to increase access with CentraCare — Melrose in their region.

### **Goal: Support local prevention efforts and advocate for policy changes to address substance abuse in Wright County.**

CentraCare — Monticello and CentraCare’s Feeling Good MN initiative were strong advocates for the successful passing of the Tobacco 21 law that will ensure implementation, compliance, and enforcement of commercial tobacco sales for only those over 21 years old. A Letter of Support was submitted to Wright County to support local efforts.

Additionally, CentraCare — Monticello’s community health and wellness specialist is a member on Wright County’s Mentorship, Education, and Drug Awareness (MEADA) coalition, Sherburne County’s Substance Use Prevention (SUP) coalition and Big Lake School District’s Substance Prevention Coalition (BLSPC). Parent education and resource sharing are a large part of each coalition’s mission. CentraCare took part in a videotaped series on “Awkward Conversations” between parents and their children to promote connection and supportive dialogue. SUP resources on vaping were shared with local CentraCare clinics in Becker and Big Lake to bring awareness to the issue. Additionally, Detera Drug Deactivation kits from SUP were shared with CentraCare — Monticello’s surgery department to give another option for safe opioid medication disposal to post-operative patients.

CentraCare — Monticello’s President and Chief Medical Officer is a representative on Wright County’s Opioid Action Team and supports efforts locally. Our CentraCare — Monticello Social Services team supports patients and residents in accessing readiness for services, resources for substance use disorder treatment, partnering with Sobriety First (Monticello) and Northstar Regional Treatment (Otsego) for further programming and working with a peer support specialist to provide patients with a peer contact who is in recovery and will help guide them in their own recovery journey.

## **Wright County Public Health**

Wright County Public Health (WCPH) has initiated key activities and strategies to promote mental well-being throughout Wright County in partnerships with its community individuals and organizations. Below is a list of mental well-being accomplishments that Wright County Public Health was involved with from 2020–2022.

### **Mental well-being presentations**

WCPH administered and coordinated more than 12 mental well-being presentations to different audiences throughout Wright County such as schools, community centers, businesses, health staff and committees. Topics included suicide prevention, Purpose-Resiliency-Social Connection, and 8 Dimensions of Wellness.

### **Community movement to promote mental well-being**

Statewide Health Improvement Partnership (SHIP) staff at WCPH connected to help facilitate and bring strategic resources toward a system change in the Buffalo community. In response to our law enforcement, health care, and community leaders’ concerns, Buffalo Strong Collaborative, in collaboration with SHIP staff, has continued to exist as a community foundation dedicated to serving the mental health and wellness needs of Wright County.

Buffalo Strong Collaborative and SHIP staff have facilitated events, projects, classes and resources that have supported the mental well-being and connectedness of all Buffalo Citizens — starting with Buffalo Strong Day on February 9th, 2022.

The Buffalo Strong Collaborative community group continues to meet on exploring more initiatives to spread the mental well-being movement. The next steps for Buffalo Strong Collaborative are to continue the work toward sustainable mental health promotion strategies, promote activities and events, and help connect through a caring community.

## Wright County community mental well-being request of proposals

The Wright County Health and Human Services Department recognizes that trauma, injustice, health inequities and other systemic forces create persistent barriers to individual and community well-being. In addition, the COVID-19 pandemic, community unrest and social isolation have created increased stress in our communities. In response, multiple sectors (such as businesses, faith communities, health care and social services) are implementing innovative strategies to improve community well-being. With this request for proposals, Wright County Health and Human Services looked for ways to support efforts with funding for projects to support community well-being.

Wright County, Health and Human Services Department Public Health Division used Minnesota Department of Health (MDH) SHIP funding to support community well-being projects in Wright County. Wright County Health and Human Services evaluated these projects funded through this RFP to guide its future work to support community well-being. The purpose of this RFP was to identify qualified individuals and/or organizations to implement projects that work towards changing policies, systems, or environments to improve community mental well-being. A policy change may be at the local, organizational, or institutional level. A systems change is a change in the way things are “typically done.” An environmental change is a change in the physical or built environment. The goal of this approach was to go beyond a singular event to implement projects that provide ongoing support for communities.

The mental well-being accomplishments for 2021–2022 are only the start toward a movement to promote mental well-being, normalize mental health, and destigmatize mental health illness. The continuation and growth of partnerships throughout Wright County will help this movement grow in communities and sustain a purposeful wellness action.

## Substance abuse

Mentorship, Education and Drug Awareness (MEADA) membership has increased to 33 members since becoming a Drug-Free Communities (DFC) grant recipient in December 2020. The coalition continues to meet formally every other month, but now holds an informal workshop on the alternate month. The DFC grant is a five-year grant, \$125,000/year. It aims to expand coalition work and reduce youth substance use and requires a 12-sector representation. Included in those sectors is law enforcement, parents, youth, healthcare, schools and religious/fraternal organizations. Together, the coalition developed community logic models, used data and environmental scanning to identify baseline community problems, root causes and local conditions. With these, MEADA has increased its collaboration with other community organizations, expanded parent outreach efforts, and began several youth focus groups.

## Dental care

Partners recognized the timing may be right to build a local dental clinic and explored the possibility of it being housed in the new Wright County Government Center. A formal request was made to use state bonding money to help build the dental clinic. This request was included in the legislative bonding package in May/June of 2020 and, in October 2020, the state awarded the project \$1.4 million to be used for a dental clinic that would serve uninsured or underinsured patients at the new Wright County Government Center. Efforts are ongoing to raise remaining funds and a video was made highlight the project, [Wright Smiles for Central Minnesota](#).

## ALLINA SYSTEMWIDE ACTIVITIES

The COVID-19 pandemic affected the scope and focus of work in 2020 and 2021 for all Allina Health hospitals and many activities were postponed or cancelled. While the pandemic hurt all communities, it did not do so equally. It is clear the disproportionate impact of COVID-19 on communities of color has been compounded by systemic inequities and the ongoing experiences of racial and community trauma. Many of the activities below reflect a focus on recovering from the effects brought forth in 2020 and 2021, along with a renewed commitment to reduce health disparities for every person in our community.

In addition to the local Buffalo Hospital activities described above, Allina Health provided each of its hospitals with resources to address mental health and wellness, physical activity and active living and social determinants of health through the following activities:

### Community health improvement programs

Allina Health's community health improvement programs offer free online resources to support community health and wellness at any stage of life.

#### Change to Chill

[Change to Chill](#)™ (CTC) supports teen mental health by partnering with schools and offering free online stress reduction tips, life balance techniques and health education services.

In 2020, COVID-19 provoked fear, stress and anxiety, with a large effect on youth and their mental wellness. The number of people visiting the Change to Chill website nearly doubled from approximately 25,000 to more than 58,000 people visiting the website that year. The program pivoted to meet the changing needs of community by offering a [virtual care package](#) for families to help them address mental health together. Change to Chill also transformed in-person trainings to virtual well-being classes for all, including more than 30 community presentations and trainings for school and staff. Change to Chill also began offering new online resources such as tools to help students sort out complicated feelings and [cope with grief, loss and change](#) and practice [healthy communication](#) during challenging times.

Additionally, in 2020 and 2021, Change to Chill partnered with Hennepin County Public Health to create and provide content on identity, discrimination and mental health. This work focused on providing culturally specific mental well-being resources for youth most impacted by COVID-19 including Black, Indigenous, Latine, and Lesbian, Gay, Bisexual, Transgender and/or Queer youth and their parents. We continued to build on these efforts in 2021 and launched Change to Chill in Spanish, which more than 2,000 people accessed in the first year. More resources tailored to the mental well-being of these youth and content on “Stress and Identity” will be launched in 2022. To support a culture of well-being in local schools, the program has included the Change to Chill School Partnership (CTCSP) since 2018. Components of CTCSP include staff training on Change to Chill, a paid student internship and funding for a “Chill Zone” — a designated space in the school for students and staff to practice self-care. Evaluations of CTCSP have shown increases in confidence in ability to cope with stress among students who participate in program components. CTCSP has also received positive feedback from school staff regarding the highly effective nature of Chill Zones. From 2020–2022 Allina Health has partnered with 60 schools to deliver the program. Buffalo Hospital specifically supported five schools via continued partnership with Buffalo Middle School and Buffalo, Maple Lake, Monticello, and Rockford High Schools. Buffalo also supported two new partnerships with Dassel Cokato Middle and High Schools. In total, these efforts reached approximately 6,882 students and 110 school staff completed a training with the program.

**Students are entering and using the [Chill Zone] to take a break in order to return to class with a better mindset.**

–School staff person

## Health Powered Kids

[Health Powered Kids™](#), launched in 2012, is a free community education program featuring 60+ lessons and activities designed to empower children ages three to 14 years to make healthier choices about eating, exercise, keeping clean and managing stress. More than 100,000 people visit the Health Powered Kids website each year. In a 2021 survey, 84 percent of people “agreed” or “strongly agreed” the program increased their knowledge of youth and/or adolescent health and wellness, and 87 percent “agreed” or “strongly agreed” it increased knowledge of health and wellness among the young people using the program.

## Hello4Health

[Hello4Health™](#) is a new online resource created in response to the 2019 CHNA which identified social isolation as a factor contributing to poor mental wellness among adults across all geographies. Allina Health developed the program in 2020 and launched it in April 2021 with a focus on older adults. Components include education on the importance of social connections to health, suggested activities and skill-building tools for connecting with others. Because older adults and people with disabilities disproportionately experience feelings of social isolation, we partnered with Accessible 360 to take steps to enhance the accessibility of the website and conform to Web Content Accessibility Guidelines (WCAG) 2.0, Level AA guidelines. In 2021, 9,488 people living in Minnesota or Wisconsin visited the Hello4Health website. In 2022, Allina Health began to refer patients who self-identify as lonely or socially isolated to the website.

## Be the Change

Be the Change was a campaign to eliminate stigma around mental health and addiction conditions at Allina Health and ensure all patients receive the same consistent, exceptional care. At the campaign’s launch, 500 Allina Health employees volunteered to lead the effort. They became trained Be the Change Champions and helped educate and generate awareness among their colleagues about mental health and addiction conditions through presentations and education events. In 2020, Be the Change transitioned from a campaign to an Employee Resource Group (ERG). The purpose of this group is to create an inclusive, welcoming and supportive environment for people living with disabilities, mental health conditions and/or addiction and continue to work to eliminate stigma around mental health, addiction and disability conditions. In 2021, 129 individuals participated in the ERG. Key activities included: providing \$1,250 (\$416/each) in charitable contributions to three organizations: Survivor Resources, Division of Indian Work and the Disability Law Center; hosting quarterly member meetings with guest speakers; and hosting or co-hosting eight events to promote stigma reduction across the entire organization.

## Healthy Food Initiative

To address food insecurity, Allina Health launched a healthy food initiative in 2017 to ensure all people in its communities have access to healthy, fresh and affordable food. Through charitable contributions, Allina Health contributed \$220,000 to healthy eating initiatives across its service area in 2020 and 2021, including \$15,500 in the Buffalo region. Allina Health launched a partnership with the non-profit organization, Every Meal to connect patients with crisis food support. Through this partnership, Allina primary care clinics can provide free bags of 4-5 pounds of nutritious, non-perishable food to patients who identify as food insecure. These meal bags are tailored for a variety of dietary preferences including East African, Latine and Southeast Asian preferences.

**[My navigator] helped me a lot. [Working with them] made me aware, when we run out of food, and we don't have anything, I have access to resources that I didn't know I had access to.**

–Allina Health patient

## Accountable Health Communities model and Health Related Social Needs Program

Because social conditions such as food and housing inhibit access to care and contribute to chronic disease, in 2018 Allina Health implemented the Accountable Health Communities (AHC) model through a cooperative agreement with the Centers for Medicare & Medicaid Services. In this model, care teams in 78 Allina Health sites screened patients with Medicare and/or Medicaid insurance for five health-related social needs: housing instability; food insecurity; transportation barriers; difficulty paying for heat, electricity or other utilities; and concerns about interpersonal violence. When patients identified needs, the care team provided a list of community resources. Some high-risk patients received assistance navigating to these resources.

From June 2018 through January 2022, more than 166,000 patients completed an AHC screening with 28 percent identifying at least one need (Wright County: 31 percent). The most frequently identified needs were food insecurity and housing instability. Patients with needs were more likely to be female; report a race of Black/African American, Multi-racial, or Native American/Alaska Native; report Hispanic ethnicity; and be younger than those without needs. Patients who use both Medicare and Medicaid insurance (“dual-eligible”) were the most likely to report a need (46 percent) while those with only Medicare were least likely to report a need (14 percent). Every county demonstrated racial and ethnic disparities in need rates. In Wright County specifically, 37 percent of equity patients identified a need compared to 30 percent in the comparison population. Allina Health defines its equity population as any patient who does not identify as white, non-Hispanic, U.S.-born, or note English as their preferred language (i.e., the “comparison population”).

The AHC Cooperative Agreement ended in April 2022. At the end of 2021, Allina Health began developing an Allina Health-specific model for screening and addressing health-related social needs, the Health-Related Social Needs (HRSN) Program. In the first six months of implementing the HRSN Program, more than 85,000 patients were screened, 16 percent of whom identified a need. Additionally, more than 4,500 patients with need requested and received assistance navigating to these resources.

## COVID-19 vaccine clinics

To promote equitable health care access, Allina Health partnered with community organizations from February through July 2021 to host free COVID-19 vaccine clinics. The clinics were located in and aimed at serving communities who have been disproportionately impacted by COVID-19 and have historically experienced health disparities. Allina Health invested nearly \$350,000 in clinical staff time, changes to infrastructure, supplies and other expenses to offer these clinics. Additionally, nearly 300 of our dedicated employees and friends volunteered more than 1,000 hours of their time over the five-month period to serve in non-clinical roles like greeting individuals upon arrival, guiding individuals through the vaccine clinic and other activities. Through these COVID-19 vaccine clinics, Allina Health was able to vaccinate more than 4,400 people. Non-white and non-English speaking patients were well-represented. For example, the percentage of event attendees who identified as Hispanic/Latine was double that of the total eligible community population (8 vs. 4 percent). Similarly, 81 percent more Asian residents and 32 percent more Black residents attended than make up the total eligible community population (6 percent and 9 percent of attendees, respectively). Patients underutilizing healthcare were particularly well represented, with 49 percent of attendees having no eligible healthcare visits in the two years before their first community event vaccination.

## **Impact Investment Portfolio and supplier diversity investments**

In 2021, Allina Health allocated \$30 million to create and fund the Allina Health Impact Portfolio, aimed at supporting local economic development opportunities. In the first year, \$2 million of the portfolio was invested and the remaining funds are expected to be invested over a three-year period. Additionally, Allina Health spent more than \$18 million in supplier diversity investments. By providing capital through investments to local organizations, Allina Health is able to improve the health of our communities, while ensuring investments are equitable and aligned to our guiding principles and values.

# 2021–2022 CHNA process and timeline

---

To respond to local needs and resources, WCCHC conducted a joint community health needs assessment, which occurred in three steps: data review and prioritization, community input and the development of a three-year implementation plan which includes both individual and collaborative activities. The impact of these efforts will be tracked and evaluated over the three-year cycle.

WCCHC serves community that is culturally, racially and socio-economically diverse. We know systemic inequity and structural racism have led to variation in community health status based on factors such as race, ethnicity, income, gender, current ability and more. To advance and improve health for all, WCCHC member organizations prioritize investments in local populations facing the greatest need. To support these efforts, in 2022 WCCHC prioritized communities in addition to health topics.

Each CHNA builds on the learnings and changes from the previous cycle. The 2020–2022 CHNA priorities adopted by WCCHC were mental health and wellness, dental care and substance use and abuse. These priorities are large and based on social determinants of health and ongoing experiences of community trauma. They require long-term effort to see significant, measurable improvement. Additionally, all these priorities were significantly exacerbated by the coronavirus pandemic, which emerged in 2020.

As a result, the goals of the 2022 CHNA were to:

- Confirm identified priorities remain relevant and significant to communities.
- Refine our understanding of these priorities, in particular how the coronavirus pandemic, civil unrest and increased attention on systemic inequity change our understanding of these topics or approach to addressing them.
- Identify new or emerging community needs that may not be addressed through existing work.

To efficiently conduct the CHNA and reduce community burden, WCCHC integrated its CHNA process into existing assessment and community input processes. WCCHC members provide services in a community in which government agencies, institutions and community-based organizations independently and collectively address pressing issues affecting communities. WCCHC member organizations' staff are engaged in ongoing learning and dialogue with community and multiple community-based coalitions that conduct processes similar to the CHNA. Staff augmented these collective activities with their own data review and prioritization sessions, key informant interviews, and focus groups to ensure it captured multiple voices from the community.

All governing bodies of the WCCHC member organizations received and approved the implementation plan.

# 2021–2022 WCCHC CHNA timeline

TIMING	STEPS
March–July 2021	<b>INITIAL PLANNING</b> Local WCCHC members meet to develop local 2022 CHNA plans, including expected CHNA teams and support and data needs.
July–September 2021	<b>ESTABLISH PLANNING TEAMS and COLLECT DATA</b> Staff establish initial assessment plans, identify stakeholder groups and share results from current implementation strategy, as appropriate
October 2021–January 2022	<b>LOCAL WRIGHT COUNTY SURVEY IS DEPLOYED</b>
January–February 2022	<b>DRAFT CHNA PRIORITIES</b> Group reviews the process and previous cycle priorities and collective impact work to summarize themes. <b>DESIGN COMMUNITY INPUT</b> Identify specific methods and audiences for community input on strategies, including process and questions/topics.
April–May 2022	<b>CHNA DATA REVIEW AND COMMUNITY FEEDBACK</b> Conduct community input sessions to solicit action and implementation ideas related to priority areas identified in the data review and prioritization process and summarize information from each process.
June–October 2022	<b>REPORT WRITING</b> Present plans to local boards/committees/leaders for approval. Coordinate WCCHC report writing and share results and action plans with key stakeholders.
August–December 2022	<b>SEEK FINAL APPROVAL</b> Present for final approval to CentraCare Board of Directors in August and the Allina Health Board of Directors in December.

# Data review and issue prioritization

---

WCCHC staff reviewed select Allina Health and CentraCare medical records data and local public health survey data provided by Wright County Public Health staff.

For medical records data, the indicators were chosen based on priorities defined by the Center for Community Health, and equity priorities. Where possible, the data was disaggregated by race and ethnicity to better understand opportunities to increase health equity in the community and among the patients seen at Allina Health and CentraCare facilities. Examples of indicators reviewed include, but are not limited to:

- Volume of Allina Health EMS ambulance runs by cities served in Wright County
- Patient and public health data by county of residence (Wright): demographic data (including race, ethnicity, language, age and insurance type), health-related social needs and select conditions
- Top three reasons for emergency room visits and suicide and self-inflicted injury encounters in the emergency department
- Tobacco use among adults and youth
- Rates of overweight and obesity
- Colorectal cancer screening rates
- Market analysis of how demand for mental health and addiction services will change

Secondary state and local data resources available for Wright County were also reviewed such as the 2019 Minnesota Student Survey, Minnesota Housing Partnership (MHP) County Housing Profiles and the 211 dashboard. In total, data included more than ten indicators related to demographics, social and economic factors, health behaviors, prevalence of health conditions and health care access.

## 2021 Community Health Survey Background

In addition to the indicators above, in October 2021 a community health survey was mailed out to 8,000 random adults across Wright County. The survey is done in partnership with Buffalo Hospital, CentraCare — Monticello, Wright County Community Action and Wright County Public Health. The first mailed survey focused on residents' health began in 2012 and we have conducted a mailed survey since every three years. Having a variety of health indicators representing our local population helps health professionals better understand the health of our residents and communities. Survey results were reviewed and a comparative analysis inclusive of the two survey cycles was completed. Below is an example of how residents' behaviors and attitudes have changed over the years:

- Smoking has decreased over time. The percent adult smokers dropped from 11.5 percent in 2015 to 7.8 percent in 2021.
- 53.6 percent of adults reported having at least one 'not good' mental health day in the past 30 days in 2021 (35.6 percent in 2015 and 32.8 percent in 2018).
- More adults are seeking mental health care when needed (17.9 percent delayed seeking care in 2021 versus 23.7 percent in 2018).
- 41 percent of adults have reported texting and driving sometimes and/or often in 2021 (43 percent in 2015 and 42 percent in 2018).

Key 2021 survey results are presented on the next page.

# 2021 COMMUNITY HEALTH SURVEY RESULTS

## 2021 - Top 5 Issues in Wright County – Adults Opinion – Moderate or serious issue

1. Distracted driving	73%
2. Obesity	72%
3. Other mental health issues such as anxiety, panic attacks, memory loss, Alzheimer’s, or another form of dementia, etc.	59%
4. Use of e-cigarettes/vaping of nicotine products	58%
5. Depression among adults	57%

## “Foregone Care” during past 12 months

Medical Care	<b>25% delayed or did not get needed Medical Care</b> <i>Most common reason: Not serious enough (44%)</i>
Dental Care	<b>18% delayed or did not get needed Dental Care</b> <i>Most common reason: Cost too much (42%)</i>
Mental Health Care	<b>15% delayed or did not get needed Mental Health Care</b> <i>Most common reason: Not serious enough (47%)</i>

## Top 5 Answers - Adults experiencing any loss related to COVID-19

1. Social connectedness	40%
2. None	36%
3. Recreation or entertainment	35%
4. Exercise opportunities	18%
5. Regular school routine	17%

## General Health Status and Behaviors

- 92% of adults reported their health as good/very good/excellent
- 8% of adults reported being smokers
- 60% of adults reported brushing their teeth each day during the last week for 2 times a day for 2 minutes.
- 71% of adults reported any alcohol use in the past 30 days
- 36% of adults reported any binge drinking in the past 30 days
- 29% recalled ever being told by a doctor that they had any mental health problem
- 54% reported at least one day of not good mental health in the past 30 days
- 15% of adults reported that they worried about food running out during the past 12 months
- 37% reported consuming 5 or more servings of fruits/vegetables day yesterday
- 26% reported 30 minutes or more of moderate exercise 5-7 days per week
- 65% of adults reported getting at least 7 hours of sleep on average each night

## Distracted Driving

Ranked as #1 issue for third survey in a row. Many adults continue to acknowledge they engage in distracting activities while driving (sometimes and often).

- 41% report reading or sending texts
- 76% report making or answering a phone call
- 41% report they do other activities such as eat, read, apply makeup or shave

## PRIORITIZATION PROCESS AND FINAL PRIORITIES

The review process included a formal prioritization tool known as the Hanlon method, which includes ranking health priorities based on three primary criteria: the size of the problem, including projection of future trends; the seriousness of the problem, including disparate health burdens within the population; and the effectiveness and feasibility of interventions on the part of health care.

Rather than embark on new priority areas and leave previously identified work unfinished, the Collaborative decided to do a “refresh” for 2023–2025 to allow work that had begun prior to COVID-19 to continue and a larger impact to be potentially gained. Through this process, WCCHC chose to continue to prioritize the areas identified in the 2019 CHNA for action:

- Mental Health and well-being
- Dental care
- Misuse of alcohol, tobacco and other substances

Although this was not the typical approach to a new CHNA cycle, the Collaborative felt certain that their communities would support this decision.

Based on the community demographics and the indicators and discussion described above, WCCHC prioritized the following communities/populations for 2023–2025 CHNA cycle:

- Individuals living with disabilities.
- Individuals and families living with financial constraints.
- Individuals who are underinsured or uninsured.

## NEEDS NOT ADDRESSED IN THE CHNA

WCCHC highlighted three health priorities that were been identified but weren't selected as 2023–2025 priorities. The 2021 community survey identified distracted driving and obesity as ongoing issues of importance. Resources are being invested to address the issue of distracted driving by a local coalition, Safe Communities of Wright County. Safe Communities has a large, cross-sectional group of partners across the county working to address traffic safety. Distracted driving has been an integral part of their education and prevention tactics. WCCHC will continue to support Safe Communities by attending board meetings and community events as applicable. Similarly, the state continues to provide communities with financial support through the Statewide Health Improvement Partnership to reduce obesity through policy, systems, and environmental changes. Since 2009, this framework has been in place to address community level problems that lead to our residents being overweight and obese. Data on adults' physical activity levels, healthy eating habits and obesity rates is gathered through our local survey.

Injury caused by falls were also an issue discussed by the collaborative. The issue of falls isn't necessarily new. However, during the data review process and discussions with community partners, WCCHC members recognized the continued increase in falls, the strain it is putting on emergency medical services and the opportunity to address this health issue in different ways. In reviewing the top reasons for 911 calls and transports, falls ranked number one. However, there are community partners and groups working to address the issue of falls and falls prevention. WCCHC plans to work together and with community partners, to identify possible solutions to reducing falls. That work will just not be specifically part of this implementation plan.

# Community input

---

Developing a healthy community does not just happen; it requires a conscious and careful approach. The model WCCHC has chosen to use is Mobilizing for Action through Planning and Partnership (MAPP); “this framework helps communities prioritize public health issues, identify resources for addressing them and take action to improve conditions that support healthy living. MAPP is generally led by one or more organizations and is completed with the input and participation of many organizations and the individuals who work, learn, live and play in the community” (NACCHO web site, MAPP Framework).

All organizations involved in the Wright County Community Health Collaborative have been working together since 2017 using the MAPP model. Our collective commitment is to each other and our communities as we venture on this health and well-being journey as a team. Our ability to engage and meet with community members during the pandemic affected our ability to have community conversations about all the possible priority health issues in our communities. WCCHC did continue to collect and analyze data, which helped inform group’s collaboratives approach. WCCHC understands that emerging issues may have surfaced in the last few years, while issues that have been there for some time became front and center due to the pandemic. Going into this process of assessment and planning the WCCHC felt strongly for the need of this cycle to be a refresh. Group’s collaborative strategy will be focused on recommitment to the priority issues previously identified and working together to continue engaging the community in the process.

As part of the overall assessment process, on April 11, 2022, WCCHC conducted a conversation with community partners to share data on specific topics and priority areas, facilitate small group discussion and gather input that would further define potential priority health issue strategies. Data was gathered from a variety of sources and shared with the large group before breaking into smaller groups. The collaborative core group members asked this question “What are the activities/interventions you would recommend we explore related to these priorities?” and facilitated discussion among the attendees. Using the feedback gathered from the community conversation, WCCHC worked to create strategies to drive successful improvement in each priority area.

Community partners who participated in the conversation represented various local organizations:

- Allina Health Clinics
- Buffalo Hanover Montrose School District
- Buffalo Hospital-part of Allina Health
- Buffalo Hospital Board of Directors
- CentraCare-Monticello
- Central MN Mental Health Center
- Community members
- Love, INC (transportation, transitional housing, life skills programs for people living in or near poverty)
- Monticello School District
- Safe Communities of Wright County
- Rivers of Hope (essential crisis and supportive services to individuals seeking safety from domestic violence)
- Timber Bay (mentorship, support and programming for youth at risk and/or living in or near poverty)
- The Salvation Army
- Wright County Area United Way
- Wright County Commissioner
- Wright County Community Action
- Wright County Court Services
- Wright County Health and Human Services
- Wright County Public Health Task Force
- Wright County Sheriff’s Office

In addition to the community conversations that were held with the larger community group, WCCHC also identified people living with a disability and those with a lower social-economic level as diverse populations in Wright County. This allowed us to do a deeper dive related to health needs for those dealing with these issues. On April 11, 2022, WCCHC held a focus group with staff, clients and guardians at Functional Industries, Inc. Functional Industries is an organization in Wright County that has been providing vocational services to people with barriers to employment. Their mission is to create and promote innovative opportunities that reveal the natural potential of each person they serve.

Wright County Community Action also provided valuable information about the number and level of individuals and families living at or below the poverty level in our region. This brought to light the challenges people faced and how this impacted health and health outcomes.

These conversations were a good way to listen to how the audience viewed health, healthcare, social determinants of health and access to these areas of their lives. The information gleaned will be useful to incorporate into this upcoming CHNA and our response to the identified needs with this information in mind.

## COMMUNITY INPUT RESULTS

After collecting feedback and conducting community conversations and dialogues, the collaborative shared the “refreshed” top three priorities with each organizations’ stakeholder groups. Each group consisted of key stakeholders, including senior leaders and managers. All four groups focused on defining why the health priorities are relevant to the population each organization serves, and how the population is affected by the gaps identified in the CHNA process. At each table, detailed discussions were led to answer questions on each of the current priorities.

The questions included:

- What are the activities and interventions you would recommend we explore related to these priorities?
- Who are we missing and need to hear from?
- How do we best connect to these communities/groups/partners?
- Which populations in Wright County are underserved for these needs?

### Community/stakeholder conversations’ results

The results of these discussions included the agreement with a doing a refresh on the current CHNA for 2023-2025. Key themes that came forth for the priority areas included:

#### Mental Health and Well-being:

- Help community members navigate to the existing resources and partners that are in our community when they are in need of these services.
- Partner with more preventative and upstream tools to help avert mental health crises.
- Promote programs and provide training around dealing with emotions, wrap around services, loneliness, community connections, suicide prevention, and healthy aging.

#### Dental Care:

- Education around preventative care, having a dental home, needs during pregnancy and the connection between nutrition and dental issues.

- Seeing dental access as part of routine medical care and how oral hygiene impacts overall health. Not using the emergency healthcare system for dental emergencies. Working with Primary Care Providers to partner in this work.
- Access for all. This includes those with disabilities, insurance or financial issues, language barriers and transportation constraints.

#### **Misuse of Alcohol, Tobacco and Other Substances:**

- Youth prevention work needed in Wright County.
- How to better support those in recovery with wrap around services.
- Include people of all age groups in addressing related issues.
- Participate in the upcoming county opioid grant work – which is unknown at this time.

## **ALLINA HEALTH SYSTEMWIDE COMMUNITY INPUT ACTIVITIES AND RESULTS**

In addition to the local community engagement activities described above, Allina Health systemwide staff solicited feedback applicable to all Allina Health regions. This feedback focused on groups with which Allina Health has unique expertise regarding community needs and included conversations with Allina Health staff as well as patients/clients.

Based on their unique roles supporting patients, interviews were conducted with Allina Health staff from the following groups:

- Community Paramedics
- Language Services/Interpretation
- Spiritual Care

Additionally, community engagement staff partnered with staff from Courage Kenny Rehabilitation Institute (CKRI) to conduct three virtual community dialogues: two with individuals living with a disability and one with caregivers of people with a disability. Care was taken to recruit diverse participants in terms of geographic location, type of disability, gender and cultural group. Caregivers included those supporting family members with a disability as well as those working professionally in residential facilities (e.g., group homes).

In total, 12 interviews and focus groups took place between March and May 2022 with 27 people. The conversations were facilitated by Allina Health representatives. Each discussion lasted 60-minutes. Participants were asked to share their vision for health in the community, clarify aspects of the priority health areas that are most important to address, and discuss opportunities for Allina Health to support community health. The conversations included topics such as health equity, access to services and care, culturally appropriate care, and many others.

Key questions Allina Health sought to answer through the discussions were as follows:

- What factors in the community most effect health?
- Are there new or emerging health priorities in your community?
- How have you seen factors such as race, ethnicity and language impact the health of the patients you serve?
- How do you see Allina Health making it easier or more comfortable for ALL patients to access healthcare?
- In your opinion, what are the most important things Allina Health can do to help achieve health equity?
- By 2025, what is your vision of health for the community/patients you serve?

## Community/stakeholder conversations' results

### Overall themes

Community conversations identified mental health, substance use and social determinants of health as the most important priorities to address, with specific focus on housing and transportation needs. In general, social connectedness/isolation remains a key concern across all communities, along with the need for access to community-specific care and support navigating complex care systems. The participants identified increased need for workforce education around stigma and diversifying clinical staff pool to be more representative of the communities served.

### Vision for health

Community conversation participants envisioned a community where there is no stigma attached to those with mental health concerns and substance use or seeking help for both. There is an increased awareness within the community regarding mental health conditions, use/misuse of substances and the resources available in the community. Participants also described a health care system that allows doctors to have stronger personal connections with their patients and that involves more discussion, holistic care and fewer prescription medications. They also imagined a community that has an adequate amount of providers that look like the communities they serve, availability of culturally appropriate care and diversity of clinical staff serving the patients. Participants shared a vision of a community where all people are treated equally with the respect for their cultural background, beliefs and values.

### Existing strengths

Participants identified strengths in their local community that are contributing to addressing health needs, such as existing coalitions and groups working on the social isolation, mental health and substance use priorities. Participants also felt there is strong presence in the community services to help address HRSN; however, service availability varies greatly based on geography. The greatest asset mentioned in the conversations was Allina Health staff, their compassion and resiliency.

### Allina Health's role and opportunities

Community conversation participants discussed ways Allina Health could help address the priority areas. Ideas included:

- Create better access to community-specific care and support navigating complex care systems.
- Create better access to culturally appropriate, language-specific care.
- Employ more multi-lingual, culturally and racially diverse providers and other clinical staff.
- Create and strengthen partnerships with culturally focused community organizations.
- Engage in community-healthcare partnership and integration work.
- Continue work on education and stigma reduction around disabilities, mental health conditions and substance use.

# 2023–2025 implementation plan

---

After the data review and community input phases, WCCHC’s final phase of the CHNA process was to develop an implementation plan that includes goals, strategies, activities and indicators of progress.

WCCHC first developed an implementation plan based on actions and activities that were not able to be completed in the earlier cycle due to restrictions and interruptions caused by COVID-19 pandemic. Then, following the community dialogues and focus groups, a core group of staff from the four organizations participating in the collaboration worked through email, phone, virtual and in-person meetings to review and discuss the learnings and to further revise goals, strategies and planned activities for the 2023–2025 implementation plan. The three priorities and their respective goals and strategies were then communicated to the Community Benefit Advisory Council, hospital boards and leadership groups in the participating organizations, as well as any other interested community members.

The following implementation plan is a three-year plan depicting the overall work that the collaborative will conduct to address the priority areas. Existing resources to address each issue are also listed to reduce duplication and identify possible partners. Detailed objectives including timelines and measures of success will be developed in detail by the workgroups that will convene over the course of the implementation period.

The members of the collaborative will commit to working as a group on at least one collective impact tactic for each identified priority over the course of the implementation period. Shared collective impact tactics will have measurable outcomes and involve mutually reinforcing activities with the backbone support of participating organizations. The collaborative is committed to continuous communication over the course of implementation period to implement collective impact tactics.

The collaborative will work to support current intervention efforts and prevent duplication while building new or strengthening existing relationships across the community. The collaborative believes our coordinated approach will have the greatest impact on addressing these priority health issues.

## PRIORITY 1: MENTAL HEALTH AND WELL-BEING

**Resources:** Many partners exist in the community that have expertise in and work to support mental health initiatives. These include the community mental health providers, health clinics, Bounce Back Project, Mental Health Advisory Council, Community Adult Mental Health Initiative, Central MN Mental Health, Change to Chill, Hello4Health and Buffalo Strong.

**Goal: Provide education on activities that protect mental wellness and build resilience and healthy coping skills.**

### MAPP Strategies

- Increase awareness of the importance of social connectedness to combat isolation and loneliness.
- Increase awareness of mental illness as a medical condition and decrease stigma related issues.
- Increase awareness of suicide related issues with a focus on suicide prevention.
- Share information about the mental well-being continuum presence in our communities (Ex: support systems, self-care resources, mental health therapy, and healthcare providers).

**\*Collective Impact Activity: Develop an awareness campaign to promote the suicide crisis line and other identified mental well-being resources for members of our communities**

## PRIORITY 2: DENTAL CARE

**Resources:** Currently, many partners exist in the community that have expertise in and work to support dental health initiatives. These include the many dental clinics in Wright County, Children’s Dental Service, Apple Tree Dental, Give Kids a Smile, the Dental Health Work Group—part of the Public Health Task Force, Community Dental Care clinic staff and the Wright County Dental Innovations Coordinator with a focus on dental health and related needs in our communities.

**Goal: Reduce the rate of dental care delay in Wright County.**

### MAPP Strategies

- Increase access to and utilization of dental care for all with the focus on underserved populations.
- Educate the community about the importance of regular dental care.

**\*Collective Impact Activity: Promote and provide resources to support the work and projects of the local Dental Innovations Coordinator and communicate the availability of Community Dental Care- Buffalo, as a resource intended for people in and around Wright County**

## PRIORITY 3: MISUSE OF ALCOHOL, TOBACCO AND OTHER SUBSTANCES

**Resources:** Currently, many partners exist in the community that have expertise in and work to support prevention of substance use and abuse, such as Mentorship Education and Drug Awareness (MEADA) Coalition of Wright County and the Drug Free Community coordinator and grant, Opioid Action Team, Drug Court, treatment, and recovery services.

**Goal: Support local prevention, treatment and recovery efforts and policy changes to address substance misuse and substance use disorders in Wright County.**

### MAPP Strategies

- Reduce stigma related to diagnosis and treatment of addictions and substance use disorders and the possible connection to mental health conditions.
- Offer education to increase awareness of opioid use and misuse.
- Share age-appropriate resources about the use and misuse of substances such as tobacco, vaping, alcohol, and other substances.

**\*Collective Impact Activities: Highlight local substance use treatment resources through various communication methods and partner to create awareness of services in our communities**

**\*Collective impact activities are done jointly with the Wright County Community Health Collaborative. Each member of the collaborative may have additional activities for each priority.**

## RESOURCE COMMITMENTS

Wright County Community Health Collaborative, through its member organizations, will commit resources during 2022–2025 to ensure effective implementation of its planned activities to meet the goals and objectives identified. Resources may include specific programs and services, charitable contributions and employee volunteerism offered by individual organizations and staff time devoted to advancing collective work.

Although each organization participating in the collaborative will commit to its' own set of tactics and activities (appropriately aligned with the mission and defined organizational purpose of each member of the collaborative), the group will collectively work on at least one common tactic/activity under each of three defined priorities and commit to measurable outcomes for those tactics at the end of the three-year implementation cycle. The group will meet in-person, via phone or web-based services on a regular basis (no less than monthly) to track progress, identify gaps and work towards successful resolution of the identified challenges.

## EVALUATION OF ACTIVITIES

Throughout the implementation phase, specific metrics will be tracked to document progress toward meeting goals and objectives and make adjustments to the implementation plan as needed. Specific evaluation plans will be established or continued for programs and initiatives as appropriate.

Monitoring of population-level metrics and system-wide metrics will also provide context for the health status of the communities Wright County Community Health Collaborative serves and the work of the collaborative group overall. Some of the evaluation sources include but are not limited to the Minnesota student survey, local Wright County survey (comparative data will be analyzed; the collaborative will strive to deploy new survey in 2024), treatment admissions, Electronic Medical Record (EMR) data, number of people reached through educational efforts and community presentations.

## INDIVIDUAL MEMBER PLANS

In addition to working on the collective impact strategies described above, the members of the collaborative will maintain organization-specific work plans and pursue health priorities and activities in addition to those described in the Wright County Community Health Collaborative implementation plan. [Wright County Public Health](#) and [CentraCare](#) plans will be housed on organizations' websites. Allina Health system-wide plan can be found [here](#). Additionally, the CentraCare systemwide plan and Wright County Public Health planned activities are described below. Allina Health system-wide performance indicators can be found in the appendix.

### CentraCare Central Minnesota System-wide Plan

In April 2018, the first meeting of the Central Minnesota Alliance was held. The members of this partnership include Benton County Human Services, Public Health; CentraCare; Sherburne County Health and Human Services, Public Health; and Stearns County Human Services, Public Health Division. These relationships have been building over time and as a result, a more formal structure of this partnership in community planning was developed. The group collectively decided to use the Mobilizing for Action through Planning and Partnerships (MAPP) process and to follow the hospital IRS requirement of a three-year timeframe for each CHNA cycle. The MAPP framework was utilized for the 2019–2022 CHIP.

In February 2021, the National Association of County and City Health Officials (NACCHO) announced a MAPP Evolution. This revised MAPP framework encompassed key focus areas where CMA members also wanted to explore: Equity, Community Power, Inclusion, Trusted Relationships, Strategic Collaboration and Alignment, Data and Community Informed Action, Full Spectrum Actions, improved flexibility, and the move to practice continuous improvement with a living improvement planning document. Despite a lack of tools for this new MAPP Revision, the CMA Partners agreed to utilize the existing community health improvement infrastructure and move forward with the guidance that was available. Three assessments were conducted to complete the CHNA: Community Status, Community Context, and Community Partners. All four CMA member agencies had staff involved in each of the assessment committees. The structure of the partnership involves layers of groups of people from each agency with differing levels of involvement.

Every three years, CentraCare is required to complete a CHNA and develop a Community Health Improvement Plan to address identified needs. At the same time, all Local Public Health Agencies in Minnesota are required to complete this same type of assessment and improvement plan every five years. Effective July 1, 2019, Local Public Health will align with CentraCare and complete this work, as a region, every three years.

This essential collaboration between hospitals and public health is important to address population health needs and to decrease the duplicative nature of these two separate assessment and planning requirements. Therefore, this document serves as the CHNA and Community Health Improvement Plan for CentraCare and serves as the Community Health Assessment and Community Health Implementation Plan for Benton, Sherburne, and Stearns Counties.

Furthermore, this work has not been conducted in isolation but in collaboration with the community. There have been and will continue to be opportunities for input into the process, the product, and future needs and changes to the document.

## Central MN Alliance Continuing Community Priorities

Priority		Examples
1	Building Families	Individual/family intervention Child well-being Parenting skills
2	Mental Health	Awareness Access Well-being Addiction
3	Encouraging Social Connection	Across the age spectrum Building social connections Community intervention
4	Adverse Childhood Experiences (ACEs)	Awareness Cultural Preventative measures Leading to chronic disease
5	Tobacco/Nicotine Use	E-cigarettes Addiction
6	Health Care	Access Cost
7	Risky Youth Behavior	Education Trafficking Mental Health Homelessness Alcohol, tobacco, and other drugs Physical health Safety
8	Financial Stress	Living wage Unemployment Affordable living
9	Trauma	Across the lifespan
10	Educating Policy Makers and Key Community Stakeholders	Educating on emerging issues in the community

## Wright County Public Health Activities

Wright County Public Health is a division of Wright County Health and Human Services. There are 17 Departments that provide unique and different services to our residents. Wright County has five county commissioners who are elected officials and with their decision making sets the course for our local government entity to serve the public. As part of the county government structure, we want to acknowledge the resources, support, and relationships we have with county departments.

One important way the county works together with the community is to serve on several committees (Safe Schools), coalitions (MEADA and Safe Communities) and advisory boards (Emergency Medical Services).

As the county continues to grow and change, we will do our best to adapt to serve residents to the best of our ability. We encourage residents to join us as we work with our internal and external partners to continue improving where people live, learn, work and play.

# Conclusion

---

Wright County Community Health Collaborative will work diligently to address the identified needs prioritized in this process by taking action on the goals and objectives outlined in this plan. For questions about this plan or implementation progress, please contact a member of the CHNA core steering team:

# Acknowledgements

---

Wright County Community Health Collaborative would like to thank many partners who made this assessment and plan possible:

- Individual community members who offered their time and valuable insights;
- Partner organizations that met to review and prioritize data and develop implementation plans and the individuals who contributed their expertise and experience to ensure a thorough and effective outcome;
- Member organization’s staff who provided knowledge, skills and leadership to bring the assessment and plan to fruition;
- Members of the CHNA steering team, representing the two hospitals, public health department and community action organization all serving the population of Wright County.

# Appendix: Allina Health systemwide performance indicators

Health Priority	CHNA Goals	Example progress indicators	Example program-specific, intermediate outcomes
<b>Mental health and wellness</b>	Increase resilience and healthy coping skills.	<ul style="list-style-type: none"> <li>Progress on workplan to implement process for providers to introduce patients to community health programs.</li> <li>Number of middle and high schools with a Chill Zone</li> <li>Participant satisfaction with community health programming</li> </ul>	<ul style="list-style-type: none"> <li>Increase in coping self-efficacy among youth exposed to CTC content</li> <li>Increased sense of social support among Hello4Health program participants</li> </ul>
	Increase access to mental health services across the Allina Health services area.	<ul style="list-style-type: none"> <li>Changes to Allina Health, state and local policies aimed at improving access to mental health and substance use services successfully implemented</li> </ul>	<ul style="list-style-type: none"> <li>Improved access to mental health services amongst Allina Health patients (specific indicator TBD)</li> </ul>
<b>Substance abuse prevention and recovery</b>	Decrease substance misuse in the communities served by Allina Health.	<ul style="list-style-type: none"> <li>Number of people reached via CTC, HPK and/or Hello4Health substance use content</li> </ul>	<ul style="list-style-type: none"> <li>Increase in confidence discussing substance use with school-age youth among adults exposed to CTC and HPK content</li> </ul>
	Decrease harm and deaths related to substance misuse, with a focus on opioids.	<ul style="list-style-type: none"> <li>Pounds of prescription medication collected via Allina Health drug disposal boxes</li> <li>Changes to Allina Health, state and local policies aimed at decreasing access to opioids and/or improving access to substance use care successfully implemented</li> </ul>	<ul style="list-style-type: none"> <li>Improved access to addiction services amongst Allina Health patients (specific indicator TBD)</li> </ul>
<b>Social determinants of health and health-related social needs</b>	Improve access to community resources that provide food, housing, transportation and loneliness/social isolation support to Allina Health patients and communities.	<ul style="list-style-type: none"> <li>Number of patients served via tracked referral partnerships</li> <li>Qualitative feedback from key community partners</li> <li>Estimated resource saturation in CHNA counties</li> </ul>	<ul style="list-style-type: none"> <li>Reduced HRSN rate among Allina Health patients</li> </ul>
	Improve the long-term social, physical and economic conditions in the communities served by Allina Health.	<ul style="list-style-type: none"> <li>Percent Impact Portfolio dollars invested</li> </ul>
