

Executive Director Position Announcement

The Executive Director will lead an executive team that has extensive experience in program development. This individual must demonstrate the ability to assess the changing community and organizational needs, develop and oversee an entrepreneurial business model in a heavily regulated environment and develop high level community relationships and alliances that will support Wright County Community Action's strategic growth.

A BS Bachelor's Degree in Public or Business Administration, Non-Profit Management, Regional or Community Planning or a related Human Services field is preferred. A Master's Degree or CCAP (Certified Community Action Professional) will be a plus. The successful candidate would likely possess work experience that includes five or more years of demonstrated experience in leadership involving direct agency/program management, fiscal management, non-profit management or community/human services program development, operations and control.
